 - Possibility of 15 kids in a classroom
 - Not enough virtual teachers: if not enough teachers apply for it, who will get assigned.

 - Teachers may get teammates students because they may have to teach virtual
 - Ancillary: how to manage either teachers traveling to the classroom or students doing the travel?
- Attendance
 - Attendance committee-ensure students are present for learning: teachers and staff will need to be constantly calling home for absent students. Getting students to either log in virtually or come to school will be particularly challenging.
- It was also shared by members about the many resources regarding HISD's Face to Face Re-opening Plan. Parents are encouraged to visit our many platforms with information and updates:  @JeffersonES2,  @Jeffersonelementaryhisd , <https://houstonisd.org/Domain/21593>.
