2020-2021 RESOURCE DIRECTORY FOR HARRIS COUNTY
Designed for Agencies Serving Youth & Families

This directory includes only the most commonly used nonprofit, United Way, church and
government resources available to the general public and is not intended to be complete.
Private, for profit services are sometimes included if there is a lack of nonprofits for that
service, or they offer some free or specialized program to the community. It is intended to be
an organized informational guide for professionals working with youth. Inclusion does not
denote endorsement or recommendation.

Directory information rapidly becomes outdated and a new directory is published annually. If
you find errors or have information on new resources, please feel free to contact us so that
we can stay as up-to-date as possible. For current information regarding state agencies, we
recommend you contact the agency.

Community Youth Services (CYS)

Administration:  6300 Chimney Rock  832-927-6300
Ginger Harper, Youth Services Division Administrator
Kristen Ballard, Program Director

Community Youth Services, a program of Harris County Protective Services for Children and Adults (HCPS), is a school-based crisis intervention, counseling, and case management service that provides practical assistance to families of children and youth who are experiencing problems. In partnership with the local schools/other governmental entities, the services of CYS are available to students in 14 Harris County school districts, as well as the Pasadena Police Department, and the Educational Services Division of the Harris County Juvenile Probation Department. All services of CYS are voluntary and provided at no cost to the family. In counseling youth and their families, CYS also searches among the many agencies throughout Harris County to locate and help clients obtain needed social services to resolve family problems. Truancy, runaway, pregnancy, drug, school, economic and family problems are appropriate referrals. When providing services, CYS will visit the family in their home or at the CYS offices on the school campus in the client's community. CYS can also serve as a liaison with other youth serving agencies of the county such as Juvenile Probation, Children's Protective Services and The Harris Center for Mental Health and IDD when youth and family have multi-agency involvement. To get help, simply telephone the Youth Service Specialist (YSS) for your school district or their supervisor during school hours.

The mission of CYS is to improve the lives of youth and their families through advocacy, education and personal empowerment.

TTC addresses issues that may contribute to excessive absences in school. Youth ages 10-17 that reside in Harris County are eligible. Classes are held at various locations throughout Harris County. To complete the program, youth and their parent(s) must attend a 4-hour class that is held on a Saturday. Contact 832-927-6448 for enrollment information.

Community Youth Development: This grant funded program is available to youth who live or attend school in zip codes 77081 (Gulfon) and 77506 (Pasadena). Free services include after-school, mentoring, youth advisory committee, self-esteem, tutoring, recreation, leadership, and life skills programs. Funded by TDFPS-PEI Division. For services in Pasadena, call 832-382-1628 and Gulfon call 832-526-3596.

TRIAD Mental Health: Harris Center therapists provide free office-based or in-home family therapy to youth identified with serious mental health issues. The program utilizes a family centered approach based on the needs of the family and provides a broad range of individual and family services starting with a CANS assessment.
Common Sense Parenting (CSP): CSP is a six-week parenting education program serving youth aged 10 to 17 and their parents. While parents are learning new parenting skills, youth are learning social skills in a separate group. The program is designed to provide parents with specific tools and techniques to reestablish their ability to determine rules and restore nurturance to the parent-child relationship. It also provides individual “coaching” to show each family how to use the skills in day-to-day interactions. This is a collaborative program involving JPD, The Harris Center, CYS, JP Court and TRIAD CYD Staff.

Youth and Family Resource Services: A centralized, coordinated project that provides screening, assessments, multi-disciplinary staff case staffings, case coordination, and referral services through a single point of entry to youth and families. The project mission is to link families with needed services in a way that is family-driven. The program includes the Harris County CRGG (Community Resource Coordination Group). Harris County CRGG is made up of representatives from child serving agencies in Harris County that come together to discuss difficult cases of youth whose complex needs cannot be met by one agency. CRGG attempts to develop a plan for coordinated use of community services to meet the child/family needs. To make a referral, contact Takoya Jackson at 832-927-6308.

Youth Services Division (YSD) Safety Net Project
John Magliolo, Safety Net Project Manager
Cherease Glasper, Safety Net Project Youth and Family Coordinator

The YSD Safety Net Project is designed to prevent initial runaway episodes by adolescents, and to successfully intervene in the lives of adolescents who do run away, in an effort to prevent youth homelessness. The Project’s goal is to successfully address and reduce family and school conflicts that a youth may be experiencing and to teach more effective strategies than running away. This goal is achieved through:

- 24-hour crisis counseling through the Harris County Youth Services Center (832-927-6300);
- Effective coordination of services with partnering agency staff; assistance with emergency shelter placements or other safe housing alternatives (subject to approval);
- The provision of contract services for free individual, family, and/or group Brief Solution Focused therapy; and
- The limited provision of financial assistance to obtain basic needs items.

Youth 10-17 years old who are: currently homeless; currently on runaway status and/or living in a voluntary placement away from one’s legal guardian(s); or who are at risk for running away or are contemplating running away in the future, are eligible to receive Project services. Any youth/young adult who contacts the Project, but who is deemed ineligible for Project services, will be provided with more appropriate referrals/services. The Safety Net Project is grounded in the Positive Youth Development Philosophy that promotes youth leadership and services through its youth board or council, which engages in various community projects and outreach activities geared toward youth ages 12 to 21. This philosophy suggests that the best way to prevent young people’s involvement in risky behavior is to help them to reach their full potential. This not only includes providing counseling and supportive services, but also youth development activities to build confidence and competence in young people in order for them to thrive and become productive citizens. To obtain more information about services, call the Safety Net Project Manager or the Safety Net Project Youth & Family Coordinator.

Guardianship (HCGP): The Harris County Guardianship Program is appointed as legal guardian for indigent adults who Harris County Probate Courts have determined are incapacitated due to age, mental and physical disabilities. Specially trained case managers help clients maintain the highest degree of dignity, respect and independence while protecting them from abuse, neglect, and exploitation. Case managers organize and oversee: medical care, daily needs (purchase of clothing, shoes, hygiene care, etc.), housing, property, finances and funerals. Guardianship services are often a long-term commitment and continue until the client improves to the point that they are fully capable of maintaining their own affairs, the court finds a successor guardian (such as family or friends), or the client passes away.

Senior Justice Assessment Center (SJAC): The Senior Justice Assessment Center serves the complex and unique needs of senior victims of abuse, neglect, and/or exploitation. SJAC collaborates with experts in geriatric medicine, social services, protective services, law enforcement, and civil and criminal prosecution, to provide services to seniors. As the senior population grows and the frequency of elder abuse rises in Harris County, SJAC aims to ensure the dignity of seniors by increasing awareness, education, and prosecution of elder abuse. Services include assessments, multidisciplinary team meetings, case coordination, treatment referrals, education and research. The multidisciplinary team includes: Harris County Protective Services (HCPS), Adult Protective Services (DFPS), Better Business Bureau Education Foundation, Harris County Attorney's Office, Harris County Area Agency on Aging, Harris County District Attorney's Office, Harris County Sheriff's Office, Harris Health System, Houston Police Department, and UT Health. Clients are referred by any of the partner agencies listed, and must be 65 years old or older, a resident of Harris County, and a victim of a crime.

Representative Payee Program: The Representative Payee Program is a voluntary program that assists low-income adults, residents of Harris County, who are in need of financial management so that they can live independently. The case manager is responsible for managing the client’s own finances. Services include paying rent and other bills and verifying that the basic needs of the client are met. Clients voluntarily agree to participate in this program.
