

Northside High School SDMC Agenda

9/24/2020

1. Review and approve meeting minutes from previous meeting
2. Old Business
 - a. Membership
 - i. Elections
 - b. ID Badges
 - c. Morning Announcements during ADA period
3. New Business
 - a. Membership Updates
 - i. Elections

Mr. Bryant was nominated to become the SDMC co-chair, he accepted the nomination and was voted into the position.

Ms. Meacham will continue as secretary.

Ms. Garner was nominated to become the Northside committee liason, she accepted the nomination and was voted into the position.

- b. Expansion of safety committee
 - i. 50% teacher representation
 1. Core content teacher inclusion

There is no Northside reopening plan, the plan is the HISD Reopening protocol. The 6ft rule has now become the 3ft rule (or 2 -3 ft rule) for classrooms. Ms. Gonzales will look into the committee to check into how it is supposed to be established and the required make-up of the committee. Committee members are requesting a specific plan for NHS. Ms. Garner partnered with willing members will write our plan.

Ms. Gonzales clarification to meeting minutes: (Ms. Gonzales was not present at the beginning of the meeting). Northside does not have a re-opening plan however, it WILL have a re-opening plan before we return face to face. Read the HISD Reconnect Safely Return strong documents. The powerpoint by me is being finalized and Ms. Baccari (along with others) is working on a "one pager." Our district has set specific timelines and has created a detailed re-opening plan. Our safety committee is meeting on Monday. The safety committee does not have to be made up of 50% teachers- rules were mailed out to the SDMC. However, we are adding content teachers as they ask to be on it per SDMC's request.

- c. Safety Committee google form
 - i. A place for campus teachers and staff to submit concerns/requests on a rolling basis

- ii. Form posted in Google Drive for easy access
- iii. Form responses summarized/addressed at SDMC meeting

Approved

- d. Creation of an anonymous faculty survey regarding safety measures on campus
 - i. Requesting the form to be used by the SDMC and administration
 - ii. A teacher volunteer for form creation has been established
 - 1. SDMC committee members and admin would have full access to the document.

Keep the survey and the responses open for the entire staff to view. Do not limit it to just the SDMC committee and admin for viewing.

Ms. Gonzales clarification to meeting minutes: Anonymous google doc will not be responded to as everyone should have a voice and we have established a safe place for EVERYONE to ask questions. However google doc will be available for safety questions to the safety committee (I did not hear who will be creating the document).

- e. School Improvement Plan Vote
 - i. Approve SIP

Ms. Garner made a motion to approve the SIP, the motion received a second and was voted to approval.

- f. Plexiglass update
 - i. Installation location (Where is the district supposed to be installing plexiglass?)
 - 1. Where in the classroom?
 - 2. Where in the school building?

There will be a shield near the teacher desk and a shield for small groups.

- g. Meeting Dates

Next meeting scheduled for 10/14/2020
