Assignment #2 – Kinematics Introduction

DUE: August 26, 2022 by 8:30am

You will do a bit of preparation to understand our first unit of the course, which is about kinematics.

Please complete the following:

- Complete the assignments listed in the Khan Academy class that you joined in Assignment #1. If you don't see assignments by the end of June, please message me on Teams. They may have to be individually assigned to you.

Assignment #3 – Supply List

DUE: August 26, 2022 by 8:30am

You will need a couple of things to ensure we start the school year off successfully.

Please bring the following:

- A composition notebook (this will be for lab write-ups) – lined or graph paper is fine, and you can do college-ruled or wide-ruled it's up to you
- A box of tissues
- It is highly recommended that you have a graphing calculator. They will be provided for in class use when needed, but it would be great for you to have access to one outside of class as well.
