2. ESSER Funds- currently have a position funded through ESSER funds but will not next school year. Our Librarian will be shared with another campus next school year as well because of our budget.
3. Instructional Resources- We have ordered some instructional resources next year, but we would like teachers' feedback on other instructional resources they might want.
4. EUREKA- Our new Math adoption is EUREKA and we have started receiving material already. We are asking teachers to go ahead and sign up for training during the summer because it's very hard during the school year. The training is several days.
5. Departmentalized- Conversations have happened with several teachers regarding pair teaching next school year. Decisions will be based on data. Once all data is here, decisions will be made as to who will be teaching each subject. Departmentalization will only be for grades 3rd through 5th.
6. Summer School/HB4545- Summer school will be happening at our campus this year along with Carrillo Elementary. Students will begin to do their HB4545 hours during summer school.
