FOREWORD

The outstanding achievements outlined in this edition of District and School Profiles reflect the hard work and dedication of our students, parents, employees, and business and community partners, and every member of Team HISD. There were significant gains in student achievement and college readiness, the Class of 2010 received \$97 million in scholarship offers, and our schools earned record levels of state and national recognition. HISD awarded more than \$40 million in performance pay for helping to increase student achievement, a survey showed increased public satisfaction with HISD's work in educating Houston's children, and the district's long-time commitment to fiscal responsibility earned an upgrade in its bond rating.

But like urban school districts everywhere in America, HISD is facing difficult realities. Reductions in state and federal funding are forcing us to make some hard financial decisions. Students are facing higher standards for college entrance, and more-comprehensive skill sets are needed for success in both higher education and a career. In fact, the differences between what's needed to get into college and to pursue a career are negligible; just about the same level of preparation is needed.

That's why HISD is committed to preparing all students for college and a career, whichever path they choose to follow after graduation. The number of students taking dual-credit, Advanced Placement, and International Baccalaureate courses rose dramatically this year, and we will continue to urge students to enroll in classes that challenge them to learn and perform at high levels. The district also stepped up its efforts to inform students and parents about college-admission requirements, processes, and funding opportunities.

While HISD is justifiably proud of its high-performing students and is committed to helping them achieve even more, we also need to reach out to help the students who are not reading and performing on grade level. The district has launched a number of initiatives aimed at increasing literacy at all grade levels, and this year our newly created Grad Labs helped hundreds of struggling high-school seniors to graduate on time. HISD has also developed a program designed to improve teaching and learning first in priority schools and ultimately in all schools. The Apollo 20 Schools project will employ research-based strategies and the best practices in successful public and charter schools across America and right here in HISD. The Apollo 20 schools will be model schools for the rest of the nation, and the things that make them successful this year will then be replicated in schools throughout the district.

HISD is committed to building on its success in reforming public education in Houston and transforming itself into the best school district in the country. This effort will require the support of every member of Team HISD—employees, parents, students, community and business partners, and the entire Houston community, whether they have children in HISD schools or not. But this effort is essential to a bright future for our students and for our city.

Terry B. Grier, Ed.D.
Superintendent of Schools

Houston Independent School District

Overview

2009 – 2010 Overview of the Houston Independent School District

HOUSTON INDEPENDENT SCHOOL DISTRICT INITIATIVES FOR 2009–2010

INCREASE STUDENT ACHIEVEMENT

Reorganization Focuses on Quality Teachers and Exemplary Principals

HISD reorganized the district structure to focus on placing a quality teacher in every classroom and an exemplary principal in every school, and giving them the resources and support they need to perform at their best. The goal of the new organizational structure is to 1) optimize functions and services for schools through economies of scale and use of best practices and 2) ensure accountability at all levels. Divided by school levels (elementary, middle, and high), the new structure focuses on modifying the regional-superintendent and executive-principal structure and central-office departments and functions. Under the new system, three chief schools officers, 23 school improvement officers, and a school compliance officer (for external charter schools) are responsible for continuous improvement at the campus level.

Gains in Students' TAKS Performance

HISD is achieving its goal of preparing Houston's children to learn at the highest possible levels and earn "commended" status on the Texas Assessment of Knowledge and Skills by answering most questions correctly. In 2010, the social studies test produced the greatest gain, five percentage points, and the highest percentage, 71 percent, achieving commended status.

HISD Schools Meet the Federal Accountability Standard

For the 2010 preliminary ratings prior to appeals, 249 schools met Adequate Yearly Progress (AYP) and the number of schools missing AYP decreased to 25. In 2009, 235 HISD schools (90 percent) met the federal standard for AYP, receiving a rating of "Met AYP." Compared to the previous year's results, the number of HISD schools that met AYP standards increased from 222 to 235, and the number that missed AYP standards decreased from 50 to 27. For the 2010 preliminary ratings prior to appeals, 249 schools met AYP and the number of schools missing AYP decreased to 25.

HISD Leads Most Large Urban Districts on National Reading Test

HISD students are outperforming most of their peers in reading and mathematics compared to other big-city school districts across America, according to the "Nation's Report Card" released by the Department of Education. The 2009 National Assessment of Educational Progress (NAEP) Trial Urban District Assessment (TUDA) showed that HISD fourth- and eighth-graders, particularly minority students, had higher average scores than students in a majority of 18 urban districts that participated in the testing. In mathematics, HISD fourth and eighth grade students, overall and all student groups, had higher average scale scores than their peer in the large city school districts.

HISD Kindergartners Make Strong Gains on National Achievement Tests

Results of the Stanford 10 and Aprenda 3 national achievement tests show that HISD's kindergartners not in Special Education made steady and sometimes significant progress from 2009 to 2010. The percentage of kindergartners performing at or above grade level on the Stanford 10 test rose from 96 percent to 97 percent in reading, and from 76 percent to 77 percent in both mathematics and environment. Non-Special Education kindergartners also did well across the board on the Spanish-language Aprenda 3 achievement test. The percentage of students performing at or above grade level rose from 85 percent in 2009 to 89 percent in 2010 (reading), from 80 percent to 83 percent (mathematics), and from 78 percent to 81 percent (environment).

HISD Has More Top-Rated Schools

In the Texas Education Agency's final 2009 accountability ratings, HISD had 205 Exemplary and Recognized schools. In addition, 20 HISD high schools were rated Exemplary or Recognized, more than double the previous year's total of nine. The final tally was 84 Exemplary schools, 121 Recognized schools, 47 Academically Acceptable schools, and 12 Academically Unacceptable schools. For the 2010 preliminary ratings, the number of Exemplary and Recognized schools increased to 206.

HISD Topped Large Urban Texas Districts on Higher-Performing Schools List

A total of 87 HISD schools—more than Dallas, Fort Worth, and San Antonio combined—earned a place on Just for the Kids' Higher-Performing Schools list. The list is compiled annually by the National Center for Educational Achievement (NCEA). NCEA's analysis included student test results from spring 2007, 2008, and 2009.

HISD Schools on State Honor Roll

Twenty-two HISD schools were included on the Texas Business and Education Coalition (TBEC) 2010 list of Texas Honor Roll Schools. That was a new record for the district, which had 21 schools on the list in 2009, 18 in 2008, 16 in 2007, and 14 in 2006. The TBEC Honor Roll recognizes schools that have demonstrated three years of consistent high performance in all subjects compared to other schools serving similar student populations. The TBEC Honor Roll schools have the highest percentage of students performing at the state's most rigorous standard, "commended" performance, in every subject.

HISD Schools Win National Blue Ribbon School Award

Four HISD schools—Michael E. DeBakey High School for Health Professions and Garden Villas, John F. Kennedy and Dora Lantrip Elementary Schools—were among the 26 Texas public schools that won the prestigious national Blue Ribbon School Award in 2009. HISD has 3.2 percent of the schools in Texas, but it had 15.4 percent of the schools on the Blue Ribbon list, which named 264 public schools and 50 private schools nationally. For 2010, this number increased to five schools—Briar Meadow and Albert Sidney Johnston middle schools, and James Burrus, John Cornelius, and Oak Forest elementary schools—out of 25 schools in Texas.

HISD Campuses Named Top Schools by Children at Risk

A study conducted by Children at Risk and the *Houston Chronicle* ranked 14 HISD campuses in the top 10 of their respective category (elementary, middle, or high school). Among high schools, HISD's DeBakey High School for Health Professions was ranked first, followed by Carnegie Vanguard at second, Eastwood Academy at seventh, and the High School for the Performing and Visual Arts at eighth. At the middle-school level, T. H. Rogers was ranked first, followed by Energized for Excellence at second, Lanier at third, Project Chrysalis at sixth, and Briar-meadow at ninth. T. H. Rogers, which serves students in grades K–8, also earned the top spot in the elementary-school category, followed by Bush at second, J. P. Henderson at fourth, West University at ninth, and River Oaks at tenth.

