Meeting was called to order at 3:20 p.m.

Principal Garrett welcomed everyone and thanked them for their participation, SDMC serves as an Advisory committee.

In attendance: Ms. Garrett, Ms. Hunt, Ms. Jones, Ms. Roberts-Brown, Ms. Wells, Ms. Hensley, and Ms. Jackson.

Standing Business

Attendance – 92.5% currently with a goal of 97%.

SIP – Applied this year, the Principal stated we are on track with our goals for this year. They are for: Health & Wellness, Performance Goals for Reading & Math, and in growth, which is occurring.

Safety & Security: After the Principal met with City of Houston representatives about La Branch traffic including representatives from HISD District D, HISD Police Dept., and Parks Houston, they discussed matters about:
- implications of having a bike lane or other factors affecting the traffic flow.
- we are establishing ‘No Parking’ signs in the next 2-3 weeks to lighten parked cars the first hour before school and the hour after school.
- Park Houston is continuing to actively work the area for parking enforcement.
- A study was done for additional stop signs and concluded it would not help traffic flow.

Principal Garrett opened the floor to discuss any other Safety & Security issues.
- Concern to have a monitor on the playground was brought up.
- Garret responded that we could increase monitoring at peak times, but teachers circulating and monitoring will be the best preventive measure.

Garrett requested feedback from the group on the Promotions Ceremony.
- Recommended was an A.M. ceremony and a P.M. Ceremony.
- Brown suggested a limit of only 2 parents invited to attend, only immediate family.

Garrett agreed with only two family members per child and to have 2 chairs ‘coupled’ and set up throughout the cafeteria if possible.
New Business

Interventions:
- Mock STAAR Assessments show only 2-4% short of our target in Reading, Math and Science.
- Garrett will work with teachers to target that 1-3 questions that are falling short and move those students up to the next level ready to achieve that shortage before STAAR testing.
- We currently have support in place for students: MacGregor Interventionist (Ms. Ferrell), Catapult, iEducate and MacGregor Tutorials are all still in place. The data shows significant growth and the students declare the goals they have and their enthusiasm to achieve them.

Data:

Next Year Planning:
- The District’s Open Transfer Period begins next week.
- A survey was sent out asking for professional development to address.
- The new Career Pathways is expanding with a few additional roles for support to teachers and staff interested in growth in leadership. There is a new position, via a Canvas liaison, supporting a transition from the Hub to Canvas.

Principal Garrett reminded the group she is always available for ideas or concerns.

Meeting was adjourned at 3:47 p.m.
