ÍTEM A.1.A

¿Cuál es nuestra inversión en CCMR? ¿Cuánto de esa cantidad es para asesores?

Hay asignaciones presupuestadas de \$15.9 millones para 2022-2023. Se gasta menos de \$1 millón en asesores en el fondo general. Alrededor de 5 millones son financiados por ESSER.

¿Cuánto recibimos en fondos de bonificación por resultados de CCMR? ¿Cuánto podríamos haber ganado?

Hemos presupuestado recibir \$5.7 millones en ingresos de CCMR. El máximo que podemos ganar varía según el año y según el tamaño y la composición demográfica de la clase que se gradúa. https://tea.texas.gov/sites/default/files/updated-ccmr-ob-one-pager-april-2022.pdf

¿Hemos evaluado dónde están nuestras brechas en términos de OBF?

Sí, nuestros datos indican la necesidad de aumentar el número de estudiantes atendidos mediante servicios de educación especial y cumplir con uno de los indicadores de CCMR para el financiamiento de bonificaciones por resultados de CCMR.

ITEM A.2

Quería ver por qué la prioridad fue para SEL y no para agregar recursos de tutoría académica de alta calidad o capacitación en función de la agenda. Los datos han demostrado que la tutoría presencial, en grupos pequeños e incluso virtual es el mejor impulsor del éxito estudiantil. *ACTUALIZADO 11/8/22*

HISD solicita al Congreso que apoye medidas de aumento del acceso a servicios sociales, emocionales y de salud mental para todos los estudiantes, tales como recursos de asesoramiento escolar. HISD está abordando la necesidad de apoyos adicionales de tutoría solicitando a la Legislatura de Texas que proporcione a los distritos escolares flexibilidad y fondos adicionales suficientes para implementar efectivamente HB 4545, que fue aprobado en la 87ª Sesión Legislativa.

ÍTEM A.2.B

¿Qué entendemos por seguridad escolar?

La seguridad escolar se define como las medidas tomadas con el fin de brindar un entorno de aprendizaje seguro para los estudiantes de HISD y un lugar de trabajo seguro para los empleados de HISD.

ÍTEM A.2.C

Las prioridades legislativas parecen ser muy generales. ¿Se desarrollarán mejor las prioridades antes de la presentación?? *ACTUALIZADO 11/8/22*

Las prioridades legislativas fueron formuladas de forma colaborativa por el Consejo Asesor Legislativo. Están redactadas de tal manera que permiten al distrito la flexibilidad de trabajar con múltiples legisladores para encontrar soluciones creativas a los desafíos del distrito.

¿Qué entendemos por seguridad escolar? ¿Hay algún impulso para mantener o aumentar la asignación básica?

La seguridad escolar se define como las medidas tomadas con el fin de brindar un entorno de aprendizaje seguro para los estudiantes de HISD y un lugar de trabajo seguro para los empleados de HISD. En la sección de Finanzas Escolares de las Prioridades Legislativas de Texas, HISD solicita al estado que "provea los recursos estatales necesarios, incluso el ajuste de la Asignación Básica para contrarrestar la inflación, para que los distritos escolares recluten, retengan y compensen a los maestros y al personal de apoyo".

ÍTEM B.1

¿Esta evaluación se realizará en sesión abierta o cerrada? Repito una pregunta anterior, ¿no debería haberse presentado este ítem de la agenda ante toda la Mesa Directiva antes de ser incluido como ítem en la agenda? ¿Tiene el asesor de la Mesa Directiva la autoridad para incluir ítems en la agenda sin la aprobación de la Mesa Directiva? *ACTUALIZADO 11/8/22*

Según el abogado de la Mesa Directiva: De acuerdo con la práctica anterior de la Mesa Directiva, la autoevaluación se discute en sesión cerrada cada trimestre en función de lo permitido por la Ley de Reuniones Abiertas de Texas y se aprueba en sesión abierta en una moción presentada por un miembro de la Mesa Directiva, y luego secundada, en sesión abierta en conformidad con las Reglas de Orden de Robert. La norma BE (Local) rige la autoridad del presidente de la Mesa Directiva para determinar en qué agenda de reunión incluir la autoevaluación al final de cada trimestre. El asesor de la Mesa Directiva facilita el proceso de autoevaluación; sin embargo, la autoevaluación es un proceso impulsado por la Mesa Directiva bajo el modelo de gobierno utilizado por la Mesa Directiva de HISD, *Lone Star Governance*.

