Minutes: Recorded by Mr. Sabillon

Mr. Sabillon welcomed everyone to the meeting. He went over the Agenda. He stated that the attendance challenge was a success. Our attendance rose from 91% to 94%. We had about 300 parents. Ms. Garza suggested having this event twice next year. Ms. Conner mentioned that the challenge should be at the school goal instead of 100%.

Mr. Sabillon shared that the budget is a changing target. The latest budget gives us some flexibility for next year, but things could change. Ms. Conner stated that currently
having 3 teachers per grade level will be very problematic because of classroom sizes and behaviors. Mr. Sabillon explained that these are budget concerns.

Ms. Garza, asked about attendance. Mr. Sabillon explained that there will be a process for attendance appeals. The committee recommended that students here for attendance should start next year with an attendance contract.

Ms. Garza asked if we could implement a system where students are tracked when they get picked up early.

Ms. Wimberley suggested moving the enrichment of lower grades out of the first period.

We discussed a system for TA - Lunch detention for next year.

Additionally, we discussed a proposed master schedule for next year where teachers would have 6 planning periods per week. Then Mr. Sabillon reported that we currently have one position open.

There were no other questions or concerns. Mr. Sabillon concluded the meeting at 4:05 pm.