HISD Schools on Magazine's "Best High Schools" List

Six HISD schools were on *U.S. News and World Report's* 2010 "Best High Schools" list. Carnegie Vanguard High School and Michael De-Bakey High School for Health Professions made the Top 100 list. DeBakey was placed at number 40 and Carnegie Vanguard at number 77. Both schools have made the Top 100 list since its inception three years ago.

Students Make Gains in College Readiness

The total number of HISD sophomores and juniors scoring a 45 or higher on the critical-reading section of the Preliminary SAT test in the fall of 2009 was 5,028, an increase from 4,549 the previous fall. In addition, the number of HISD sophomores and juniors scoring a 45 or higher on the mathematics section of the PSAT rose from 5,124 last fall to 6,512 in the fall of 2009, an increase of almost three percentage points (from 31 percent in 2008 to 34 percent in 2009). Also, the total number of HISD students with a composite score of 21 or higher on the ACT college-entrance exam rose from 638 in 2008 to 734 in 2009.

HISD Schools Receive ACT College Readiness Recognition

Four HISD high schools—Bellaire, Barbara Jordan, John Reagan, and Westbury—received the "2009 College Readiness Award" from the Texas ACT Council for increasing the number of students taking the ACT test, along with their level of achievement. It was the second straight year that Bellaire and Reagan earned this award.

Students Earning College Credit While Still in High School

The number of high-school students taking dual-credit courses rose dramatically, to 6,567 from the previous year's 4,602. The partnership between HISD and Houston Community College alone has resulted in the enrollment of more than 5,000 students, saving parents more than \$2 million in tuition. HISD also partners with other colleges and universities for dual credit, including the University of Houston-Downtown, the University of Texas at Austin, and the University of St. Thomas.

HISD Students Earning Diplomas and College Degrees Simultaneously

Sixty-seven members of the Class of 2010 received an associate of arts or associate of science degree from Houston Community College as well as their high-school diplomas. All of the students attended one of HISD's early college high schools. Thirty-four are from East Early College High School, 30 are from Challenge Early College High School, and three are from the Houston Academy for International Studies. Students enrolled in any of these three schools can simultaneously earn a high-school diploma and a college associate's degree in a unique five-year program. They will enter college as juniors, having completed the first two years of college tuition-free.

First Class Breakfast Program Expanded Districtwide

Because students who eat a good breakfast pay more attention in class, behave better in school, and earn better grades, HISD launched First Class Breakfast for all elementary and middle schools. First implemented in approximately 35 schools over the past three years, First Class Breakfast is a free breakfast-in-the-classroom program offered as an option for HISD students who may not get breakfast at home.

HISD's Online Credit-Recovery Initiative

To help struggling students stay in school and graduate on time, HISD placed computer labs, called Grad Labs, in every large, traditional high school, where struggling students receive supplemental learning opportunities through online coursework and tutoring on state tests and college-entrance exams. In addition, graduation coaches at these high schools identify at-risk students as early as ninth grade and develop intervention plans to keep them on track to four-year graduation. The Grad Labs operate with flexible lab hours to accommodate older students who may be holding down jobs to support a family. The Online Credit-Recovery Initiative also features dropout-prevention caseworkers who work with students, schools, and families to remove students' barriers to success and strengthen their connection to school. There are also programs such as the Advanced Virtual Academy at Scarborough High School and the Eagle Academy at six high schools where students can take classes on weekends and receive counseling.

HISD Awards Performance Pay

More than 15,000 HISD teachers, principals, instructional, and noninstructional staff members received performance pay totaling \$40.5 million for helping children improve in the classroom. This exceeded last year's award total by approximately \$8.9 million. In all, 15,710 HISD employees—88 percent of eligible HISD employees—received performance pay ranging from \$25 to \$15,530. The performance-pay program is part of ASPIRE (Accelerating Student Progress Increasing Results & Expectations), HISD's comprehensive school-improvement strategy. HISD's performance-pay program for teachers is one of the largest in the country.

HISD Holds First Annual Tier 1 and Ivy League University Forum

HISD invited representatives from the admissions offices at Brown, Harvard, Rice, Stanford, Vanderbilt, and Yale Universities to outline what it takes to get accepted at a Tier 1/Ivy League university. The panel also participated in several roundtable discussions with HISD board members, the superintendent of schools, middle- and high-schools principals, counselors, and college-access coordinators.

New Charter Schools Opened

HISD enlarged its portfolio of educational options with the creation of two new charter schools. The district's seventh early college high school is an HISD internal charter school on the Texas Southern University campus that will serve 400 students. Vision Academy is an external charter high school designed to prepare male high-school-age students to pursue postsecondary education or vocational trade certifications. Vision Academy also serves the students' families through a socio-educational program that includes parent support groups, parent training, student community-service initiatives, and community involvement.

HISD Helps Break World Reading Record

More than 1,300 "guest readers" visited HISD elementary schools on October 8, 2009, as part of Read for the Record Day—and for the second year in a row, the district helped Jumpstart (the event's coordinator) break the world record for the number of children being read to from the same book on the same day. The official featured selection was *The Very Hungry Caterpillar*, by Eric Carle, in honor of the fortieth anniversary of its first publication in 1969. The event reached nearly 33,000 students in prekindergarten and kindergarten classes across HISD.

IMPROVE HUMAN CAPITAL

HISD Recruiting Outstanding Teachers Nationwide

HISD reorganized Recruitment Services in alignment with the vision of recruiting, selecting, and retaining human capital. The district targeted top universities to find top talent. HISD recruiters traveled to California, Louisiana, Michigan, and Florida in search of talented educators. They focused on three critical shortage areas—bilingual education, secondary math, and secondary science—and offered hiring bonuses for new hires as well as a \$1,500 relocation incentive for those critical shortage areas. The search includes a four-phase screening process, and all teachers who are hired must successfully pass through all four phases.

Gates Foundation Validates HISD's Human Capital Transformation Approach/Strategies

In February 2010, the Bill & Melinda Gates Foundation released two "white papers" that validated HISD's human capital transformation approach/strategies. Strategies noted in the briefs were:

- Adopting multidimensional measures of teacher effectiveness, including measurements of students' academic growth over time,
- Creating better teacher evaluation tools and processes,
- Making the tenure decision a more meaningful milestone,
- Designing career pathways and differentiating compensation, and
- Attracting and placing highly effective teachers

PROVIDE A SAFE ENVIRONMENT

HISD Police Department Partners with FBI and DEA

To help prevent drug use and gang activity, the HISD Police Department—the only nationally accredited school-district police department in America—began providing one full-time officer to each of two federal law-enforcement agencies. One officer works with the Tactical Diversion Squad Task Force of the U.S. Department of Justice’s Drug Enforcement Agency to address illegal trafficking of prescription drugs. The other officer is assigned to the Federal Bureau of Investigation’s Multi-Agency Gang Task Force, which works with the FBI to identify and prosecute the leaders and members of violent street gangs.

Code of Student Conduct Strengthened

The Board of Education strengthened the *Code of Student Conduct*, which outlines student rights and responsibilities and the district’s expectations regarding student conduct, by banning “cyberbullying” (using the Internet or other technologies to harass, threaten, or humiliate another student) and “sexting” (using a cell phone or other personal communication device to send text or e-mail messages) and enhancing criminal penalties for engaging in gang activity on or within 1,000 feet of property that the district owns or leases.

Free H1N1 Vaccinations

To help prevent the spread of the H1N1 flu, HISD partnered with the Houston Department of Health and Human Services to make six HISD schools community distribution points for free vaccinations. The primary focus of this effort was to vaccinate school-age children and other people in high-risk groups.

INCREASE MANAGEMENT EFFECTIVENESS AND EFFICIENCY

HISD Receives Bond Rating Upgrade

Moody’s Investment Services upgraded the district’s general obligation bond rating from Aa2 to Aa1, affecting \$2.4 billion in outstanding debt. This increase in the district’s bond rating ensures that the district’s bonds are highly valued in the credit market and lower interest rates on these bonds will accrue to the district’s benefit.

HISD Receives Awards for Financial Excellence

HISD won the Government Finance Officers Association Certificate of Achievement for Excellence in Financial Reporting for the 36th consecutive year (more times than any other school district in the country). Also, the Association of School Business Officials International (ASBO) awarded HISD, for the 22nd consecutive year, the HBSO Certificate of Excellence award.