Las horas reportadas, ¿son tiempo de trabajo más allá de la jornada laboral, o a estos empleados se les paga por completar las consultas de la Mesa Directiva durante las horas normales de trabajo? Si es así, ¿no sería esto cobrar doble al recibir un pago por horas normales y las horas de la Mesa Directiva al mismo tiempo?

Page Z

El rastreador de uso del personal informa el número de horas que los empleados dedican a actividades relacionadas con la Mesa Directiva. Informar las horas en el rastreador de uso del personal no requiere un pago adicional. Para el trabajo realizado para el distrito con cualquier propósito, a los empleados exentos se les paga un salario anual y a los empleados no exentos se les paga un salario por hora, más horas extras si corresponde. El rastreador de uso del personal muestra el costo solo en aras de la transparencia en cuanto al costo del personal que dedica tiempo a actividades relacionadas con la Mesa Directiva.

El informe tiene 180 horas registradas para personal de jardinería. ¿Están cortando césped debido a pedidos de la Mesa Directiva? Si es así, ¿no cambiarían el horario de otra escuela, lo cual generaría otro pedido de la Mesa Directiva? Actualmente hay conductores de autobús que están dispuestos a trabajar en jardinería. Podrían ser pagados como trabajadores prestados. ¿Están modificando el horario de los trabajadores cuando alguna preparatoria tiene sus propios cortadores de césped? No debería haber el mismo número de horas requeridas para las preparatorias cuando el césped ya está cortado.

El tiempo reflejado en el rastreador de uso del personal indica el número de horas de mano de obra para todo el personal involucrado en completar el trabajo de jardinería en la escuela preparatoria a la que se hace referencia en el pedido de la Mesa Directiva. Las horas se reportaron como tiempo dedicado a satisfacer la solicitud; sin embargo, el trabajo completado se considera mantenimiento rutinario de los terrenos y no impidió el servicio a ninguna otra escuela. En el futuro, se realizarán modificaciones en la forma en que se rastrean las horas de trabajo relacionadas con derivaciones de la Mesa Directiva que también se consideran rutinarias.

¿Por qué van a contratar un coordinador para Magnet? Generalmente, un empleado de la escuela asume esta función como parte de otra función. *** ACTUALIZADO 11/8/22***

Cada escuela que tiene un programa Magnet aprobado por el distrito recibe una asignación de fondos para un coordinador de Magnet. Los directores tienen la discreción de distribuir esos fondos entre más de un empleado o utilizarlos para una sola persona. Las expectativas para la persona o persona(s) identificada(s) para desempeñar las funciones de coordinador de Magnet son:

- Promover los programas de su escuela todo el año y asistir a las Ferias de Opciones Escolares
- Asegurar que se imparta la instrucción temática del programa y esté integrada en el currículo escolar
- Identificar apoyos para el currículo y oportunidades de aprendizaje basadas en proyectos
- Establecer relaciones colaborativas que beneficien a la escuela, el programa Magnet, los estudiantes y la comunidad
- Hacerse cargo de la codificación de los estudiantes del programa Magnet en HISD Connect
- Cerciorarse de que las solicitudes de admisión a su programa Magnet sean gestionadas en cumplimiento de los plazos y pautas establecidas por el distrito
- Integrar los 5 pilares Magnet en su programa Magnet. Estos son: diversidad, currículo innovador y desarrollo profesional, excelencia académica, liderazgo y asociaciones comunitarias

¿Por qué no se encuestó a los padres de estudiantes de primaria? *ACTUALIZADO 11/8/22*

La Oficina de Opciones Escolares está trabajando con el departamento de Investigación y Rendición de Cuentas y el departamento de Comunicaciones para proveer una encuesta de Opciones Escolares al público la semana del 7 de noviembre y hasta fin de mes. También habrá una reunión de grupo en noviembre para recopilar comentarios adicionales de la comunidad sobre las opciones escolares en el distrito. Esta información será resumida y presentada a los líderes del distrito en diciembre de 2022.

