Boldman, Garth G
I think so. It's been hiding out in my room.

00:00:35.940 --> 00:00:37.900

Perry, Agnes E

Perry, Agnes E

Yeah, I decided to stay.

00:00:48.880 --> 00:00:49.380

Perry, Agnes E

Here.

00:00:50.450 --> 00:00:54.470

Boldman, Garth G

Yeah, that's what I did yesterday and then it kind of ran along, so I think I learned my lesson on that one.

00:00:55.480 --> 00:00:57.840

Perry, Agnes E

Yeah, I'll try to keep it around our this one.

00:00:58.620 --> 00:01:00.120

Perry, Agnes E

I I thought we could do this one.

00:01:00.590 --> 00:01:02.500

Perry, Agnes E

Come little bit earlier.

00:01:07.670 --> 00:01:11.060

Perry, Agnes E

Hello Miss Berg Berg Miss Rohini Varghese.

00:01:13.050 --> 00:01:13.800

Varghese, Rohini R

Hello.

00:01:16.600 --> 00:01:18.420

Perry, Agnes E

Maximus arizmendy maded

00:01:16.690 --> 00:01:17.300

Varghese, Rohini R

Transfer.

00:01:19.490 --> 00:01:21.630

Perry, Agnes E

and did you have very much traffic Claudia?

00:01:22.570 --> 00:01:25.620

Arizmendy, Claudia M

I'm just a little bit, uh shepherds always backed up.

00:01:25.960 --> 00:01:26.390

Perry, Agnes E

Uh-huh

00:01:27.420 --> 00:01:28.380

Perry, Agnes E

well, hopefully.

00:01:29.910 --> 00:01:31.810

Perry, Agnes E

We can get through this pretty quickly.

00:01:34.420 --> 00:01:38.630

Perry, Agnes E

And there are some things I did. I don't know why I forgot to mention it yesterday, but.

00:01:40.380 --> 00:01:41.130

Perry, Agnes E

It's not.

00:01:42.390 --> 00:01:44.790

Perry, Agnes E

First Earth shattering to me, but it's not.

00:01:45.750 --> 00:01:47.110

Perry, Agnes E

That doesn't change there.

00:01:47.860 --> 00:01:48.590

Perry, Agnes E

Our focus.

00:01:51.970 --> 00:01:58.240

Perry, Agnes E

But I want to get started on time so we won't be there. Would be. I don't want to keep it 1-2 days in a row along time.

00:02:05.190 --> 00:02:08.700

Perry, Agnes E

So I didn't receive any items.

00:02:09.350 --> 00:02:14.270

Perry, Agnes E

So I just set up the SDMC just to give everyone updates.

00:02:27.730 --> 00:02:31.930

Perry, Agnes E

I like this transcription part because that takes the place of.

00:02:33.130 --> 00:02:35.160

Perry, Agnes E

About minutes I think.

00:02:39.710 --> 00:02:41.640

Perry, Agnes E

Did I miss Perry bye bye?

00:02:50.140 --> 00:02:50.500

Perry, Agnes E

Wait?

00:02:53.580 --> 00:02:54.020

Perry, Agnes E

Yes.

00:02:55.360 --> 00:02:56.250

Perry, Agnes E

Get your house.

00:03:02.020 --> 00:03:11.990

Perry, Agnes E

So it's for 4:30 if you guys don't mind. Well, I usually like to wait a minute or two, but I think we can get started. I can everyone see the agenda.

00:03:15.810 --> 00:03:16.380

Varghese, Rohini R

Yes.

00:03:16.040 --> 00:03:16.610

Perry, Agnes E

I have it.

00:03:17.550 --> 00:03:18.020

Perry, Agnes E

OK.

00:03:17.660 --> 00:03:18.280

Varghese, Rohini R

I can see it.

00:03:17.890 --> 00:03:18.310

Saldivar, Raul J

Yes.

00:03:18.660 --> 00:03:29.130

Perry, Agnes E

OK, alright I I didn't I same items are placed in the UM meeting teams meeting requests. So I just transcribed. May have changed a little bit.

00:03:29.830 --> 00:03:44.120

Perry, Agnes E

Uh so wow. Welcome to everyone a week. I'm going to try to stay on target, uh, so we can finish by before 5:30. Hopefully, UM, the committee members are are the ones listed in the invitation. The meeting request.

00:03:46.400 --> 00:04:14.890

Perry, Agnes E

The guidelines have not changed that we want. If anyone has any agenda items that they would provide them at least the Monday before the day before so we can either schedule a meeting or cancel it. We want to start on time and everyone limit their comments to no more than one minute, and we want to respect others and we don't want to go more than one hour if less is better, uh, the minutes and the updates from all the previous meetings are in the.