HISD Improves the Construction and Facilities Services Department

HISD commissioned the Council of the Great City Schools to study the Construction and Facility Services Department and recommend ways it could be improved. The study commended HISD for proactive actions to begin achieving its goals, maintaining school custodial staffs, and emphasizing customer service with schools. The recommendations included developing and implementing a comprehensive business plan and long-range master plan for facilities maintenance, using key performance indicators to measure the performance of each unit, creating a performance plan for each employee, reestablishing a preventive-maintenance program, and analyzing the option of outsourcing environmental services.

IMPROVE PUBLIC SUPPORT AND CONFIDENCE IN SCHOOLS

Increased Public Satisfaction with HISD

The results of an independent survey conducted early in 2009 show a marked increase in the percentage of people whose impression of the Houston Independent School District's values, actions, and operations is positive. The overall opinion among parents and the general population of the district and its schools in 2009 has risen significantly since 2007 (when the last survey was conducted), reflecting a 20 percent or greater increase in favorable ratings from both population segments.

Town Hall Meeting Stresses Good Nutrition and Wellness

HISD hosted a town-hall meeting at its new, state-of-the-art Food Services facility to increase awareness of the Healthy Kids, Healthy Schools wellness efforts and to encourage Houston's restaurant and business community to become more deeply involved in the initiative. The meeting was attended by representatives from the Mayor of Houston's office, the Houston Parks and Recreation Department, Baylor College of Medicine, the University of Texas' School of Public Health, the U.S. Department of Agriculture, and more than a dozen food-related businesses and restaurants.

HISD Hosts First College Fair for Parents

HISD's P-16 College and Career Readiness Department hosted the district's first College Fair for Parents. Parents of elementary-, middle-, and high-school students spoke with representatives from various colleges and universities about the admission process and learned valuable information about scholarships, financial aid, and college-readiness courses for students.

Soccer for Success Program Launched

The Houston Dynamo launched Soccer for Success, a new after-school program that teaches the fundamentals of soccer, builds life skills, and promotes a healthy lifestyle. The collaborative effort between the Dynamo, HISD, the Houston Parks and Recreation Department (HPARD), and the U.S. Soccer Foundation offers elementary- and middle-school students in grades 3 through 8 the opportunity to take part in a free, organized after-school soccer program at no charge. Soccer for Success, which targets at-risk Hispanic and African-American children, aims to reach 1,600 students during its initial two-year cycle. Over an eight-week period, trained HPARD staff members facilitate skills development through practices and games, and corporate sponsors provide homework helpers, guest speakers (topics to include goal-setting, career paths, staying in school), and volunteer coaches/mentors. Soccer for Success was launched in 11 HISD middle schools and four elementary schools.

HISD Doubles Number of Principal for a Day Participants

More than 150 local business and community leaders took part in HISD's sixth annual "Principal for a Day" initiative. The 153 guest principals took the helm of roughly half the schools in HISD, to learn exactly what it takes to lead a public elementary, middle, or high school in the nation's seventh-largest school district. The number of participants "shadowing" campus administrators as they went about their daily routines in 2009 doubled from that of the previous year's event.

CREATE A POSITIVE DISTRICT CULTURE

HISD's Educational Philosophy Expanded, Key Goals Revised

Improving the district's human capital at all levels of the organization, but especially in the teacher corps, is a cornerstone of the campaign to transform HISD. The district's original set of key goals did not include improving human capital, so the Board of Education officially added it to the list. "Improve Human Capital" is now Goal 2, just below the primary district goal of "Increase Student Achievement." The four other goals are now "Provide a Safe Environment," "Increase Management Effectiveness and Efficiency" ("Effectiveness" was added to the original goal), "Improve Public Support and Confidence in Schools," and "Create a Positive District Culture." "Provide Facilities-to-Standard Program," which previously was Goal 6, was eliminated. But the district's construction, renovation, and maintenance activities are still essential components of HISD's overall improvement efforts, and they are now part of the "Increase Management Effectiveness and Efficiency" goal.

2007 Facilities Campaign (Bond Program) Continues to Improve Facilities

Twenty-five new construction projects were under way as of January 8, 2010—ten under construction, two in the bid and award phase, and 13 in the design phase—and as many as eight additional new school projects were scheduled to move into the construction phase within the following three to six months. In addition, 134 renovation projects are part of the 2007 Facilities Capital Program, and 104 (nearly 80 percent) are in various phases of the design process. HISD has nearly 250 campuses that will benefit from the safety and security upgrades in the 2007 Facilities Capital Program, and the district has replaced running tracks at four sites (Dyer Stadium and Davis, Washington, and Westbury High Schools). Pending approval by the Board of Education, HISD will also replace tracks at 13 additional schools and make necessary repairs to two others.

Board Inaugurates Student Roundtable Discussions

The first in the Board of Education's ongoing series of student roundtable discussions featured 46 students from high schools throughout the district. They were polled prior to the meeting about issues that were important to them, and a list of discussion topics was developed. They included state and national achievement tests, college readiness, and Advanced Placement courses. The students also discussed with board members and Superintendent of Schools, Dr. Terry B. Grier, other issues that they are concerned about, such as effective and motivating teachers.

HISD Supports Haiti Relief Efforts

HISD's 2009 Combined Charities Campaign ended November 6. HISD reactivated its Combined Charities Campaign system to make giving to Haiti relief efforts easy for employees wishing to support Haiti earthquake relief efforts. The 2010 HISD Haiti Relief Campaign received a total of \$17,038 in employee pledges to four charitable federations representing more than 25 service organizations.

