

**MEMORANDUM**

August 14, 2020

TO: Board Members

FROM: Grenita Lathan, Ph.D.  
Interim Superintendent of Schools

SUBJECT: **2020 TEA ACCOUNTABILITY RATINGS**

CONTACT: Allison Matney, (713) 556-6700

Due to the impact of COVID-19 which resulted in the cancellation of STAAR testing in spring 2020, all campuses and districts in Texas have been labeled *Not Rated: Declared State of Disaster* for 2020 in the state accountability system. Campuses that received F ratings in 2019 (**Table 1**) will continue to engage in improvement activities as directed by TEA during the 2020–2021 school year. For determining the escalation of future interventions based on multi-year F ratings, 2019 and 2021 will be considered consecutive years.

TEA Commissioner Morath is currently gathering input from the Accountability Technical Advisory Committee (ATAC), Accountability Policy Advisory Committee (APAC), and other stakeholders regarding 2021 accountability ratings. To date, all discussions assume that ratings will be issued based on modifications to the existing system. The target date for final decisions is the end of December, and changes to the system will likely require federal approval.

Based on a statewide waiver from the U.S. Department of Education, all intervention identifications for federal accountability for 2019–2020 will be maintained in 2020–2021. Required improvement activities for these campuses (**Table 2**) are differentiated based on the three levels of identification in the federal system and will continue in the 2020–2021 school year.