00:04:15.020 --> 00:04:15.420

Perry, Agnes E

Come.

00:04:16.190 --> 00:04:20.400

Perry, Agnes E

Would rather transcription that I think. Can you guys access that?

00:04:21.020 --> 00:04:24.320

Perry, Agnes E

Uhm, or do I have to send them to you? I wondered.

00:04:25.280 --> 00:04:27.090

Perry, Agnes E

Well, if you go back to your meeting.

00:04:30.100 --> 00:04:32.580

Perry, Agnes E

Do can you access that? Do you know?

00:04:36.880 --> 00:04:39.980

Perry, Agnes E

What about you, Mr. Saldivar? Do you know if you get access the minutes?

00:04:41.720 --> 00:04:42.660

Perry, Agnes E

Through the teams.

00:04:45.330 --> 00:04:46.350

Perry, Agnes E
The teams rank.

00:04:46.880 --> 00:04:49.550

Saldivar, Raul J
I can check, but it's it's not on the hub.

00:04:52.420 --> 00:04:56.630

Perry, Agnes E
I don't know, I don't know. I don't know if I don't, I didn't put it on the hub, but.

00:04:57.080 --> 00:05:04.710

Varghese, Rohini R
You know, because it's a I think Miss Perry because it's a different meeting each time. You'd have to. I mean, you have to go to that meeting. I think in click back on.

00:05:04.300 --> 00:05:09.180

Perry, Agnes E
Yeah, that's what I'm saying. Can you go to the meeting and see the transcription or the agenda?

00:05:08.200 --> 00:05:09.080

Varghese, Rohini R
Yeah, I'm I'm.

00:05:10.160 --> 00:05:14.000

Varghese, Rohini R
I think I'm I'm pulling it up right now from previous, so I think you can.

00:05:15.450 --> 00:05:19.850

Perry, Agnes E
Yeah, the last one was in September. I think it was September 21st or something like that.

00:05:21.300 --> 00:05:22.370

Varghese, Rohini R
Uhm?

00:05:23.260 --> 00:05:24.820

Varghese, Rohini R
Yeah, I can pull it up.

00:05:24.820 --> 00:05:31.770

Perry, Agnes E
'cause when you're when we're using the transcription that it's a lot of verbiage, there's a lot of pages it's not regular minutes.

00:05:30.340 --> 00:05:31.190

Varghese, Rohini R
Yeah, it it.

00:05:32.060 --> 00:05:35.680

Varghese, Rohini R

Yeah, it gave me the transcription and the video so you can see both.

00:05:35.970 --> 00:05:54.260

Perry, Agnes E

OK, alright, so let's use that as a guide if anyone wants to go back over the minutes. If you have an unusually a month to do that, just go back to the transcription and see if there's anything that's it. May be misspelled words because of the trans transcription, but the the. The crux of the conversation should be there.

00:05:55.330 --> 00:05:58.400

Perry, Agnes E

And then we'll use this as the Minutes. That's OK.

00:05:59.560 --> 00:06:01.800

Perry, Agnes E

And then we don't have to worry about anyone taking minutes.

00:06:03.220 --> 00:06:06.720

Perry, Agnes E

Alright, alright, very good so. Hello Nancy, how are you?

00:06:07.420 --> 00:06:08.920

Perry, Agnes E

And I'm like, oh, hello.

00:06:09.990 --> 00:06:11.400

Moreno, Nancy P.

Good to see you everyone.

00:06:12.740 --> 00:06:42.710

Perry, Agnes E

Alright, so uh with the first issue, new staffing, uh, we don't have any new staffing that I've hired. Are we still have a CTE vacancy? Oh, that's career and technology, but I'm we, the people who've applied. I haven't really fit our our need, so I'm not going to hide this anyone. So I need another Health Science teacher. The reason why is because we attempted to add pharmacy this past year, but one of the issues was that we did not have enough CTE teachers to implement the program.

00:06:42.870 --> 00:07:05.800

Perry, Agnes E

And we still need you to fight to finalize some items with federal, state and compliance. So we've done that. We still should be starting pharmacy next fall with the 11th grade students and then it will be a two year program. Federal state has, you know, they've given us the OK. I just need to hire another Health Science person. So if anyone know of anyone who would like to make a career change.

00:07:07.190 --> 00:07:26.370

Perry, Agnes E

I would like to come back to teach and who has a certification in Health Science. It wouldn't necessarily. I have someone to teach pharmacy. I have two people actually just see teach the pharm tech that's already here. I just need another Health Science person so I can relieve them of the courses that they're currently teaching.