Alternative Certification Program Interns Sweep State Awards

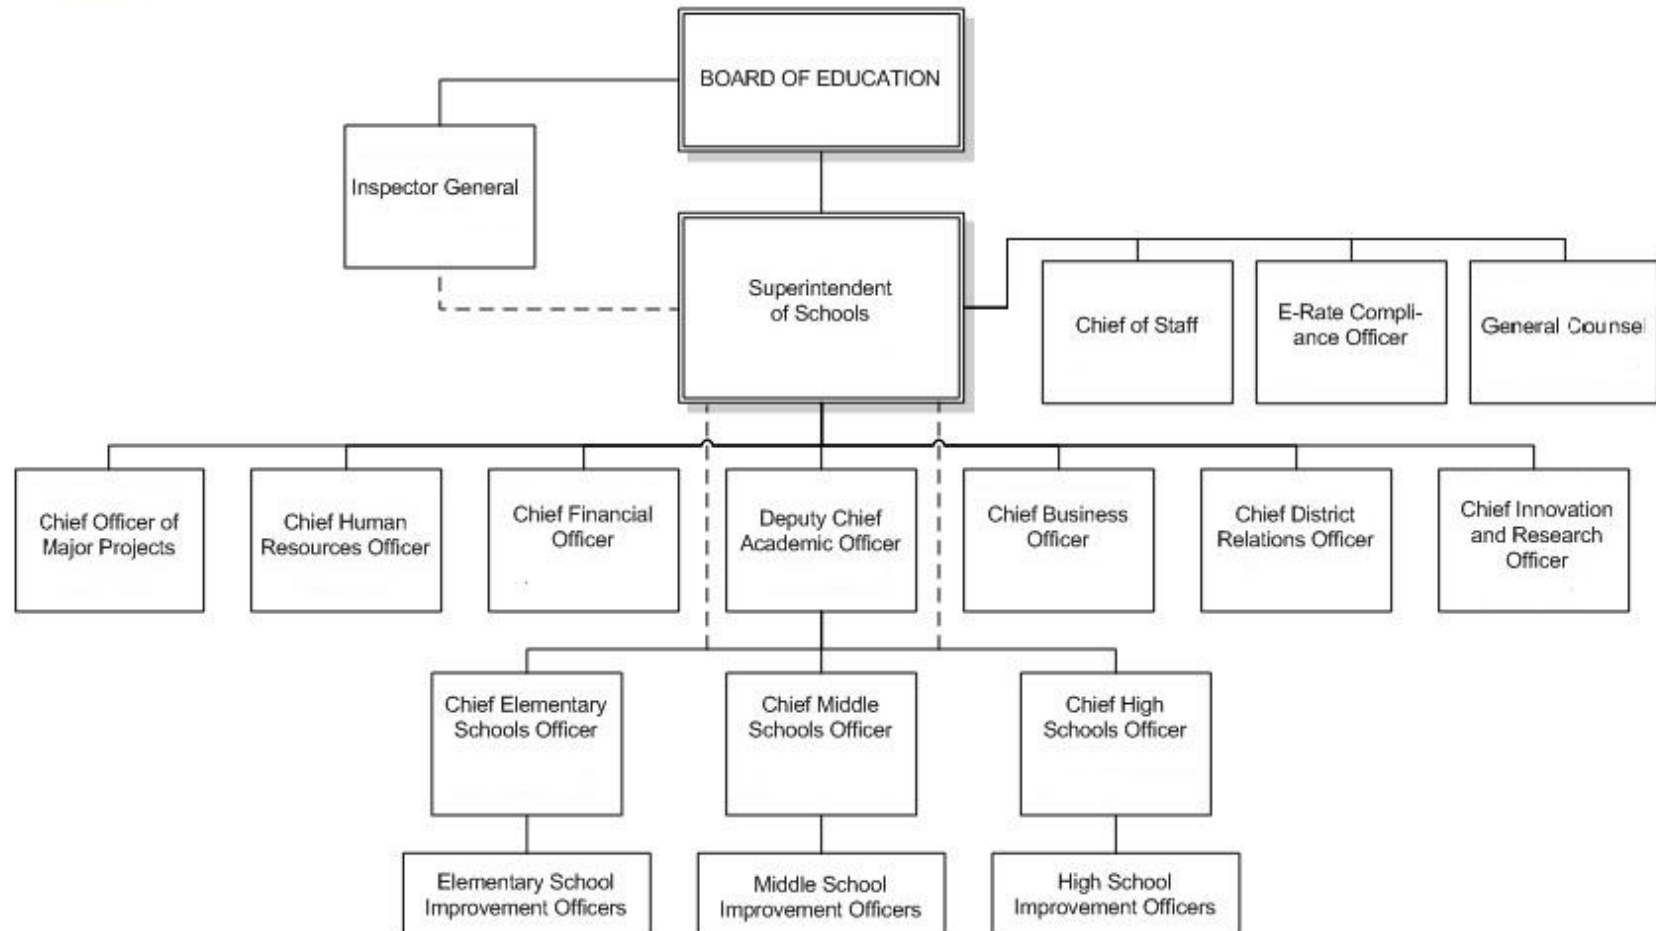

Three products of HISD's Alternative Certification Program were named the Interns of the Year by the Texas Alternative Certification Association. Greg Jones, a second-grade teacher at Jonathan Wainwright Elementary School; Kory Fontenot, who taught science at Walter Fondren Middle School; and Thayer Hutcheson, a life sciences teacher at Westside High School, were named the elementary-, middle-, and high-school Interns of the Year (respectively). It was the second time in four years that HISD dominated the Intern of the Year field at the state level.

HISD Creates Nation's First Custom Radio Station for a Major School District

HISD began live 24/7 Internet streaming of K12RadioHouston in July 2010 in preparation for students' return to class in the fall. Programming included a wide range of music and information about HISD, and the station is easily accessed across mobile digital networks, with a custom iPhone application that enables one-touch listening anywhere. In addition, sponsor support of K12RadioHouston will be a new source of revenue to the district. Channel 11, KHOU-TV, is the television partner for K12RadioHouston.

HOUSTON INDEPENDENT SCHOOL DISTRICT

APRIL 2010

MANAGEMENT DIVISIONS 2009 – 2010

Superintendent of Schools

The Superintendent of Schools of the Houston Independent School District is responsible for coordination of the overall administration of the school district and liaison with the Board of Education. Directly reporting to this office are the Inspector General, Chief of Staff, E-Rate Compliance Officer, General Counsel, Chief Officer of Major Projects, Chief Human Resources Officer, Chief Financial Officer, Deputy Chief Academic Officer, Chief Business Officer, Chief District Relations Officer, and Chief Innovation and Research Officer.

Inspector General

The Inspector General is responsible for conducting a broad, comprehensive program of financial, compliance, operational, activity fund, campus, construction, information systems, and property tax audits within the district. Fact-filled reports are issued based on professional audit, investigative, and inspection standards. Standards comply with those promulgated by appropriate professional oversight organizations, such as the Institute of Internal Auditors, Association of Certified Fraud Examiners, the American Institute of Certified Public Accountants, and other such professional oversight organizations.

Chief of Staff

The Chief of Staff facilitates coordination and communication among the direct reports of the Superintendent of Schools so that the Superintendent is informed about current issues and areas of need within the district and that the Superintendent's instructions to staff are carried out. The Chief of Staff also oversees staff communication with members of the HISD Board of Education; all board and administrative policy development, revision, and maintenance; and activities related to government relations. The office includes Board Services (coordinating communication with and support of the Board of Education and serving as liaison between staff and board members), Policy Administration (coordinating board agenda preparation, board and administrative policy activities) and Government Relations (coordinates activities and facilitates relations between district and political representatives at the local, state, and federal levels).

E-Rate Compliance Officer

The E-Rate Compliance Officer is responsible for the overall effectiveness of the E-Rate Compliance Program. The E-Rate Officer must understand the pulse of the organization to ensure compliance matters are at the forefront of each employee. Using the “tone at the top” from the Superintendent of Schools, cabinet members, and Board members, this office must be in position to influence decisions that result in a compliant and ethical organization that wins the respect of the general public. Successful compliance yields the most valuable education for HISD students.

General Counsel

The General Counsel serves as in-house legal counsel to the Superintendent of Schools and staff on various issues in school law relating to local, state, and federal laws, rules, and regulations as well as district policy and administrative procedures. The General Counsel represents the school district in judicial and administrative proceedings and monitors the legal services contracted from outside law firms. The office assists in grievance and employee disciplinary matters including termination and nonrenewal hearings. It also coordinates the school district's responses to investigations by the Texas Education Agency, Office of Civil Rights of the U.S. Department of Education and other state and federal agencies.

The General Counsel conducts professional development training for staff and provides legal assistance in drafting and revisions of district policies and procedures.

Chief Officer of Major Projects

The Chief Officer of Major Projects is responsible for the leadership and management of key district initiatives through the use of sound project management practices, cross-functional teams, effective communications strategies, leveraged resources and human capital, and change and risk management strategies to build capacity and optimize impact and long-term sustainability. The office is also responsible for ensuring the use of research- and evidenced-based practices as a foundation within key initiatives and for working collaboratively internally and with external stakeholders to foster strong partnerships for success and development and replication of best practices.

Chief Human Resources Officer

The Chief Human Resources Officer provides strategic leadership to a full-service Human Resources division including Recruitment, Staffing, Compensation, Human Resources Customer Service, Employee Assessment, Employee Relations, the Equal Employment Opportunity Office, Certification, Alternative Certification Intake, and the Associate Teacher's Office.

Chief Financial Officer

The Chief Financial Officer is responsible for the direction, management, and supervision of all aspects of the finance functions of the district, including the receipt, disbursement, reimbursement, investment, control, planning for allocation, and reporting of the financial resources of the district. The office is also responsible for oversight and development of the district's external business activities whereby the district provides services and products to outside organizations in order to enhance the district's revenue and gain exposure for the district as the foremost source of information and assistance in public education. The departments within the office are: Finance, Budgeting, and Financial Planning, Benefits and Risk Management, ERP Office, Medicaid Finance, Materials Management, Technology and Information Systems, Business Manager Training, Business Assistance, Business Development, and Finance Attorney, Tax and Real Estate.

Deputy Chief Academic Officer

The Deputy Chief Academic Officer assists the Superintendent of Schools with day-to-day district operations related to academic support activities. Academic Services is responsible for guiding the development of the district initiatives intended to maximize student learning. The Deputy Chief Academic Officer is also responsible for the evaluation of student achievement throughout the district. The offices and departments reporting to the Deputy Chief Academic Officer include Elementary and Secondary Curriculum, Special Populations, Special Education, School Support Services, and Academic Services.

