The district Magnet matrix uses a combination of the student's last year's core subject grade average and the higher score of either STAAR or national normed test if available from the previous year. Language English Proficiency (LEP) and Low Socioeconomic Status (SES) considerations for currently enrolled HISD students are also used on the matrix. The district qualifying matrix score is 80. Schools may lower the district recommended cut-off score but may not increase it. A random lottery will be conducted for programs that have more qualified Phase 1 applicants than space available.
