Campus Needs Analysis 2023-2024

II. Campus SWOT Analysis

SWOT analysis is a guideline for understanding the strengths, weaknesses, opportunities, and threats relevant to our school. It helps us see:

Strengths (Which areas are thriving?)

Weaknesses (Which areas need development?)

Opportunities (Which areas are stagnant?)

Threats (Which areas could ruin everything?)

III. Questions

SDMC Members will have opportunities to ask questions regarding the campus needs analysis.