Chief Business Officer

The Chief Business Officer is responsible for all HISD construction, including the \$805-million bond program approved in 2007. In addition, he oversees the day-to-day operations of Construction and Facility Services, Food Services, the HISD Police Department, and Transportation Services.

Chief District Relations Officer

The Chief District Relations Officer is responsible for directing and coordinating the district's varied internal and external communications and oversees six key departments. Media Relations coordinates news coverage of the school district and is responsible for overseeing official communications between the school system and the news media. Communications Services encompasses publications, translation services, and the HISDConnect Web portal. Instructional Media Services produces the district's television programming and inservice videotapes. Strategic Partnerships manages business and community partnerships, special events, and the HISD Foundation. Administrative Services handles districtwide graphics, printing, distribution, and mail services; and maintaining and archiving districtwide records. The Chief District Relations Officer also supervises the HISD Information Center.

Chief Innovation and Research Officer

The Chief Innovation and Research Officer researches current best practices and innovations in urban education, brings to HISD those that most benefit students in large big-city school systems, oversees the district's Research and Accountability Department and Student Assessment Department, and establishes long-term partnerships with the private, public, and education sectors that will result in funding and other support for research and new initiatives.

Chief School Officers

Chief Schools Officers provide input to the superintendent of schools and deputy chief academic officer on the selection and assignment of school administrators. They develop overall strategic plans for the elementary, middle or high schools, defines critical issues, identify resource requirements, and sets bold, measurable, and achievable goals focused on student academic growth. They also recruit, select, supervise, monitor, and evaluate the 20 school improvement officers and the school compliance officer. All of these administrators work directly with principals by school type to provide the most aligned support so that the challenges specific to each school level can be met.

School Improvement Officers

School Improvement Officers are responsible for helping principals to create high-quality instructional teams and programs focused on student academic growth, to establish and achieve bold and measurable goals, and to work with their school communities. They provide mentoring and leadership to principals, align resources and supports for teachers, and ensure that the district is providing equitable and quality educational opportunities for its students.

Annual Dropout Rates Grades 7–12

Note:

Dropout rates were based on cumulative enrollment. Beginning with the 2002–2003 annual rate, TEA used the rate for grades 7 and 8 in its accountability system. In 2005–2006, the National Center for Educational Statistics dropout definition was used to calculate dropout rates for accountability.

The school takes disruptive students who are performing below grade level and devises a curriculum and an educational progress plan that is formulated to meet each student's needs. Upon successful completion of the program, students are returned to a regular school setting.

Both general and special education services are available through age 21. Working closely with parents and local agencies, HISD teachers, teacher aides, and Community Services personnel present continuous instruction from kindergarten through twelfth grade in the setting that appropriately meets the individual student's needs and limitations.

School-Based Programs						Focus					
Special Education	Magnet			Multilingual		The North Alternative School is a Disciplinary Alternative Education Program (DAEP). Mandatory student placement in this program requires the commission of a Level 4 or Level 5 offense as outlined in the HISD Code of Student Conduct. Students with many Level 3 violations may also be placed in the program. As a DAEP, it has a mandate to focus on student behavior. This is done by using positive behavior modification, counseling, diagnostic services, and by fostering a sense of community within the school. Academics focus on TEKS using HISD's CLEAR Curriculum. It has full programs in Special Education and Bilingual Education as well as Regular Education. NOTE: CAMPUS 366 and 339 data are combined for 2009-2010 profiles.

School-Based Programs						Focus					
Special Education		Magnet		Multilingual		Opened in August 1997, Briarmeadow Charter School provides a choice for families living in the Pilgrim, Briargrove, Piney Point and Emerson school zones. The inquiry-based, project approach at BCS takes students beyond basic skills by requiring application of knowledge and critical thinking. Every student is challenged with strategies designed for academically gifted programs, as well as talent identification and enrichment in music, visual arts, technology, languages, athletics and leadership.

School-Based Programs						Focus					
Special Education	Magnet			Multilingual		Children from pre-kindergarten through grade 5 study in small groups called "learning communities" at Cage, a campus charter school in Houston's East End. Membership in those communities nurtures students" sense of belonging, pride in scholastic accomplishment, and solid preparation for the adult working world. By enabling teachers to get to know their students in depth, Cage creates instructional opportunities specific to the talents and interests of the individual children.

School-Based Programs						Focus					
Special Education	Magnet			Multilingual		The Kaleidoscope School/Escuela Caleidoscopio was chartered as a school-within-a-school, located on the L.T. Cunningham Elementary School Campus, to serve middle school students in grades 6-8. The school serves students in the Cunningham and Benavidez school zones, with priority given to Cunningham students. It is a process-oriented middle school based on the small school concept and grounded in multicultural, biliterate and bilingual techniques. The school also functions as a teacher training site for developing new approaches to issues of early adolescent education.

05-06	06-07	07-08	08-09	09-10 (Prelim.)		Lanier Middle School's Beacon for Educational Possibilities was developed as a whole school charter that promoted an academic and purposeful education for Lanier students in grades 6-8, and demonstrated the possibility of achieving similar results for all students. To accomplish this, the charter established a school-based center for research and development of best educational practices. The school also serves as a catalyst for effective school reform and systemic change.

Project Chrysalis is a program charter school for grades 6-8 operating within Cage Elementary School. The instructional emphasis is on interdisciplinary learning and project-based activities. Students also benefit from resources and learning opportunities made available by the local business community, such as mentorship and real-life experience of the business world the students will be entering in a few years.

05-06	06-07	07-08	08-09	09-10 (Prelim.)		This external campus charter has designed an educational plan to increase student academic success by strengthening, expanding, and linking academic programs in a learning-hub environment. The plan contains a design specifically for boys, assimilation of mentors into academic studies, activity-oriented lessons, a linked core curriculum, integration of technology with math and science, hubs as learning environments, and a student Academy Court system for behavior management. The targeted school population is adolescent males men in grades 6 through 8 in southeast Houston who would benefit from a strong academic program that stresses values, ethics, self-esteem, and commitment to the community. W. A. L. I. P. P. PEIMS data for teachers and staff are not available.

School-Based Programs						Focus					
Special Education	Magnet			Multilingual		Young Learners is a contract charter school especially for eligible pre-kindergartners. The school applies developmentally appropriate practices based on principles established by the National Association for the Education of Young Children. The goal is to give young learners in a Head Start program the high-quality educational preparation that will enable them to flourish in first grade.

Glossary

GLOSSARY

DEFINITION OF TERMS AND DATA SOURCES

Bracketed Items indicate sections in the School-level pages

ACADEMIC EXCELLENCE INDICATOR SYSTEM (AEIS):

An information management system produced by the Texas Education Agency for the public schools of Texas which uses a standard collection of performance and profile data. Performance data are comprised of AEIS performance indicators—TAKS, student attendance, dropout rate, advanced courses, as well as school completion information. The profile section contains information on student and staff demographics, budgeted financial information, school program information, and class size information.

ACCOUNTABILITY SYSTEM - TEXAS EDUCATION AGENCY (TEA) [ACCOUNTABILITY]:

The state redesigned the accountability system based on the TAKS test beginning with the 2003–2004 school year. TAKS passing rates in reading/English language arts, mathematics, writing, science, and social studies for all students and each of the four student groups: African American, Hispanic, White, and Economically Disadvantaged were analyzed to determine a campus's rating. In addition to TAKS scores, annual dropout rates for grades 7–8, and completion rates for high schools were analyzed. The ratings given by the state were Exemplary, Recognized, Academically Acceptable, and Academically Unacceptable. Ratings were determined by the lowest performance on any of 35 possible indicators.

ACT [STUDENT ACHIEVEMENT]:

The ACT is a national college-admission exam. It assesses both the general educational level of high school students and their readiness for college-level work. The ACT consists of four tests: English, mathematics, reading, and science reasoning. The tests are curriculum-based and universally accepted by U.S. colleges and universities. The percentage of all students at or above the ACT criterion, 24, is presented for the 2004–2005 through 2008–2009 school years. The percent is

calculated by taking the number of examinees who scored at or above the criterion divided by the number of examinees.

