HISD Foundation set to host 2023 State of the Schools Address

WHAT: The Houston Independent School District Foundation's annual State of the Schools will focus on honoring our past and inspiring our future as we celebrate 100 years of educational success at HISD.

This event is one of the most significant fundraising events held in support of HISD students and their education. With the funds collected, students and educators are provided with the support needed for projects and programs that fall outside of the district's normal operating budget in the areas of college and career readiness, comprehensive support, innovation, and equity. These are opportunities that may include grief support, drone technology, new builds of teacher classrooms, and more. All of which will help expand the student's mindset and their horizons to become the best version of themselves.

Superintendent Millard House II will deliver the State of the Schools address and engage in a fireside chat during the event. Proceeds from the event go directly to the Houston ISD Foundation. To register for and/or sponsor this event, [click here](#).
