Goal 9: OTHER UNMET (If applicable)
Title I

1. Comprehensive Needs Assessment (CNA)

1.1: Comprehensive Needs Assessment

All schools develop comprehensive needs assessments as part of the planning and decision-making process. Title I schools have additional responsibilities to ensure that the plans and decisions regarding the use of federal dollars align with program requirements and the needs of students.

The comprehensive needs assessment (CNA) at this campus was developed by community and campus stakeholders.

The Title I, Part A Campus Improvement Plan is based on the Comprehensive Needs Assessment (CNA) of the entire school. It reflects the status of academic achievement of our scholars in relation to the challenging state academic standards focusing on students who are failing to or are at-risk of failing to meet the rigorous state academic standards and those determined by local policy. The Comprehensive Needs Assessment (CNA) includes a deliberate focus on achievement for special populations such as At-Risk, Special Education, English Learners, Economically Disadvantaged and Gifted & Talented. The most recent date the Comprehensive Needs Assessment (CNA) was developed/reviewed/revised/approved is noted in the CNA section of Plan4Learning. The comprehensive list of stakeholders engaged in the development, review, revisions, and approval of the CNA is documented in the Committees section of Plan4Learning. The committee, as well as specialized subcommittees, will meet throughout the school year as new data becomes available and/or when the needs of scholars require campus-level action. The campus goal is to conduct at least 2 meetings during the 2022-2023 fall semester (July 2022-December 2022) and at least 2 meetings during the 2022 -2023 spring semester (January 2023-July 2023).

2. Campus Improvement Plan

2.1: Campus Improvement Plan developed with appropriate stakeholders

The SIP is developed with the involvement of parents and other members of the community to be served and individuals who will carry out the plan, including teachers, principals, other school leaders, paraprofessionals present in the school, and other stakeholders. Stakeholders were involved with the development of this plan in the following ways:

1. The SDMC committee comprised of various stakeholders met to develop the SIP using current school data (assessments, financial, enrollment and staffing).

2. The plan was created to meet the needs of the campus and to build on the campuses strengths while addressing areas that require maintenance.

2.2: Regular monitoring and revision

Regular monitoring of the strategies funded through Title I occur in addition to the formative reviews required by this improvement plan. At our campus, regular monitoring of the implementation of strategies and students' progress includes:

The plan and its implementation that is regularly monitored and revised as necessary, based on scholars' needs to ensure that all students are provided opportunities to meet the challenging state academic standards. (ESSA Sec. 12114(b)(3)). The monitoring must include students defined as economically disadvantaged, each major racial and ethnic group, students with disabilities, English learners (ESSA Section 1111(c)(2)) and "at-risk" students [TEC 42.152(d)].

The date the CIP was developed/reviewed/revised/approved is noted in Plan4Learning under the Goals tab for the campus.

2.3: Available to parents and community in an understandable format and language
The SIP is available to parents in the following locations: District office, Campus Main Office and Fleming's online website.

The SIP was made available to parents by: Mr. Adams, campus principal

We provide the SIP to parents in the following languages:

- English
- Spanish

2.4: Opportunities for all children to meet State standards

Opportunities for all students to meet the TEKS include these schoolwide reform strategies: Fleming will provide opportunities for all children, including each of the subgroups of students (economically disadvantage students, students from major racial and ethnic groups, children with disabilities and English learners [Sec 1111(c)(2)]) to meet the challenging State academic standards.

Fleming will use methods and instructional strategies that strengthen the academic program in the school, increase the amount and quality of learning time, and help provide an enriched and accelerated curriculum, which include programs, activities, and courses necessary to provide a well-rounded education.

2.5: Increased learning time and well-rounded education

Ways that we increase learning time and a well-rounded education for our students include, improving access to visual arts and music education:

- Providing programming to improve instruction and student engagement in science, technology, engineering and mathematics (STEM), including computer science, and increasing access to these subjects for underrepresented groups

- Promoting access to accelerated learning opportunities including Advanced Placement (AP) and International Baccalaureate (IB) programs, dual or concurrent enrollment programs and credit recovery

- Strengthening instruction in American history, civics, economics, geography, government education, and environmental education

2.6: Address needs of all students, particularly at-risk

An important campus focus is on schoolwide reform strategies that provide opportunities for all students, particularly those students who are at risk of not meeting the challenging State academic standards at advanced and proficient levels of student achievement. The strategies provided are based on evidence-based research to increase achievement for each student group on state tests and other assessments. Examples include the following:

- Building teacher capacity in their content and instructional areas that lead to building student capacity in all subjects
- Proficient Tier 1 explicit instruction taking place in all content areas
- Bi-weekly AT BATs with all teachers
• Small Group Instruction based on student data needs using the most current data

3. Annual Evaluation

3.1: Annually evaluate the schoolwide plan

Regular monitoring of the strategies funded through Title I occur in addition to the formative reviews required by this improvement plan. At our campus, regular monitoring of the implementation of strategies and students' progress includes:

The plan and its implementation that is regularly monitored and revised as necessary, based on scholars' needs to ensure that all students are provided opportunities to meet the challenging state academic standards. (ESSA Sec. 12114(b)(3)). The monitoring must include students defined as economically disadvantaged, each major racial and ethnic group, students with disabilities, English learners (ESSA Section 1111(c)(2)) and "at-risk" students [TEC 42.152(d)].