¿Cómo se alineará este plan Magnet con la necesidad de reducir nuestro déficit y mantener una alineación estratégica cuando se tomen decisiones para la reducción de escuelas o la reconstrucción? ¿Qué periodo de tiempo se ha previsto para lograr la funcionalidad total de los programas? *ACTUALIZADO 11/8/22*

Estamos a punto de completar una evaluación de la estrategia y los programas Magnet actuales. También se está desarrollando una evaluación y estrategia más amplia en el marco de nuestro trabajo actual de transformación del distrito que incluye la eficiencia fiscal y el uso y estado de las instalaciones. Estas evaluaciones integrales, así como los aportes y comentarios de la comunidad informarán las decisiones sobre los programas Magnet y otros en el futuro. Las escuelas propuestas en este ítem son el comienzo del trabajo de abordar el compromiso de remediar las zonas sin programas Magnet en el distrito. El cronograma de implementación para estas escuelas comenzó este ciclo escolar con planificación y marketing. Los padres podrán optar por estos programas Magnet durante el plazo de solicitud de Opciones Escolares de este año y los programas estarán funcionando completamente en el ciclo escolar 2022-23.

Veo que estamos añadiendo un Magnet de idiomas. ¿Hay algún plan para agregar un programa de Doble Vía en alguna de nuestras preparatorias? Tenemos muchas escuelas

primarias de Doble Vía, algunas escuelas secundarias de Doble Vía, pero ninguna escuela preparatoria de Doble Vía.

Estamos en un período de evaluación que incluye analizar nuestra eficiencia fiscal, el uso y las condiciones de las instalaciones y el rendimiento escolar. La consideración de nuevos programas ocurrirá a medida que este proceso continúe para garantizar que podamos apoyar y mantener adecuadamente los nuevos programas. Bellaire HS y Scarborough HS (si se aprueban) servirán como programas de idiomas a nivel de preparatoria en HISD.

¿Vamos a mantener todos los programas Magnet que tenemos actualmente? ¿Existe un sistema de evaluación para continuar o salir de los programas Magnet? ¿Cómo estamos evaluando el proceso para determinar la equidad de oportunidades?

Actualmente estamos conduciendo un examen exhaustivo de los programas Magnet de HISD. Varios factores determinarán si mantendremos la misma cartera de programas Magnet.

- Eficiencia fiscal
- Inscripción
- Evaluación Magnet
- Comentarios de los padres
- Desempeño de la escuela
- Uso o condición de las instalaciones
- Sistema de Great Schools

Todos estos factores están siendo considerados en nuestro trabajo de transformación del distrito. La suma de estos factores nos ayudará a determinar cómo avanzar para evaluar mejor la equidad, la oportunidad y la toma de decisiones sobre nuestra estrategia global de programas Magnet en HISD.

¿Cuántos estudiantes se prevé que participarán en la educación de secundaria? (pág. 27 del paquete)

Las escuelas no han hecho proyecciones sobre el número anticipado de estudiantes que reclutarán para los nuevos programas Magnet.

¿No hay asignación por estudiante o maestro Magnet para preparatoria?

Para coordinar y alinear mejor los recursos y los programas existentes, los tres temas Magnet nuevos seleccionados para cada preparatoria se basarán en las iniciativas o programas vigentes de Educación Vocacional y Técnica (STE).

Se otorgó una asignación Magnet a estas escuelas para financiar un coordinador Magnet y marketing. Los

fondos de CTE cubrirán el costo de los maestros y la programación.

El programa revisado de idiomas internacionales en Scarborough HS recibirá el apoyo predeterminado en función de la proporción de estudiantes por maestro de quinientos estudiantes por maestro. También recibirán \$20 por estudiante.

Según la propuesta, ¿los programas Magnet de preparatoria podrán ser exitosos?

