

MEMORANDUM

September 14, 2009

TO: Board Members

FROM: Terry B. Grier, Ed.D.
Superintendent of Schools

CONTACT: Carla Stevens, (713) 556-6700

SUBJECT: **DISTRICT AND SCHOOL SSI PERFORMANCE REPORT:
2008–2009**

Attached is a copy of the District and School Student Success Initiative (SSI) performance report for 2008–2009. This memo provides the English and Spanish combined districtwide results from the three (3) administrations of the third, fifth, and eighth grade reading TAKS and the fifth and eighth grade math TAKS. The number and percent of students that passed were calculated for each of the three (3) administrations of the TAKS in each subject. A cumulative count of students tested combining these three administrations was also calculated by subject and grade.

Some of this year's highlights are as follows.

- When a cumulative rate for the combining of data from all three administrations was calculated based on the March cohort, the results indicated that, of the 15,446 HISD third-grade students tested, 94% passed the reading TAKS and met the state-mandated requirements of the SSI, matching the passing rate from 2008.
- The cumulative rate based on the March cohort of the 13,163 fifth-grade students assessed for reading showed that 90% passed the TAKS subtest, which also matches the 2008 results. The math passing rate for the April cohort of 13,198 fifth graders was 93%, up from 91% in 2008.
- The cumulative rate based on the 11,533 eighth-grade students assessed for reading was 93%, up from 92% in 2008. The math passing rate for the April cohort of 11,433 eighth graders was 82%, up from 78% in 2008.

Should you have any further questions, please contact my office or Carla Stevens in Research and Accountability at (713) 556–6700.