00:07:27.050 --> 00:07:45.380

Perry, Agnes E

Alright, so then that's when you staff. It's not new staff and we have a position over already open and it is built in our current budget. CTE funds are always separate from the regular funds, so you know the funds are there for another staff person and I'm not going to close it. I'm just going to wait until we find out a good candidate.

00:07:46.030 --> 00:08:15.800

Perry, Agnes E

Uh, we do have a new person who's on staff here is paid out a special headphones. It's her name is Angel Jackson and she is assisting Natalie Fraker Fraker who is the child who has a limitations and that that hopefully that will workout. So she's new. But those those funds that funding is coming from specially it. We also have a wraparound specialist who being who is being processed now.

00:08:16.050 --> 00:08:40.620

Perry, Agnes E

That is also being funded by the extra funds and HISD so she will be assigned here at least four days a week. One day she will be out in the field or she'll be at meetings at Headingley White. I'm going to place her in the counselor sweet because her role is to help students who need any personal assistance or if their families need any personal assistance. So this could be from food clothing.

00:08:40.970 --> 00:09:10.610

Perry, Agnes E

Uhm, uhm personalities like toiletries. It could also if they need resources like housing or food or like from the Food bank. Anything that will help the believe the pressure or the hardship that their parents may be experiencing experiencing. We can also provide resources for training for the parents or the if the parents need help with technology we can bring them on on on campus. These are some examples of the things that this.

00:09:10.890 --> 00:09:29.840

Perry, Agnes E

Wraparound specialist can do anything that's dealing with social and emotional or either for the child or for the families. We can. This person is supposed to help find resources so her name is miss artist and as I said, she'll be located in the counselors area.

00:09:30.960 --> 00:09:38.790

Perry, Agnes E

So those are the new staffing now Esser funds are. We were allocated money for tutoring and for.

00:09:38.850 --> 00:10:08.810

Perry, Agnes E

Dumb dumb college. Career readiness we've we've just, I've decided, and then we've just. I've decided

to implement the test Masters program. It's approved by HST. I used it years ago when I had extra funding and it really took us a lot of our kids over the top. And as far as increasing the LSAT scores, we will get the scores back from the PS80 within the next month. Usually is December and then we can identify.

00:10:08.850 --> 00:10:38.760

Perry, Agnes E

With students who either scores are very low and we need to push them up at least over 1000. Usually most of our kids do, you know over 1000, but we want to identify if there are any card 11th graders who could use the help. So when they take the S80 in April, there will be in a better place. So that's the focus. I think we've paid for like 50 slots. We have about 200 or 190 current 11th graders, so I.

00:10:38.870 --> 00:10:53.270

Perry, Agnes E

I don't I'm I'm not saying we can't help the kids who may have 1500, but I think we're gonna need to concentrate on the list. Students who need to up their score if they're in the lower half the class they need a higher SAT scores in order to.

00:10:54.650 --> 00:11:24.430

Perry, Agnes E

Providing more options for college and university choices. So that's the plan. So if you could, if you know of any students in 11th grade who will be taking the S80 enable who would be willing to work with test masters will probably have some sessions here on campus and some would be on online. Please give that information to the counselor and are we will be advertising that another area part of these social, the Esser funds would be for SCL social emotional.

00:11:24.840 --> 00:11:29.750

Perry, Agnes E

And then there's another portion we could use for innovation or what I've tried to.

00:11:30.920 --> 00:11:43.390

Perry, Agnes E

Uh, we use the finance for a lot of the after school activities, or the PTO has been very generous in providing some sports are supporting some sports activities, but I want to.

00:11:44.420 --> 00:11:50.210

Perry, Agnes E

All those provide some incentive for teachers who sponsor after school clubs.

00:11:50.560 --> 00:12:20.610

Perry, Agnes E

As usual, we try to do everything during the day, but if there's some teachers who have activities saying Mr. Cotton who has the running club, he stays after school and he has not been compensated for that for the kids to go running in the neighborhood. So I've taken some of those funds to pay teachers who are actually doing after school activities so they can be compensated for their time after school. So if you have any ideas for the CFR's, we don't have as many as much money as some schools.

00:12:20.820 --> 00:12:27.890

Perry, Agnes E

Most of the money is geared towards our extra pay for teachers for tutoring or 4.

00:12:29.100 --> 00:12:44.050

Perry, Agnes E

After school activity, anything enrichment enrichment that's also can fall under the Esser funds. So if you have any ideas let me know, didn't shargey. Hello so Dean shargey. What is the current enrollment? Do you have that pulled up?