Si bien hay varios factores que determinan el éxito de un programa Magnet, la coordinación y alineación de los nuevos programas Magnet con los programas CTE existentes proporcionan a los Magnet de preparatoria un punto de partida sólido.

ÍTEM F.1.B

Nuestro objetivo medible es aumentar el número de hispanohablantes que presentan el examen AP de español. Esto cumple un requisito para ellos y para la rendición de cuentas con la TEA, pero ¿cómo prepara esto mejor a un estudiante para los resultados reales?

Los hablantes nativos de español que presentan el examen AP de idioma español se benefician de varias maneras relacionadas con los resultados reales más allá de obtener un punto de CCMR:

• Los estudiantes que obtienen un puntaje calificado de tres o más obtienen créditos de preparatoria de Idioma Español III e Idioma Español IV y cumplen automáticamente con los requisitos de graduación de LOTE. Esto da cabida en la secuencia de cursos de cuatro años de preparatoria para otros cursos AP, incluso Literatura y Cultura en español AP un curso que actualmente solo se ofrece en 15 escuelas.

• Los estudiantes que obtienen un puntaje calificado de 3 o más obtendrán créditos universitarios para su título de asociado o licenciatura. Los créditos variarán según la institución y el puntaje del estudiante en

el examen. Para muchos estudiantes, particularmente aquellos que cursan una licenciatura en Artes donde un requisito de idioma extranjero es parte del plan de estudios básico, participar en el examen AP de idioma español puede ahorrar miles de dólares en gastos de colegiatura.

• Para un estudiante bilingüe emergente que puede no tener confianza para inscribirse en cursos avanzados, tener éxito en un examen AP y obtener créditos universitarios, particularmente desde el 9° o 10° grado, puede alentarlos a intentar otros cursos avanzados y ayudará a ese estudiante a visualizarse como alguien para quien la universidad es una opción de postsecundaria viable.

• Muchos estudiantes bilingües emergentes tienen doble bloque de cursos de ELA para apoyar su desarrollo del idioma inglés. Al completar su requisito de LOTE con el examen AP de idioma español, las probabilidades de rezagarse en su progreso hacia la graduación y la obtención de los créditos requeridos para su diploma de la preparatoria serán menores.

Además de estos beneficios tangibles para los estudiantes, también existe la oportunidad de utilizar la participación en el examen AP de idioma español para enmarcar el estatus multilingüe de estos estudiantes como un activo que les brinda acceso único a una oportunidad académica avanzada cuando frecuentemente para ellos tener el inglés como segundo idioma es un obstáculo para el éxito académico. Los consejeros, maestros y asesores pueden duplicar esta oportunidad alentando a los estudiantes a inscribirse posteriormente en el curso AP de Literatura y Cultura en español, donde los estudiantes tendrán la oportunidad única de estudiar aspectos de sus culturas nativas en su primer idioma en un entorno académico, y contar con experiencias de aprendizaje lingüísticas, culturales e históricas que en general están ausentes en el currículo de cualquier otro curso.

Esta iniciativa también apoya directamente el Objetivo 3 de la Mesa Directiva (estudiantes que obtienen un punto CCMR al final del 11º grado al obtener un puntaje de calificación en un examen AP) porque es uno de los pocos exámenes AP que se pueden ofrecer desde el 9º o 10º grado. Además, este examen históricamente ha tenido tasas de éxito muy altas para los estudiantes que obtienen un puntaje aprobatorio: en 2022, el 66.1% de los estudiantes de HISD que presentaron el examen AP de idioma español obtuvieron un puntaje de calificación de 3 o más.

¿Por qué hubo un aumento de exenciones este año?

Treinta escuelas contribuyeron al total de casi 200 exenciones adicionales solicitadas este año en comparación con el ciclo escolar 2021-22. El siguiente mapa ilustra que la mayoría de estas exenciones corresponden al sector oeste de HISD. Los círculos representan exenciones con la siguiente codificación:

- Cuanto más grande el círculo, mayor el número de exenciones de la escuela.
- El color representa el cambio desde el año pasado. El sombreado rojo indica más exenciones que

ACTUALIZADO 11/8/22

el año anterior. El **sombreado verde** indica menos exenciones que el año anterior. El sombreado amarillo indica que no hubo cambio. Cuanto más oscuro el sombreado rojo o verde, mayor fue el cambio. El número debajo de cada círculo indica el número de exenciones de ese año.