ADEQUATE YEARLY PROGRESS (AYP):

All public schools campuses, school districts, and the state are evaluated for AYP under the accountability provisions in the No Child Left Behind (NCLB) Act. They are required to meet AYP criteria on three measures: Reading/Language Arts, Mathematics, and either Graduation Rate (for high schools and districts) or Attendance Rate (for elementary and middle/junior high schools). If a campus, district, or state that is receiving Title I, Part A funds fails to meet AYP for two consecutive years, that campus, district, or state is subject to certain requirements such as offering supplemental education services, offering school choice, and/or taking corrective actions.

ADVANCED ACADEMICS [SCHOOL BASED PROGRAMS]:

Programs designed to meet the needs of the gifted/talented and high-achieving students in their neighborhood school. These programs are developed around TEA/HISD gifted and talented policies, yet can be tailored to meet the specific needs of each neighborhood.

Elementary: Vanguard Neighborhood (VN), Vanguard Magnet (VM)

Grades 6–8: International Baccalaureate Middle Years Program (IBMYP), Pre-Advanced Placement for high-achieving and G/T students, VN, VM

Grades 9–12: IBMYP for grades 9 and 10, Pre-Advanced Placement for high-achieving and G/T students grades 9–11, College Board Advanced Placement for high-achieving and G/T students grades 9–12, International Baccalaureate Diploma Program for high-achieving and G/T students grades 11 and 12, VM, VN.

ADVANCED DEGREES [TEACHER PROFILE]:

Percentages of teachers at the school whose highest degree earned is a Master's or Doctoral degree.

ADVANCED PLACEMENT (AP) AND PRE-AP (SECONDARY) [SCHOOL BASED PROGRAMS]:

The College Board's AP Program provides students with the opportunity to partake in college-level coursework and exams while in high school. Students may earn college credit or advanced placement in college courses via the AP Program. Each AP course concludes with a college-level exam. AP teachers are dedicated and passionate about the content they teach and are required to submit a syllabus for approval to the College Board. Pre-AP coursework in middle and/or early high school classes prepares students for the rigor of AP courses. AP and Pre-AP courses help students develop strong study skills, habits of mind, and critical thinking skills needed for college.

ALTERNATIVE PLACEMENT [STUDENT OUTCOMES]:

A disciplinary action in which a student has been placed in an alternative educational program that is in a setting other than the student's regular classroom. Placement occurs in accordance with Section 37.008 of the Texas Education Code.

APRENDAS: LA PRUEBA DE LOGROS EN ESPAÑOL [STUDENT ACHIEVEMENT]:

Modeled after its companion, the Stanford 10, and developed by Hispanic educators, Aprenda 3 is the most culturally inclusive Spanish-language assessment of academic standards. It is based on the latest national norms (2004) and expanded beyond the scope of previous editions to include environment/science and social science.

As a non-biased, norm-referenced measure, the Aprenda 3 provides a culturally fair method of determining the relative standing of HISD Spanish-speaking students' academic performance when compared to that of Spanish-speaking students from a nationally representative sample.

The construction of the Aprenda 3 was aligned with the content measured by the Stanford Achievement Test Series (specifically, the Stanford 10), and the Aprenda 3 was manufactured to meet the needs of the students receiving most of their instruction in Spanish at all grade levels, K–12. Although parallel in content to the Stanford 10, Aprenda 3 is not a translation. Subtests in the following academic areas were included in the Aprenda in order to provide a complete assessment of educational achievement – reading, language, mathematics, listening, environment/science, and social science. For all subtests, except *Calculos Matematicos* (Mathematics Computation), test items were developed entirely in Spanish in order to ensure a non-biased test construction process. The *Calculos Matematicos* subtest, which contains only numerals, was taken directly from the Stanford Achievement Test Series in order to provide a statistical link between the two batteries. Only reading, mathematics, language, environment/science, and social science Normal Grade Equivalents (NCEs) are reported.

During the week of January 20–28, 2010, HISD administered the Aprenda 3. The district policy is that all English Language Learner (ELL) students in grades 1–8 who receive reading and language arts instruction in Spanish take the Aprenda. Since this test is well standardized and norm-referenced, and is aligned with accepted bilingual curricula and objectives, the spring 2010 administration of the Aprenda should represent an objective and accurate assessment of the academic achievement of HISD students.

NCEs are reported for non-Special Education students to make comparisons from year to year and across grade levels. Since NCEs are based on an equal-interval scale, they can be added, subtracted, and averaged. NCEs range from a low of 1 to a high of 99, with 50 denoting average performance for the grade. Since reading and language arts instruction in Spanish is limited at the high school level (grades 9–12), the results are only recorded for grades 1–8.

An asterisk (*) located in the Aprenda subsection of the Student Achievement section indicates that fewer than five students in a grade

level at a school were tested.

ATTENDANCE RATE [TEACHER PROFILE]:

Teacher attendance is the percentage representing the total number of teacher days present divided by the total number of teacher duty days for 2005–2006 through 2009–2010. The total number of teacher days present is the total number of teacher duty days minus the total number of teacher absences. The total number of teacher duty days is the product of the total number of teaching positions at a school and the number of teacher duty days. From 2002–2003 to 2005–2006 mandatory and requested absences were used to calculate the attendance rate. Beginning with 2006–2007, only requested absences were used. N/A indicates that the attendance rate data were not reported. An asterisk (*) indicates there were fewer than five teachers with attendance data.

ATTENDANCE RATE [STUDENT OUTCOMES]:

The ratio of students' days present to total days in membership for the 2004–2005 through 2008–2009 school years. Students in all grades are included in the calculation.

AT-RISK [STUDENT PROFILE]:

The at-risk rate is based on enrollment from pre-kindergarten through twelfth grade. This rate includes at-risk categories identified by the state. Elementary students in pre-kindergarten through third grade are designated as “at-risk” of dropping out of school if they did not perform satisfactorily on the HISD pre-kindergarten language arts assessment, the mCLASS CIRCLE assessment or the Texas Primary Reading Inventory (TPRI)/Tejas Lee. Secondary students are “at-risk” if they failed two or more foundation courses during the previous year or are not passing two or more foundation courses during the current semester. Elementary and secondary school students are designated as “at-risk” of dropping out of school if they are Limited English Proficient (LEP), failed any section of TAKS on the most recent attempt, were not advanced from one grade level to the next for one or more school years. Additional criteria include students who are pregnant and/or a parent, are homeless, have been previously reported as a drop-

out, reside in a residential placement facility, are in the custody or care of the Department of Protective and Regulatory Services, attend a disciplinary alternative education program, are on conditional release through the judicial courts, or have been expelled during the preceding or current school year.

BILINGUAL [STUDENT PROFILE]:

Percentage of students identified as LEP and provided bilingual education service, including basic curriculum skills in their native language and language skill development in English through English as a Second Language methodology.

CAREER AND TECHNICAL EDUCATION

[SCHOOL BASED PROGRAMS]:

Educational programs developed around a variety of career pathways, which include both rigorous academic and career courses, commencing in the ninth grade and leading to industry certification/licensures, an associate degree, and/or a baccalaureate degree. A variety of educational programs can be selected from one of the eight clusters listed below:

- Agriculture, Food & Natural Resources
- Architecture & Construction
- Arts, A/V Technology & Communication
- Business, Management & Administration
- Education & Training
- Finance
- Government and Public Administration
- Health Science
- Hospitality and Tourism
- Human Services
- Information Technology
- Law, Public Safety, Corrections & Security
- Manufacturing
- Marketing, Sales, and Services
- Science, Tech., Engineering, and Mathematics
- Transportation, Distribution, and Logistics

CHANCERY STUDENT MANAGEMENT SYSTEM (SMS) :

Chancery was implemented during the 2005–2006 year. This student-information system enables teachers and principals to generate reports and record absences, tardies, and course and conduct grades online. It also provides student data to any system that needs data from HISD’s student information system, such as Transportation Services, Food Services, Federal and State Compliance, the textbook warehouse, the *Connect-ED* phone-message system, and the Parent Portal team.

