Virtual Learning Support

Topics

Returning to school, plans and share ideas

Ancillary Teachers support with overflow- It would be best if we could keep ancillary for our students when we return.

TA's support with Ancillary vs. small group instruction- Teachers would like specific TA's assigned to the grade level.

Virtual Teachers

How best used? Would like to have teachers for virtual and in person.

Would prefer not to do the hybrid model.

SIP Review and Vote

SIP was reviewed and approved

Distant Learning

Success

Teachers shared success with virtual learning. Students are getting more adept at using the variety of platforms.

Challenges

Teachers shared challenges. Biggest challenge is students who are not participating at all or very little.

Support needed

Counselors to help reach out to families. Students need devices from our school.