Hay una variedad de razones para los aumentos de exenciones, y cada razón es específica del contexto de una escuela en particular. A continuación, se destacan algunas de estas razones:

• El proceso de asignación de exenciones a menudo comienza con la imposición de un tope de cupos en una escuela (limitar la inscripción de nuevos estudiantes). Para algunas escuelas, se predetermina la posibilidad de imponer un tope, pero esto no se lleva a cabo hasta conocer el número de estudiantes que no se presentaron a clases. Las familias pueden inscribirse en la primavera y verano y el primer día de clases. No debe haber listas de espera ni pausas en la inscripción durante ese periodo. Las escuelas tienen tiempo

hasta la tarde del primer día para despejar del registro a los estudiantes que no se presentaron, lo que le da a la Oficina de las Escuelas un conteo preciso de la inscripción. Si en ese entonces se establece que la inscripción supera la capacidad de la escuela, se le designa como escuela sin cupo. En algunos casos, cuando la designación se dio el primer día de clases, la escuela ya había sobrepasado la capacidad de inscripción con clases que excedían la proporción de 22: 1. (Roberts, Emerson, Neff ECC, River Oaks)

• El aumento del número de refugiados en algunas zonas geográficas contribuyó al aumento de las exenciones. Las escuelas optaron por mantener a los estudiantes en sus comunidades en lugar de enviarlos a otra escuela donde podrían no contar con los mismos apoyos escolares o comunitarios.

• Las escuelas conocidas como "hub" aceptaron estudiantes de escuelas con exceso de matrícula y por tanto aumentaron su propia matrícula. En consecuencia, algunas escuelas "hub" también recibieron exenciones y fue preciso designar escuelas "hub" suplementarias.

• Algunas escuelas tenían vacantes que no pudieron cubrir. A raíz de eso, ciertas clases fueron combinadas, generando más solicitudes de exención.

• Muchas escuelas no alcanzaron las proyecciones, lo cual afecta los presupuestos escolares. Los directores optaron por aceptar más estudiantes en lugar de perder maestros o cerrar puestos críticos.

- También se concedieron exenciones para impedir la separación de hermanos.
- Se otorgaron exenciones a escuelas donde era necesario continuar brindando a los estudiantes ciertos programas (Doble Vía y bilingüe), especialmente cuando la escuela "hub" no ofrecía el mismo programa.
- Las decisiones de las escuelas sobre dotación de personal y financiación afectan el número de exenciones.
- El uso de las instalaciones y el espacio disponible contribuyen a las decisiones sobre exenciones.

A medida que se abordan los promedios... ¿cuál es el número máximo?

Para el informe de exención, el número máximo de estudiantes por aula de PK -G4 es 22, de ahí la necesidad de que la solicitud se envíe a la TEA para la aprobación de las aulas que excedan ese número.

Me preguntaba sobre la posibilidad de certificaciones en tapicería -autos, aviones, embarcaciones e interiores. La certificación requerida es razonable y los resultados comerciales son rápidos. Mattress Mack tiene una escuela de oficios y ofrece oportunidades de aprender tapicería. *ACTUALIZADO 11/8/22*

Actualmente no hay ninguna certificación industrial asociada con la tapicería o el diseño de interiores aprobada por la Agencia de Educación de Texas (TEA).

Programas CTE de las escuelas.... ¿cuál es el número de programas CTE por escuela preparatoria? ¿Hay alguna escuela que haya solicitado programas CTE adicionales para 2022-2023? ¿qué escuelas serían?

