- There will be some rezoning.
- The PUA that we get for each student will decrease.
- Small School Subsidy fund are funds that the schools that have less than 550 enrolled students receive. This money will not be given to us next year. They are doing away with this. We actually pay some positions out of this fund, that the school would now have to pick up.
- ESSER funds are also another thing that we will no longer have. These positions would also have to be absorbed by the school as well.
- We are looking at opening a 4th PK class. We have begun the process of recruiting last week.
- ❖ DAC (District Advisory Committee)
 - Employees get voted into this committee by the campus. Then their names are given to the district. The committee members are the ones that are going to be representing Gregg and the district. Be mindful of who you vote for. This information will be on the Eagle's Nest today.
- ❖ PTA-
 - The easiest way of losing your job is safety and misuse of funds.
 - The goal of Gregg's PTA is to function like most other school, like host events for the school. This will free up staff.
 - Teachers will have the opportunity to join the PTA.
- ❖ Field Day-
 - Need theme from Coach and activities.
