SDMC- AGENDA
Minutes
October 8, 2021

A. Campus Enrollment

1. We are showing a deficit of 435 students. We will continue to enroll students so that our funding is not impacted. Any impact to campus funding will jeopardize academic programming and might warrant a reduction in force.

B. Schedule Change

1. In order to provide teachers with additional planning time to address student academic needs, we would like to increase ancillary time by 10 minutes. This will allow teachers time to accurately examine student data and plan effective lessons to fill academic gaps.

C. Staffing

1. We have one pending resignation. We will move a permanent associate teacher to provide coverage in the classroom.

D. Classroom/ Student Needs

1. Students need additional technology in the classroom to enhance instruction and to provide support to them as they prepare for STAAR 2.0 (22-23) Teachers also have failing equipment in their classrooms and I am proposing purchasing new technology for students and replacing smartboards for teachers.

E. Closing Remarks and Next Steps

Our next meeting will occur on January 7. We will look at our campus funding, staffing, and overall progress.