Anualmente, el departamento de CTE programa reuniones con todas las escuelas para revisar la programación vigente y los programas futuros para mejorar la oferta de CTE tanto desde la perspectiva de la escuela como del distrito. En las reuniones se tratan temas como la inscripción, la demanda del mercado laboral, el logro de certificaciones industriales, los apoyos necesarios, la alineación con las medidas de rendición de cuentas, los resultados de los estudiantes y el cumplimiento de las pautas distritales, estatales y federales. Las solicitudes se finalizan y aprueban en la primavera. Las modificaciones, como cambios de cursos en un programa de estudio y el comienzo de un período de retiro de un programa pueden tener lugar el siguiente año escolar. La adición de programas CTE requerirá un mínimo de dos años.

¿Se han hecho inspecciones de detección de agua "dura" en todas las escuelas? ¿Cuándo fue la última vez que se hicieron inspecciones en todas las escuelas? *ACTUALIZADO 11/8/22*

En las escuelas no incluidas en la lista anterior no se han hecho inspecciones. Los descalcificadores de agua se instalan en las cocinas de HISD cuando hay acumulación de minerales o escamas en calentadores de agua o vaporizadores. Una vez que se instala el descalcificador, el proveedor controla la dureza del agua mensualmente y agrega sal según sea necesario. El nivel aceptable es de 0-1 gramos. En estas escuelas se hicieron inspecciones por última vez en octubre de 2022.

Infraestructura en la nube y servicios relacionados – ¿Qué cantidad se aprobó en enero? ¿Por qué se necesita un aumento de más de \$2 millones en menos de 1 año?

ACTUALIZADO 11/8/22

El monto original aprobado en la reunión de la Mesa Directiva del 13 de enero de 2022 fue de \$ 1,500,000 con un plazo de 10 meses. Este ítem de enmienda solicita un aumento de \$750,000 NTE y una extensión del plazo de 5 meses más.

Servicios de Telehealth para estudiantes – ¿Cuántos sitios virtuales ofrece HISD? * ACTUALIZADO 11/8/22*

Como se trata de un proyecto nuevo, actualmente no hay sitios de HISD que ofrezcan este servicio a los estudiantes. La intención es ofrecerlo a todos los estudiantes gradualmente, comenzando con una serie de escuelas que estén preparadas para implementarlo, si cuentan con el espacio, los suministros y la conectividad adecuados, mientras ayudamos a aquellas donde falta algún componente a prepararse para cuando se lleve a cabo la próxima fase de implementación.

Tecnología para Educación Especial – ¿Por qué NO estamos usando fondos de ESSER para este ítem? * ACTUALIZADO 11/8/22*

Todas las fuentes de financiación están permitidas en el proyecto 19-02-05. El gasto aprobado se acerca a "no exceder" la cantidad, y es necesario un aumento para continuar brindando productos y servicios.

Persianas e instalación – ¿Dónde van a instalar estas persianas? Hay varias escuelas en el D9 que siguen sin persianas después de numerosas solicitudes. * ACTUALIZADO 11/8/22*

No hay una lista actual de escuelas que vayan a recibir el servicio; Sin embargo, la instalación y reparación de persianas es financiada por la escuela y el servicio se completa lo más rápido posible a pedido. Atención médica para niños. ¿El distrito ha proporcionado atención de la salud anteriormente? (El importe se basa en la consignación anual). ¿Es necesaria la cantidad solicitada ya que se requiere que cada escuela tenga un consejero y el rol del consejero se ha modificado para que complete el 80% de sus deberes con la salud mental y emocional de los estudiantes? ¿Hay un reembolso del gobierno por esta atención médica? (23-08-12)

Esta es la primera solicitud que el distrito ha emitido para servicios de TeleHealth. Los servicios que estarán disponibles a través de TeleHealth incluyen acceso a profesionales con licencia para servicios de salud física y mental. Nuestros consejeros escolares pueden proporcionar hasta seis sesiones de asesoramiento, dependiendo de la situación particular. Cuando los estudiantes deben ser derivados a servicios externos, a menudo no hay suficientes proveedores para satisfacer la demanda; además, a través de estos servicios minimizaremos el impacto en la asistencia, ya que los servicios se recibirán en la escuela y los padres o cuidadores pueden unirse a la sesión desde donde estén si lo desean. Este servicio permitirá atender la salud física y emocional de nuestros estudiantes cuyos padres les permitan recibir el servicio. Actualmente no hay reembolso del gobierno por este servicio.

