Teacher parking lot needs to be divided from the students. All teachers must have a parking tag on their cars to park in that area. Mr. Lopez has tied dividing the parking lot, but students are still parking in the teacher parking lot. All students that park must have a parking pass on their windows. Mrs. Ruiz will look into getting a quote on dividing the parking with a fence and include a pad lock. Visitor Parking Spaces should only be like 10.

Teachers and staff need to revisit the consistency of checking ID's, backpacks, and phones. Many people are getting a little comfortable and losing ground.

Teachers need to be celebrated. Every academy hall will recognize a teacher from the hallway and front office will recognize a paraprofessional. We can get a little something for them to recognize them and also post a picture of them in the hallway.

Thanksgiving- Culinary will be cooking for the staff for Thanksgiving

Holiday Party- Start looking at places. We need to include giving out prizes. Make sure the cost is low. Teachers are worried about the cost and so is the rest of the staff. Gifts like coffee maker, baskets, or gift card.
