Instructional Expectations

A combination of Synchronous and Asynchronous Instruction will be implemented daily

Synchronous Instruction

Within a 90 minute block, instruction will include the following:

- 15 minute mini-teach modeling the daily objective
- 15 minute small-group instruction: student should engage in 3-4 different but related activities that may include introduction, development of new content, practice/application, reading, review of fluency, or a progress check.

Asynchronous Instruction

Additional time is allocated for independent practice, small group, project-based learning, and interventions.

Additional Notes

Teachers are allocated at total of 450 minutes for planning every 2 weeks.

Monday will include a weekly PLC for teachers.

Additional time is allocated for small-group advisory, SEL activities, and synchronous boot-camp sessions with lead teachers for groups of students who are struggling within a given subject.

Attendance will be taken at 11am daily for ADA purposes.