(18-04-09). ¿Quién usa ablandador de agua y por qué razón?

Este proyecto permite realizar pruebas del agua en todas las cafeterías escolares para garantizar la durabilidad del equipo de cocina.

ÍTEM I.2

¿Se perdieron esta oportunidad los estudiantes? Este es un punto que debería haberse retirado de la agenda para votación oportuna. ***ACTUALIZADO 11/8/22***

No, todas las familias de HISD que asistieron a la Cumbre Multilingüe el 5 de noviembre recibirán los

pases familiares a más tardar el viernes 18 de noviembre. Estos pases son válidos hasta el 31 de enero de 2023. El departamento multilingüe entregará los pases a las escuelas de los estudiantes identificados cuyos padres se registraron para la cumbre y asistieron.

Las donaciones de HISDF a Yates indican solamente la discreción y el propósito previsto del director. ¿Cómo pueden ser ambas cosas posibles?

La Carta de Donación de la Fundación Houston ISD dice: "Si es necesario, para uniformes. No obstante, si ya no se requieren uniformes, estos fondos pueden ser relegados según sea necesario para financiar otros programas en la escuela a discreción del director".

El ÍTEM de la Mesa Directiva establece que: "Si los uniformes ya no son necesarios, los fondos donados pueden ser utilizados para otros programas a discreción del director".

El enunciado: "Esta donación solo se puede usar para el propósito previsto" se incluye después de cada donación para que todas las partes involucradas sepan que la donación solo se utilizará para el propósito previsto. En este caso, el director podrá usar los fondos a su discreción si no se necesitan uniformes.

ÍTEM K.1

Debe revisarse y discutirse con TODOS los representantes, antes de incluirlo en la agenda. Nuestro próximo retiro de la Mesa Directiva sería un buen momento para hacerlo.

El asesor de la Mesa Directiva quería más especificidad en los plazos, por lo que esta política se revisó únicamente para agregar meses a cada plazo. Por ejemplo, si el plazo del objetivo era "Primavera de 2024", se ha revisado para incluir un mes específico, como "junio de 2024".

ÍTEM K.4.A

Aprendizaje para el desarrollo y licencia política... ¿Se aborda esta eliminación en alguna otra política local?

Estas disposiciones no están siendo recomendadas o eliminadas de la Política DEC (LOCAL). Más bien, la recomendación es reordenar las disposiciones de esta política. El texto que se elimina de la página 16 se inserta en la página 9.

ÍTEM L.1.A

¿Por qué nuestro déficit es el doble del monto del déficit presupuestado?

La columna real refleja la diferencia entre los ingresos reales recaudados y los gastos reales al 30 de septiembre de 2022. Esto no refleja el déficit proyectado para fin de año.

NOVIEMBRE 2022

HOUSTON INDEPENDENT SCHOOL DISTRICT

Este informe es una buena presentación de por qué el distrito necesita tener suficiente saldo de fondos para cubrir los flujos de efectivo antes de que comencemos a recibir la mayor parte de nuestros ingresos a mediados de diciembre y enero de las recaudaciones de impuestos a la propiedad. El monto negativo significa que el distrito está utilizando \$360 millones de nuestros ahorros (saldo del fondo) al 30 de septiembre de 2022 para financiar la nómina del distrito y otros gastos.

New Accounting Standards

- All significant accounting policies disclosed in Note 1 to the financial statements.
- District adopted GASB Statement No. 87, Leases
 - The primary objective of this Statement is to establish a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset.
 - Under GASB 87, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities.
 - \$4 million of right-to-use assets and lease liabilities recorded as of July 1, 2021

Management's Estimates

- Management's estimates of the following were found to be reasonable based on our evaluation of key factors and assumptions used to develop the estimates:
 - Allowance for uncollectible receivables (Taxes, Other AR)
 - Foundation School Program revenue
- Estimates obtained from third party actuaries
 - Incurred but not reported claims for healthcare and workers' compensation claims
 - Proportionate share of the net pension liability
 - Proportionate share of the net OPEB liability