CHARTER SCHOOL (CHARTER FOCUS):

Charter Schools are schools designed to offer equitable choices within the public school system. The basic premise is that they are released from some state laws, State Board of Education (SBOE) rules, and TEA regulations in return for increased student performance.

COMPENSATORY EDUCATION [TEACHER PROFILE]:

Programs and instructional services designed for at-risk students. These programs and services are funded with State Compensatory Education funds.

COMPLETION RATE [STUDENT OUTCOME]:

This indicator shows the status of a group (cohort) of students after four years in high school. This rate was used in determining the standard accountability ratings. Completion I rates were used beginning with the 2005–2006 accountability ratings. These rates summed the percentages of students who graduated or were still enrolled in school after four years.

DISCIPLINARY ACTIONS [STUDENT OUTCOMES]:

Disciplinary actions were recorded between the 2004–2005 and 2008–2009 school years in accordance with Chapter 37 (Discipline, Law and Order) of the Texas Education Code. Disciplinary codes reported in the Profiles include out-of-school and in-school suspensions, expulsions to juvenile justice and other alternative education programs (AEPs), and placement in an AEP as directed by Chapter 37. The total number of reported disciplinary actions also includes continuation of

another district’s AEP placement or expulsion order and “other” actions.

DISTINGUISHED ACHIEVEMENT DIPLOMA [STUDENT OUTCOMES]:

Number of students meeting the requirements of the Distinguished Achievement Diploma Program. Students graduating with this diploma meet the same requirements as the Recommended Diploma. In addition, students must successfully complete four advanced measures from the following categories: original research project, test scores, and/or college courses.

DROPOUT RATE [STUDENT OUTCOMES]:

The annual student dropout rate is calculated as the number of dropouts in grades 7 through 12, divided by the number of students enrolled in grades 7 through 12. This calculation is based on a cumulative count of student enrollment. The dropout rate is the previous year’s rate reported by the Texas Education Agency.

ENGLISH AS A SECOND LANGUAGE (ESL) [STUDENT PROFILE]:

Percentage of limited English proficient (LEP) students participating in an English language development program including intensive English instruction in all subjects, focusing on the language arts through the use of English as a Second Language methodology.

ENROLLMENT [STUDENT PROFILE]:

Number of students enrolled at the school on the last Friday in October for each of the years reported. It includes the number of students who were served at least two hours per day.

EXPULSION [STUDENT OUTCOMES]:

Disciplinary removal from a school for more than three consecutive school days but not longer than one calendar year. Weapons violations result in expulsion in accordance with the district’s Zero Tolerance Policy. Expulsion requires a formal hearing with school administrators.

FREE/REDUCED LUNCH [STUDENT PROFILE]:

Percentages of students approved for free or reduced price lunch at the school.

GIFTED/TALENTED [STUDENT PROFILE]:

These students participate in a Gifted/Talented program, which offers a challenging, differentiated, and extended curriculum to develop higher-order thinking skills and encourage independence and decision-making.

GRADES SERVED [STUDENT PROFILE]:

Grade levels taught at the school during 2009–2010. To be eligible for pre-kindergarten, students must be identified either as LEP or eligible for the free/reduced lunch program.

GRADUATE COUNT [STUDENT OUTCOMES]: Number of graduates from each graduate cycle reported.

HONOR CLASSES [STUDENT PROFILE]:

Percentages represent the composition of students enrolled in honors, advanced placement, pre-advanced placement, international baccalaureate (IB) middle years program, and IB high school courses.

IN-SCHOOL SUSPENSION [STUDENT OUTCOMES]:

Disciplinary reassignment to another classroom or Campus-Based Disciplinary Alternative Education Program (DAEP). Instruction is provided. It is used as an alternative to out-of-school suspension.

INTERNATIONAL BACCALAUREATE (IB) DIPLOMA PROGRAM [SCHOOL BASED PROGRAMS]:

The IB program is designed for students ages 16–19. It is a comprehensive curriculum designed and administered by the International Baccalaureate Office in Geneva, Switzerland. Both the syllabi and the examinations are prepared and administered under the direction of a multi-national team of examiners. The IB program emphasizes a philosophy of learning which accommodates the diverse traditions ad-

hered to in the 112 countries where more than 1,341 member schools offer the program. The credentials earned in this program are recognized for admission to colleges and universities throughout the world and for course credits or advanced placement at institutions in North America.

INTERNATIONAL BACCALAUREATE MIDDLE YEARS PROGRAM ACADEMY (IBMYP) [SCHOOL BASED PROGRAMS]:

The IBMYP program is designed for students aged 11–16 and is implemented in five grade levels, 6 through 10, as a preparation for the IB Diploma Program, but not a prerequisite. It is a comprehensive curriculum focused on interdisciplinary, thematic instruction which promotes making real world connections to the curriculum, international understanding, and responsible citizenship. Students are required to take eight subjects each year including: mathematics, science, social studies, Language A (usually the student's best language and the school's language of instruction in an advanced program of study), Language B (student's choice of a foreign language), fine arts, health, physical education and technology. Additionally, students complete a community service project. The IBMYP, like the Diploma Program, is based on the premise that education can foster understanding among young people around the world. Intercultural awareness is central to the program, to enable future generations to live more peaceful and productive lives.

MAGNET PROGRAMS [SCHOOL BASED PROGRAMS]:

HISD's Magnet School Plan is designed and implemented to provide programs whose quality and special focus will "attract" students to them voluntarily from across the district, and also increase the diversity of the student body. Students and parents throughout the district may choose from Magnet schools that offer a wide variety of programs (such as fine arts, extended day, math/science, Vanguard, and Montessori) in addition to a strong basic academic program. There are 103 schools with Magnet programs. Bus transportation is provided to students who reside more than two miles from the Magnet school.

Beginning with 2007–2008, the magnet program was reorganized into the following categories:

- **School-Wide Program (SWP)**

School-Wide-Programs, previously known as Add-On-Programs, are whole-school Magnet programs established at existing schools that have a specific attendance zone and are designed to serve all the students attending the school who qualify for the program’s specialty offering. All students who live within the attendance zone and/or attend the school will automatically participate in the Magnet program, they do not have to apply. Students not zoned to the school must apply; then they must be qualified for the specific program, be invited, return the entrance agreement, and enroll in accordance with current Magnet guidelines. SWPs are designed to serve all qualified students in the school. SWP’s are found only at elementary schools or at K – 8 campuses and all students are served except Pre-K students.

- **School-Wide Vanguard Program (SWVP)**

School-Wide-Vanguard-Programs are a variation of SWP’s. They are school -wide Magnet programs established at existing schools that have a specific attendance zone and are designed to serve all the students attending the school who qualify for the program’s specialty, gifted and talented education. All students who live within the attendance zone and/or attend the school will automatically participate in the Magnet program once it has been determined that the student qualifies as a gifted and talented student. Students not zoned to the school must apply; then they must be qualified for the specific program, be invited, return the entrance agreement, and enroll in accordance with current Magnet guidelines. SWVP’s are found at the elementary and middle school levels.

- **School-Within-a-School (SWAS)**

School-Within-a-School programs are Magnet programs es-

tablished at existing schools that have a specific attendance zone, but they are designed to serve only a subset of the school’s population. Students from throughout HISD must apply to be considered for any of these programs. Students then must be qualified for a specific program, be invited, return the entrance agreement, and enroll in accordance with current Magnet guidelines. SWAS programs are designed to serve only the students in the Magnet program. All students, not zoned and zoned, must apply to be considered.

- **Separate and Unique Schools (SUS)**

These Magnet programs are established on campuses that do not have an attendance zone. Students from throughout HISD may apply to the programs. Students then must be qualified for a specific program, be invited, return the entrance agreement, and enroll in accordance with current Magnet guidelines. SUS programs are designed to serve all the students in the school and have no zoned students.