00:12:45.070 --> 00:12:49.490

Perry, Agnes E

It was it was like 890 or 892 and I think it may have dropped.

00:12:51.150 --> 00:12:53.830

Perry, Agnes E

Your your your turn your sound. I can't hear you.

00:12:55.510 --> 00:12:57.060

Shargey, Bernice A

I think it's 889.

00:12:57.170 --> 00:13:18.180

Perry, Agnes E

89 Oh so we started our our, our. Our projection was 9:15. I was first told that we would lose 40 about 44,000. Then I was told 55,000 and yesterday I was told 96,000 and that's what I forgot to tell us for staff meeting or staff during the meeting. Yesterday \$96,000 is a lot of money.

00:13:19.020 --> 00:13:35.400

Perry, Agnes E

One of the things that I I didn't do. I didn't hire magnet coordinator, so I knew that if we wouldn't if I wouldn't hire anyone, I could take those funds and a fund a teacher instead. I can't. I can't lose a teacher, so I could take a teacher that's currently being paid under.

00:13:35.970 --> 00:14:06.800

Perry, Agnes E

Uhm, General Funds General fund westward. Most of the sound is coming from and place. Have that teacher being to be funded with magnet 'cause I don't have a magnet coordinator so I can take that money, but \$96,000 is more than a magnet coordinator is allocated, so it's important that you know they. They've already had the snapshot. They're not going to lower. We're still losing kids, but were there when I got there, not on lower our money anymore. It's based on that snapshot at the end of October.

00:14:08.060 --> 00:14:11.770

Perry, Agnes E

But it brings up another issue with recruiting.

00:14:12.590 --> 00:14:15.880

Perry, Agnes E

And we need to think about next year.

00:14:16.710 --> 00:14:26.300

Perry, Agnes E

Uh, we need to bring in 915 kids to maintain our staffing. We we need to have an enrollment of 915 by the end of October of 22.

00:14:27.160 --> 00:14:28.790

Perry, Agnes E

So, uhm.

00:14:29.510 --> 00:14:38.430

Perry, Agnes E

Yeah, we're looking at the grading for the kids for these lasts the first cycle and the second cycle. I'm, you know, I'm totally looks kind of shaking for some students.

00:14:39.580 --> 00:14:45.410

Perry, Agnes E

But if we lose students, we need to bring more in two. And I estimate based on.

00:14:46.290 --> 00:14:47.920

Perry, Agnes E

Let's give you some totals.

00:14:50.600 --> 00:15:05.280

Perry, Agnes E

Uh, we currently have. We had a 244 ninth graders. This is about 2 weeks ago. If we if we we could lose 44 by the end of the year we have 233 ninth 10th graders. If we lose 33.

00:14:57.200 --> 00:14:57.530

Shargey, Bernice A

Yes.

00:15:05.950 --> 00:15:17.610

Perry, Agnes E

And then you know, there could be expected. We have 218 eleventh graders. If we lose 18 and if we lose the 195 seniors, that's 290 students that we could lose.

00:15:19.430 --> 00:15:21.350

Perry, Agnes E

Between now and in in June.

00:15:22.050 --> 00:15:36.710

Perry, Agnes E

200 so we need to bring in the a minimum of 290 students, but we really need to bring in about 325 'cause you need a cushion so that brings us to the issue of end of recruitment and enrollment.

00:15:38.410 --> 00:15:40.770

Perry, Agnes E

For those of you who don't know the.

00:15:41.850 --> 00:15:43.290

Perry, Agnes E

But don't haven't thought about it.

00:15:44.990 --> 00:15:48.840

Perry, Agnes E

The current 8th graders, many of them did not take the STAAR last year.

00:15:50.020 --> 00:15:54.660

Perry, Agnes E

With that they don't have the STAAR scores to use as part of their matrix.

00:15:55.500 --> 00:16:02.070

Perry, Agnes E

So some students who only made 70s in the 7th grade because they were virtual and they weren't trying that hard.

00:16:02.680 --> 00:16:17.130

Perry, Agnes E

Uh, when their matrix score is calculated, they do not have enough points to qualify for our matrix score of 80. So therefore, and this is not just the bacon, these other schools are having the same problem.

00:16:18.920 --> 00:16:19.600

Perry, Agnes E

So.

00:16:20.490 --> 00:16:32.310

Perry, Agnes E

When we when we would have 1000 kids to qualify before I think we're down to maybe 600 about a week or two ago so we don't have the numbers because the students are not making the matrix score.

