Assignment #1 – Welcome!  
You’ll join a few applications for AP Physics C Summer Information to stay in the loop!

Please follow the instructions below:
- Join my Remind class by texting the message “@lowephys-c” to the number “81010”
  - You can also join using the Remind App and the code @lowephys-c
- Also go to khanacademy.org
- Create an account or log in with an existing account
- Use this code to join the class: K63H2PS9. It’s titled “AP Physics C Summer Prep”

Assignment #2 – Physics 1 Review  
DUE: Sept 1st, 2023 by 11:59pm
You will do some work to review Physics 1 and Calculus content to prepare for Physics C content.

Please complete the following:
- Complete the assignments listed in the Khan Academy class that you joined in Assignment #1. If you don’t see assignments by the end of June, please message me on Teams. They may have to be individually assigned to you.
- This review will also include electricity so that you can preview it before we cover that content in class.

Assignment #3 – Supply List  
DUE: Aug 28th, 2023 by 8:30am
You will need a couple of things to ensure we start the school year off successfully.

Please bring the following:
- A composition notebook – lined or graph paper is fine, and you can use college-ruled or wide-ruled
  - You can also continue to use your lab notebook from Physics 1
- A fully charged laptop (every day) – we will use our laptops for labs, notes, and online activities
- It is highly recommended that you have a graphing calculator. They will be provided for in class use when needed, but it would be great for you to have access to one outside of class as well.
