

SDMC Minutes

April 22, 2021

- Programming for next year
 - Language programs
 - French: We are going up to 5th, last couple of weeks we have been meeting with teacher to see what that would like. We will be having 1 French classroom for 3rd-5th, we will not need to hire a new teacher. One teacher will be teaching French 3rd grader in the morning and 4th in the afternoon. 5th grade will be a self-contained class and will have English support in Science.
 - Spanish: We are building a Spanish language program. We have bilanguage 1st-3rd currently. In our Pre-K Round Up we ask what is the home language to see if we have enough with Spanish as the home language to open a dual language Spanish program. We will be meeting with teachers to see what they will look like if we start in Pre-K and Kinder.
 - Possible Expansion to 6th-8th. We sent a survey to see if families will be interested. We have had meeting with SSO and Area Chief. It will start not next year but possibly in 2022-2023.

- Budget
 - PUA remains the same
 - We talk to ancillary team to open a library/media specialist which will be 4 ancillary classes. That position will take over all Tech and Computer Lab.
 - Quote on Playground Cover
 - Around \$48,000 with be able to get covers for the big and small playgrounds.
 - Looking for French vendors
 - Looking for vendor since our usually vendor is no longer available that must be an approved vendor.
 - Ordering teacher supplies
 - Scholastic books, classrooms stuff.
 - Laptops for Classrooms
 - Have not been approved yet