00:16:34.210 --> 00:17:03.430

Perry, Agnes E

So we got a notice yesterday Mr I Miss Rodriguez Laura Rodriguez High Standard they I guess they see it's a problem at district problem so they're re calculating the matrix score. They're gonna let take the kids take the better of the score, either the the using the star and the 7th grade or just the 7th grade academic score. So I don't know if they'll help kids or you know if it'll change our numbers at all, but I don't know that.

00:17:03.720 --> 00:17:04.280

Perry, Agnes E

Have

00:17:05.210 --> 00:17:14.740

Perry, Agnes E

300 kids that have indicated that the bakey is number one. We have over 600 who qualify for our program.

00:17:15.490 --> 00:17:34.090

Perry, Agnes E

But some of them have not chosen Debakey as number one, so that was the purpose of the open house. Last Saturday was to get bring the kids in who may have qualified. But maybe we would have their number 2 or #3 choice to get them on campus so they could talk to our students. See the campus.

00:17:35.550 --> 00:18:06.880

Perry, Agnes E

I speak to some of the teachers and get a better idea of maybe the Debakey would be their first choice. So we hope we hope that that worked and we don't know the impact of the school choice and they're calculating over matrix. I have no idea what they're doing. Miss Rodriguez is going to a meeting on Saturday, no Friday and hopefully she will have a better idea of how it's going to work. So I do want you all to understand about it. We're still heavy into eighth grade recruitment. We need to have over 300 kids committed.

00:18:07.160 --> 00:18:21.750

Perry, Agnes E

To Debakey High School so we can maintain the enrollment we need to have 915 kids at the end of October. In order for us to maintain our staffing.

00:18:22.600 --> 00:18:25.490

Perry, Agnes E

If we if we don't get the numbers next year.

00:18:26.140 --> 00:18:31.170

Perry, Agnes E

Uh, by the end of this school year or by August we will lose staffing.

00:18:31.890 --> 00:18:35.130

Perry, Agnes E

We will lose somebody and I'm not quite sure who it will be.

00:18:36.070 --> 00:18:40.260

Perry, Agnes E

Because I next year I won't be able to use the magnet money.

00:18:41.380 --> 00:18:45.570

Perry, Agnes E

To pay for a teacher, I have to use a magnet money for magnet coordinator.

00:18:46.230 --> 00:18:48.980

Perry, Agnes E

I I did a temporary because I figured I could pull it off, but.

00:18:51.580 --> 00:18:55.550

Perry, Agnes E

Recruiting is a it's it's not hard, it's just time consuming.

00:18:56.330 --> 00:19:01.460

Perry, Agnes E

So if you guys have any ideas about how we could keep some of the kids were not doing well.

00:19:02.060 --> 00:19:13.420

Perry, Agnes E

Get them up to speed or another method of recruiting students. We may be subject to losing some staffing for the 2223 school year.

00:19:14.490 --> 00:19:15.750

Perry, Agnes E

OK, any comments?

00:19:16.770 --> 00:19:18.790

Perry, Agnes E

But recruitment and enrollment.

00:19:20.900 --> 00:19:21.920

Perry, Agnes E

Any questions?

00:19:23.430 --> 00:19:23.790

Perry, Agnes E

Right?

00:19:26.220 --> 00:19:34.650

Perry, Agnes E

OK, so finally the last statement. I just wanted to remind everyone we don't have enough 50th anniversary celebration. It's the planning is in the works.

00:19:35.320 --> 00:19:57.740

Perry, Agnes E

Uhm, it is scheduled for the week of October 24th through the 29th. Every there's nothing in cement yet except for the dates. That is usually the week that we have fall festival, so we hope to incorporate the regular fall festival activities, but maybe towards the weekend. Have something that's geared to staff and alumni and.

00:19:58.340 --> 00:20:00.280

Perry, Agnes E

Uhm, students.

00:20:01.320 --> 00:20:26.740

Perry, Agnes E

One idea is in. Instead of having have a symposium that includes the alumina coming back and making presentations on that Friday morning, and then have the fall Festival's the Friday afternoon and not

have a school dance that at the end of that Friday, 'cause there would be too much. But maybe but the next day, have some 50th anniversary activities.

00:20:27.530 --> 00:20:32.150

Perry, Agnes E

So there would be a back to school dance, but that would probably occur at the end of September.

00:20:33.200 --> 00:20:35.590

Perry, Agnes E

And and that would kind of spread the activities out.

00:20:36.800 --> 00:20:37.280

Perry, Agnes E

So.

