Character Ed: School Pride

This month is all about TEAMWORK and being PROUD to represent Alcott Elementary!! We are building a school environment that is safe, collaborative and supportive. At Alcott, all classrooms use cooperative group seating arrangements so that students are able to work together on daily assignments and projects. Not only does this type of collaboration help students academically, it also helps them socially! Students are learning how to work with people from different backgrounds and they are learning to respect each others individual differences! We want our Owls to understand that we can all achieve more as a team!! Here are a few stories that you can share about team work and community building!! GO TEAM ALCOTT!!!
