

SDMC Meeting Minutes September 28, 2022

The budget was reviewed. We can start buying supplies out of Title I for now. We will wait until the end of October to see how much we must pay back. Tutorials will start the second week of October, two hours per teacher during the week for 3rd-5th grade teachers; the other grade levels will start next semester. We will use the ESSER II HB4545 Intervention Funds to pay the teachers. We will be having a Fall Festival for students as a Fundraiser and funds will be used for the end-of-school activities for the Perfect Attendance and Honor Roll. For November and December will see if we are having tutorials during the break.