00:20:38.500 --> 00:20:47.420

Perry, Agnes E

That's my summary of what I think that you all needed to be updated on, but if you have any questions about anything that's related to the school.

00:20:47.470 --> 00:20:57.000

Perry, Agnes E

So you know, let me know and I'll try to respond. Or if you all want to have a discussion about any other item that's not listed, please let me know.

00:20:59.220 --> 00:21:10.170

Moreno, Nancy P.

Well, I just wanted to offer our support from Baylor College of Medicine for the anniversary celebration, so hopefully we'll be able to meet in the near future with Baylor Communications.

00:21:11.270 --> 00:21:15.120

Moreno, Nancy P.

To see how we can support the the celebration.

00:21:15.320 --> 00:21:17.130

Perry, Agnes E

OK, thank you, thank you.

00:21:17.860 --> 00:21:26.600

Perry, Agnes E

Yeah, we that's that's a big part of it. 'cause baby, you know, was the Baylor with HISD? Was the beginning of the of the program, so that's important.

00:21:20.320 --> 00:21:20.900

Moreno, Nancy P.

Miller

00:21:31.730 --> 00:21:32.880

Perry, Agnes E
Any anyone?

00:21:38.390 --> 00:21:39.610

Perry, Agnes E
Compared Mr. Saldivar.

00:21:40.400 --> 00:21:50.250

Saldivar, Raul J

Yeah, I just posted on the chat there that is there a I know there's been a couple meetings already, but is there a theme that's been agreed upon or will there be a theme for this 50th anniversary?

00:21:51.240 --> 00:22:10.940

Perry, Agnes E

The only thing we've talked about is 50th anniversary, but not not a specific theme. The Planning Committee, which is consisting of PTO members and alumni and staff. You know we didn't get. We haven't got that specific. What we're trying to do now is focus on contacts and when researching possible venues.

00:22:11.890 --> 00:22:42.480

Perry, Agnes E

But we need to make the contacts to see how many people are willing to participate. We're gonna do a survey. That's what we're supposed to be doing now. Working on a survey to to put out there and asking people what would they be interested and would they be interested in participating in this so symposium? Would they want to be part of a fun run? Would they want to have a a dinner dance, or would they just want to have a party? So we're gonna we're going to compose, compiling survey, then send it out to the people that we have. Contact information.

00:22:42.900 --> 00:22:46.000

Perry, Agnes E

Either arm and and we could also put it on our website.

00:22:46.820 --> 00:22:48.810

Perry, Agnes E

And invite people to complete the survey.

00:22:49.450 --> 00:22:55.180

Perry, Agnes E

Yeah, I think we were. We were to meet again the first week of December, I think December 1st.

00:22:55.960 --> 00:22:58.490

Perry, Agnes E

And and discuss the survey.

00:22:59.360 --> 00:23:13.580

Perry, Agnes E

And in the meantime I know Miss Rodriguez. Laura Rodriguez has some contact because when we did

the 40th anniversary she she compiled a list of contact people and then she had some of the class groups on Facebook. Their contact.

00:23:14.150 --> 00:23:20.000

Perry, Agnes E

But you know, emails change, telephone numbers, change addresses, home addresses just don't work anymore.

00:23:20.220 --> 00:23:20.660

Perry, Agnes E

Uh.

00:23:22.320 --> 00:23:27.590

Perry, Agnes E

Social media is the best way to contact but no. To answer your question, there's not a theme.

00:23:28.820 --> 00:23:31.120

Perry, Agnes E

But hopefully if more people participate, you know.

00:23:32.430 --> 00:23:33.720

Perry, Agnes E

And one can be developed.

00:23:37.060 --> 00:23:37.480

Perry, Agnes E

K.

00:23:37.190 --> 00:23:41.960

Magana, Derdim

This Perry how many students and parents actually came through through the open house?

00:23:43.810 --> 00:23:46.490

Perry, Agnes E

Aaron Lawrence not here. I would estimate.

00:23:48.010 --> 00:23:48.650

Perry, Agnes E

Missy.

00:23:49.720 --> 00:23:50.140

Magana, Derdim

Maybe?

00:23:49.750 --> 00:24:02.570

Perry, Agnes E

Miss Varghese, can you? I know you have your hand up his worries, but do you know how many? I think maybe 100 people or 200,100 students? Maybe with 100 parents, maybe 2?

00:23:57.310 --> 00:23:58.430

Magana, Derdim
About 100, right?

00:23:59.240 --> 00:23:59.620

Varghese, Rohini R
Yeah.