In the final SDMC meeting of the year, the plan is evaluated to determine goals for the following year.

4. Parent and Family Engagement (PFE)

4.1: Develop and distribute Parent and Family Engagement Policy

The following individuals, including roles (parents, teachers, admin, etc.) assisted with the development of the Parent and Family Engagement Policy:

• Parent
• Student
• Teacher

The PFE was distributed

• On the campus website
• To each parent during the annual meeting.

The languages in which the PFE was distributed include

• English
• Spanish

Strategies to increase Parent and Family Engagement include:

1. Meetings may include refreshments, childcare, and such services that relate to family engagement and encourage participation. Scheduled family meetings will occur on a regular basis throughout the school year.
2. Fleming will educate school staff in the valuable contributions of families and work with families as equal partners in implementing family programs to build strong ties between families and the school.
3. Fleming will provide timely information about the Title I program and assistance with understanding state and local academic standards, assessments, and expected proficiency levels of students, and how to monitor student achievement through varied activities including newsletters, brochures, report cards, workshops, Title I planning meetings, PTO, family conferences, web pages, and phone calls.
4. Fleming will provide an annual meeting to inform parents of the school’s participation in the Title I program and to explain the requirements of the program and the family’s right to be involved.

5. Fleming will ensure that parents are involved in the planning, review, and improvement of the school’s Title I program, including the development of the Schoolwide Plan under Section 1114.

6. Fleming will promote a shared responsibility for high student performance with families, the entire school staff, and students through developing a partnership to help children achieve the State's high academic standards. The partnership will include activities to:

7. Aid participating families in such areas as understanding Texas' academic standards, how to monitor a child's progress and work with educators to improve the performance of their children, the achievement levels of the challenging State Academic Standards.

8. Jointly develop the Family-School Compact, evaluate the school-wide plan and the Family Engagement Policy with families to outline the shared responsibilities for improving student academic achievement.

9. Provide opportunities for regular parent meetings where parents can formulate suggestions and to participate, as appropriate, in decisions relating to the education of their children. Fleming will respond to any suggestions within a designated time frame. Meetings will include disbursement of materials and training, such as literacy and technology training, to help families work with their children to improve achievement.

10. Educate teachers, staff, and families, in the value of teamwork and open communication. Teachers, specialized instructional support personnel, principals, and other school leaders and staff, with the assistance of parents, will receive training in the value and utility of contributions of parents; how to reach out, communicate, and work with parents as equal partners; implement and coordinate parent programs; and build ties between parents and the school.

11. Coordinate and integrate family engagement programs.

12. Ensure that information related to school and family programs, meetings, and other activities is sent to the families of participating children in their home language. Additionally, the school will ensure parent understanding by providing opportunities for the informed participation of parents and family members in the decision-making process, (including parents and family members who have limited English proficiency, parents and family members with disabilities, and parents of family members of migratory children), where appropriate.

13. Allow families/guardians reasonable access to staff, as well as opportunities to volunteer, participate, and observe in their child’s classroom.

14. Provide opportunities for families to meet as requested to formulate suggestions and to participate, as appropriate, in decisions related to the education of their children, and respond to any suggestions as soon as practically possible.

15. Offer conferences at flexible times during the day.

16. Ensure, to the extent possible, that families, school staff, and students share in the responsibility for improved student achievement by distributing information regarding the school’s curriculum assessments and expected proficiency levels. Assistance will be provided to families in understanding the state’s academic standards and how to monitor student progress through written communications, conferences, and school reports.

When possible, Fleming may:

1. Share with families regarding the types of training staff and other educators participate in to improve instruction.

2. Pay reasonable and necessary expenses associated with school-based family engagement activities.

3. Adopt and implement model approaches to improving family engagement.

4. Establish a family advisory council to provide advice on all matters related to family engagement.

5. Develop appropriate roles for community-based organizations; other federal, state, and local programs; and businesses in family activities.

### 4.2: Offer flexible number of parent involvement meetings

The campus provided four Title I Parent Meetings and each meeting had an alternate time/date to accommodate parents' schedules. The meeting dates are listed below:

- **Meeting #1** - September 29, 2022 (PM) | September 30, 2022 (AM)
- **Meeting #2** - December 15, 2022 (PM) | December 16, 2022 (AM)
- **Meeting #3** - February 16, 2023 (PM) | February 17, 2023 (AM)
- **Meeting #4** - April 20, 2023 (PM) | April 21, 2023 (AM)
Fleming provides a flexible number of meetings for parents. The parents meet 4 times annually and serve on a Parent Advisory Council. At Fleming we encourage our parents to participate in all enrichment activities as well as academic focused training and workshops such as Language Acquisition courses, technology training and many academic and social/emotional focused workshops. We also have a volunteer program in place where parents may donate their time and their talents in the parent center in areas, such as reading in the classroom, participating in College and Career Days.

5. Targeted Assistance Schools Only

5.1: Determine which students will be served by following local policy

African American students will be targeted in Math and Reading student achievement.
