 - How do we come up with the number 560? Based on a meeting with a demographer and based on area.
 - What happens if we reach 560? No, we are trying to avoid waivers which is allowing classes over 22. We should only have 3 waivers on campus. We are capped in Pre-K and 3rd grade.

4. **SIP recommendations**
 - a. **Academic Tutors Continue**—can we have support in 1st and 2nd grades with AT as well as upper grades; schedule will be set up by next week; need to provide power hour for 4th and 5th grade (that is a must); Wimberly and DeLaCruz are there to assist too; could AT's cover classes during power hour and teachers can do HB4545 pull-outs
 - b. **Reading Interventionists**—Wimberly and DelaCruz
 - c. **Yancy Life (District)**--we pay for this service; district is paying this year and will be part of SIP; rather spend the money for tutorials from certified teachers