00:24:02.060 --> 00:24:03.160

Varghese, Rohini R
Yeah, I would say so.

00:24:04.020 --> 00:24:05.580

Perry, Agnes E
We had four sessions.

00:24:04.160 --> 00:24:04.430

Magana, Derdim
Yeah.

00:24:07.960 --> 00:24:08.480

Magana, Derdim
OK.

00:24:08.600 --> 00:24:24.400

Varghese, Rohini R
Yeah, 'cause I want to say yeah I. I think one of them were, you know, we kind of had a pretty packed room. The first one was, you know, pretty packed. The third one was pretty packed just because of the way they separated. I think the 2nd and the last one. It was a little bit smaller, but yeah I would say about 100.

00:24:25.690 --> 00:24:26.450

Perry, Agnes E
I think.

00:24:27.480 --> 00:24:29.830

Perry, Agnes E
I wouldn't say over 100.

00:24:30.530 --> 00:24:31.990

Perry, Agnes E
Kids responded.

00:24:32.690 --> 00:24:52.810

Perry, Agnes E
Some of them didn't come, but most of the people who you know who who signed up for a time came and we always knew the session at 11:00 o'clock wasn't this wasn't full, but I think I thought it was a good miss. Varghese helped out a lot. I'm really she. You know she was able with Miss Varghese me in a student.

00:24:53.650 --> 00:24:54.410

Perry, Agnes E
Per student.

00:24:54.920 --> 00:25:23.390

Perry, Agnes E

Uh, I'm just kind staff member, also a parent and having relatives that came through the bakey, I think she was able to provide a good perspective for parents. You know what to expect and what the environment was you know was like here so I Miss Varghese is all also helped me on Saturdays with some of the virtual presentations as well as well as Dr Li has helped me also. So I think that helps when.

00:25:24.940 --> 00:25:39.110

Perry, Agnes E

Chicken and the students were good. It was Miss Jafferli interact group and they were very energetic and positive and we have a lot of good students. You know who who are able to express themselves well.

00:25:39.820 --> 00:26:06.540

Varghese, Rohini R

What would I like was they were honest, but they were really good about giving you the pros and cons you know and giving it away as. Yeah, they're Khan's, but the support is there, you know it's it's Khan's that wherever you go, you're going to find it's not unique to us. So they did a really good job with that. And that's why I had my hand up. I was gonna ask, do you think that we would have another open house? Maybe before the second round or third round? That might help with some of those choices or.

00:26:06.890 --> 00:26:34.500

Perry, Agnes E

Well, we had not planned on another one because ironically, well, strangely enough, we only invited the ones who did not choose us as number one. We didn't invite anyone who said we were number one. We think we already warned them over. We were trying to add the ones who who who you know qualified and selected us. They didn't select us as number one. So what the plan was.

00:26:35.080 --> 00:26:56.700

Perry, Agnes E

Uh, because a few people did contact and say, well, you know, I wanna see the bakey. I selected soda baking where I can I come to the open house so the plan is is that once we have gotten the first round we wouldn't? All the ones that have selected us and we've you know, we've they've been selected for debating. Then we have a, uh, a welcome, or open house or something just for them.

00:26:57.710 --> 00:27:03.500

Perry, Agnes E

So it would be a combination of the ones I've already chosen. This is number one, and any new additional ones that are just.

00:27:04.130 --> 00:27:05.840

Perry, Agnes E

I applied this week.

00:27:06.500 --> 00:27:14.320

Perry, Agnes E

And and we would think it maybe March or April because what happened is they will be notified in February and they have until March 2.

00:27:14.650 --> 00:27:16.180

Perry, Agnes E

Uh, confirm?

00:27:16.950 --> 00:27:21.690

Perry, Agnes E

That debate is their choice, and then we would have an open house for everyone that's confirmed.

00:27:22.660 --> 00:27:28.090

Perry, Agnes E

That's the thought, but we don't know if we don't get enough first choice. We may have to have another open house.

00:27:29.260 --> 00:27:34.140

Varghese, Rohini R

OK, I know some of the interact students were asking too and I said we'll have to see what Miss Perry decides. So we'll see.

00:27:35.310 --> 00:27:47.080

Perry, Agnes E

Yeah, I'd hadn't because they they the the the first round. The deadline is this Thursday. That's why we had this past Saturday 'cause we knew it. A short window of time to to win some of these people over.

00:27:47.890 --> 00:27:55.730

Perry, Agnes E

So it wouldn't after after Thursday they won't be able to. Everybody will be in the second round if they haven't applied already.

