

**Campus Needs Analysis Minutes
Scarborough Elementary
October 25, 2023
Time 3:00 p.m.**

I. Introduction

Principal, Miriam Medina
Campus Needs Analysis 2023-2024

II. Campus SWOT Analysis

Strengths (Which areas are thriving?)
Weaknesses (Which areas need development?)
Opportunities (Which areas are stagnant?)
Threats (Which areas could ruin everything?)

III. Questions

- How can we better monitor student tardies and absences district-wide?
- How can we educate parents about school accountability?

IV. Minutes Section

- Strengths - Teachers willing to improve school initiatives, positive school climate for all stakeholders, dual language program, grow our own from paraprofessionals to teachers.
- Weaknesses - Student attendances
- Opportunities – Parent involvement is stagnant for low performing students
- Threats – Our school is on a flood zone – any continuous light rain will flood surrounding streets which results parents not sending students to school and/or picking up students early

Meeting adjourned 3:45 p.m.
