- Ways to get in touch with me:
 - Conference time: 2:00 – 2:55 pm
 - Email address
natasha.epperson@houstonisd.org
 - Phone number 281-368-2140
 - Remind 101 – for all parents: @prt22wb

West Briar Middle School

- Academic Expectations
 - Grizzlies must pass with a 70 or higher to receive the high school credit.
 - *I do strongly recommend we work on having a 75 or higher. 70 shows little to no mastery in the subject.*
 - Algebra and Geometry will take a midterm and final exam. This counts for a percentage of S1 and S2 cycle averages.

C1	C2	C3	Mid Term
30%	30%	30%	10%

C4	C5	C6	Final
30%	30%	30%	10%

West Briar Middle School

- Academic and social supports for students.
 - Tutorials are every other Wed from 4-5. I have a teams set up specifically for tutorials. Students can join the channel from 4-5 or come in person.
 - Additionally I have videos that I share on my website as well as in teams and the weekly news letter.

West Briar Middle School

- #GrizzlyValues
 - Integrity, Respect, Perseverance
 - I'm very big on my students ASKING for help if they need it. If the student doesn't ask for help, I can't always know if they need help. If you see your grizzly struggling and needing help, please let me know!

Integrity, Respect, Perseverance

Stay Involved

- Please check their math homework! Ask them what they are working on in math and if they are understanding it.
- Check HISD connect, ensure that they are not missing assignments.
- If the grizzly expresses issues with an assignment, it is their responsibility to let me know. I am happy to work with them on the topic during tutorials or via remind or email.

West Briar Middle School

- Patience, problem-solving, professionalism and flexibility.
- Please only contact me in one area. I personally prefer email. It's the best for keeping organized and responding. Please allow for 2 business days to respond.

STAAR

- Algebra students are also expected to receive high school credit to successfully pass the STAAR EOC. There is a STAAR evaluation in December, this is not the end of course STAAR. STAAR EOC will be held in May 2022. More information on STAAR can be obtained on the website <http://www.houstonisd.org/staar>.
- **It is important to note, Algebra staar IS a promotional staar, meaning they must pass in order to graduate high school.**
- Geometry Students will take 8th Grade Math State of Texas Assessments of Academic Readiness (STAAR) March 2022.