00:27:56.540 --> 00:28:03.740

Perry, Agnes E

But what we want to tell Mr. Varghese was they have to, if they have. We're not number one, they need to change it by the 18th.

00:28:04.640 --> 00:28:13.480

Perry, Agnes E

Yeah, because it can't change it later on, so it was two strategies. Yeah, change the eight changes us to number one and also do it by the 18th.

00:28:09.860 --> 00:28:10.140

Varghese, Rohini R

Well.

00:28:14.250 --> 00:28:23.860

Varghese, Rohini R

Yeah, and and Laura did a good job of, you know, saying you've got to go in and check your numbers 'cause if you call us in you know February we can't do anything so hopefully that resonated with the the parents.

00:28:24.240 --> 00:28:35.900

Perry, Agnes E

So one of the things that we notice in Miss Varghese can vouch for this and also Dr. Li is that, uh, we we? We attended every session Mr Saldivar couple of times I couldn't do it. Mr Saldivar.

00:28:35.950 --> 00:28:50.940

Perry, Agnes E

Right, uh, studien, but they they weren't there. I mean, we sometimes we have 12 or 13. Sometimes I'd see the same families coming in two or three times it two or three different sessions and some schools. We wouldn't have any kids.

00:28:51.660 --> 00:28:56.800

Perry, Agnes E

Not any schools login, and it's really sad because those are the schools that really need the information.

00:28:58.220 --> 00:29:00.360

Perry, Agnes E

So I virtual is convenient.

00:29:01.220 --> 00:29:03.080

Perry, Agnes E

But it was. It's not really.

00:29:03.760 --> 00:29:06.080

Perry, Agnes E

It it's not really for some people.

00:29:07.330 --> 00:29:15.450

Perry, Agnes E

Yeah, so yeah you live in art, but it's not just de bakey. You know I wouldn't talking other principals. Other principles are having the same problems.

00:29:17.690 --> 00:29:18.020

Perry, Agnes E

No.

00:29:18.730 --> 00:29:21.930

Perry, Agnes E

So we just have to cross our fingers and if y'all have any creative ideas.

00:29:22.600 --> 00:29:31.600

Perry, Agnes E

You know, let me know and we'll we'll we'll we'll if we have to make some adjustments were going to do them right away. I'm not gonna wait till summer that's too late it's it's going to be in.

00:29:32.610 --> 00:29:37.480

Perry, Agnes E

So February, March if we if we're not getting the numbers, I'm going to have to have another open house maybe?

00:29:39.120 --> 00:29:40.500

Perry, Agnes E

For the case in the second round.

00:29:42.070 --> 00:29:42.580

Perry, Agnes E

OK.

00:29:44.320 --> 00:29:48.800

Perry, Agnes E

So any other comments questions?

00:29:52.210 --> 00:30:19.880

Perry, Agnes E

I have a scheduled for the next meeting is January 18th that is a work day for students or out, but that's a work day for staff, so probably on that day I would move the time up since school is there's no students, so I'm I'll let you know closer. That's the the weekend of Martin Luther King. We're off on that Monday and Tuesday. Our students are on the Tuesday, but we have to be on campus.

00:30:20.770 --> 00:30:25.110

Perry, Agnes E

So I think there are probably moved the meeting to maybe two o'clock one or two.

00:30:26.030 --> 00:30:29.480

Perry, Agnes E

Right, so just make a note of America if that's convenient for you guys.

00:30:30.730 --> 00:30:31.220

Perry, Agnes E

OK.

00:30:32.580 --> 00:30:35.510

Perry, Agnes E

Well, if there are no questions, no comments, then I'm.

00:30:36.290 --> 00:30:38.380

Perry, Agnes E

This is it. We're we're done for the day.

00:30:38.430 --> 00:31:01.600

Perry, Agnes E

Hey, uh, I will, uh, this is being recorded, so if you want to go back to it and we'll put it on the we'll post it on the hub so you have access to it to review and place. If you get a chance to look at it before the next meeting. So if there's any any comments or corrections we could do that we first start the meeting?

00:31:03.080 --> 00:31:05.790

Perry, Agnes E

Alright, but thank you. Have a great day.

00:31:07.050 --> 00:31:09.230

Perry, Agnes E

See you have everyone have a good holiday.

00:31:09.970 --> 00:31:12.120

Moreno, Nancy P.

Uh Yep, bye.

00:31:10.280 --> 00:31:12.280

Khan, Neda H

Thank you bye.

00:31:11.490 --> 00:31:11.980

Perry, Agnes E

Bye bye.

00:31:12.110 --> 00:31:12.950

Li, Hongyan

Thank you.