MIGRANT EDUCATION PROGRAM [SCHOOL BASED PROGRAMS]:

A migratory child (ages 3–21) is a child who is, or whose parent, spouse, or guardian is, a migratory agricultural worker including a migratory dairy worker or a migratory fisher and who, in the preceding 36 months, in order to obtain, or accompany such parent, spouse, or guardian who seeks to obtain, temporary or seasonal employment in agricultural or fishing work because of economic necessity has moved from one school district to another. The federal funding for the Migrant Education Program (MEP) was authorized in 1967 and is funded through Title I, Part C of the No Child Left Behind Act. The purpose of the program is to assist states in providing educational programs to reduce the effect of educational disruptions and ensure that migratory children are provided with appropriate educational services that address their special needs and to meet the same challenging state academic content and achievement standards that all children are expected to meet. The MEP implements an individualized approach to supplemental, instructional, and support services for migrant students.

MULTILINGUAL PROGRAMS [SCHOOL BASED PROGRAMS]:

Students identified as limited English proficient (LEP) are provided instruction according to program placement recommendations made by the campus-based Language Proficiency Assessment Committee (LPAC). Students identified as LEP are served in one of the following programs: Traditional Bilingual, Developmental Bilingual, Two-Way Bilingual Immersion, Bilingual Cultural Heritage, or English as a Second Language program.

- **BILINGUAL AND ENGLISH AS A SECOND LANGUAGE (ESL)**
Bilingual/ESL programs are offered for native Spanish-speaking students who have been determined through the LEP identification process to be limited English proficient and who need to develop and enhance their English language skills. These Bilingual/ESL models consist of content instruction and support in Spanish, as well as, an intensive program of English instruction in all subject areas with instruction delivered through the use of ESL methodology commensurate with the student's level of English proficiency. The ESL program portion provides English-only instruction at both the elementary and secondary grade levels.
- **TRADITIONAL BILINGUAL PROGRAM (TBP):**
The TBP is a Bilingual Program model whereby LEP students receive primary language instruction for concept development while acquiring English. English instruction increases annually through grade 3. At grades 4–5, students who entered the program prior to grade 3 progress into the pre-exit phase of the program which emphasizes English instruction while maintaining introduction or reinforcement of concepts in the primary language. Students who entered the program at grade 3 or after, may remain in the bilingual program or progress into the pre-exit phase of the program based on LPAC recommendation. Students who meet program exit requirements anytime between grades 1–5 are reclassified as non-LEP and must be mainstreamed into the all English curriculum.

- **DEVELOPMENTAL BILINGUAL PROGRAM (DBP):**

The DBP is a Bilingual Program model whereby LEP students are allowed to fully develop and maintain their primary language while learning English. Language arts and content subjects are taught in the primary language in the early grades (PK–3). English instruction increases gradually throughout the elementary grades until reaching a level of proficiency in both languages that leads to a 50% primary language curriculum and a 50% English curriculum at grade 4. In grade 5, there is a 40% primary language curriculum and a 60% English curriculum. In grades 4–5, concepts can be introduced or reinforced in the non-target language. Students who meet program exit requirements anytime between grades 1–5 are reclassified as non-LEP but may remain in the program with parent permission.

- **TWO-WAY BILINGUAL/IMMERSION PROGRAM (TWBIP):**

The TWBIP is a Bilingual Program model whereby an equal combination of LEP and fluent English proficient (FEP) students are taught together in an effort to develop full bilingualism and bi-literacy for both groups. All participating students receive instruction in language arts and content subjects primarily in Spanish in the early grades (K–3), and gradually increase their English instruction until reaching a level of proficiency in both languages that leads to a 50% Spanish/ 50% English curriculum in grade 4. In grade 5, there is a 40% Spanish/60% English curriculum. In grades 4–5, concepts can be introduced or reinforced in the non-target language. Students who meet program exit requirements anytime between grades 1–5 are reclassified as non-LEP but may remain in the program with parent permission.

- **BILINGUAL CULTURAL HERITAGE PROGRAM (BCHP):**

The BCHP serves LEP students, who are speakers of Vietnamese, Arabic, Mandarin, and Urdu in grades PK-5/6. The program consists of primary language support for concept devel-

opment and cultural enrichment activities for heritage maintenance. The BCHP is imbedded within an intensive program of English language development using English as a Second Language methodology.

- **ENGLISH AS A SECOND LANGUAGE (ESL):**

English as a Second Language programs are offered for non-Spanish speaking elementary students identified as limited English proficient (LEP). This program is also offered for all secondary students identified as LEP. The program provides instruction in all subjects, focusing on the language arts—listening, speaking, reading, and writing—through the use of English as a Second Language methodology.

- **SUMMER LIMITED ENGLISH PROFICIENCY (LEP) PRESCHOOL [SCHOOL BASED PROGRAMS]: [ELEMENTARY]:**

The Summer LEP Preschool program is designed to provide students who are limited English proficient and who will be entering kindergarten or first grade in the fall with the opportunity to further develop their oral and literacy language skills and help prepare them for their first year in school. This tuition-free program must offer a minimum of 120 hours of bilingual or ESL instruction. Participation is on a voluntary basis.

NUMBER [TEACHER PROFILE]:

Number of teachers employed by HISD as of the last Friday in October for each of the years reported. Other professional staff (e.g., nurses and counselors) are not included.

OUT-OF-SCHOOL SUSPENSION [STUDENT OUTCOMES]:

Disciplinary removal from school is limited to three days; whereby a student may be suspended or removed from the regular classroom and placed in a District-Level DAEP (Disciplinary Alternative Education Program).

PROMOTED [STUDENT OUTCOMES]:

Percent of students promoted to the next grade at the conclusion of each school year. Multiply impaired students have been excluded from the calculation. Students' grade levels at the end of the previous school year were compared with their grade levels during the following school year. This calculation is based on the number of students identified in Chancery at the end of the previous school year and also enrolled during the following school year. Promotion rates were calculated for grades 1–8. N/A indicates that the data were not available.

PSAT/NMSQT [STUDENT ACHIEVEMENT]:

The Preliminary SAT (PSAT) is a national examination administered in October of each year by the College Board. The PSAT has three parts: critical reading, mathematics, and writing skills. The PSAT serves as preparation for the SAT Reasoning Test. One of the benefits that students receive is a report assessing their performance on the PSAT with suggestions to improve their skills. Another important benefit is that the PSAT serves as a qualifying examination for numerous scholarship programs that are sponsored by corporations, colleges and universities, and other organizations, including the National Merit scholarships. The percentage of all students tested in October of the school year is also reported.

PUBLIC EDUCATION INFORMATION MANAGEMENT SYSTEM (PEIMS):

PEIMS is a statewide data collection and reporting system operated by the Texas Education Agency. It includes extensive information on students, staffing, and school budget/finances, and serves as the fundamental database for many statewide reports on public education, such as the Academic Excellence Indicator System. The Fall PEIMS data submission date is the last Friday in October for each of the years reported. Except where otherwise noted, student and staff information in the 2008–2009 Profiles is taken from this PEIMS database.

RACE/ETHNICITY [STUDENT PROFILE]:

Percentages of ethnic/racial composition of the student population en-

rolled at the school as of the last Friday in October for each of the years reported. Prior to 2009–2010 the five categories required by the Texas Education Agency and used in the Profiles are:

- African American (not of Hispanic origin)
- Asian (Asian or Pacific Islander)
- Hispanic
- Native American (includes Alaskan)
- White (not of Hispanic origin)

Beginning with 2009–2010, the categories were changed to comply with the new requirements issued by the United States Department of Education. The new categories are:

- African American
- American Indian or Native American
- Asian (including Native Hawaiian or Alaskan Native)
- Hispanic
- White
- Two or More Races

RECOMMENDED DIPLOMA [STUDENT OUTCOMES]:

Number of students meeting the requirements of the Recommended Degree Program. Students receiving the degree complete mathematics and science courses that are more rigorous, and select either the Career and Technology Education sequence, mathematics/science specialization or specialization in state approved courses.

SAT [STUDENT ACHIEVEMENT]:

The SAT Reasoning Test (SAT) is a college-entrance exam developed by the College Board. The SAT provides a standard by which the skills of students applying for colleges and universities can be compared nationally. Standardized tests are designed to allow college admissions officers to judge all students by a common measuring stick. Standardized test scores compensate for the uncertainty surrounding high school grades, school-to-school differences, grade inflation, and teaching quality, for example. The SAT was redesigned for 2005, and

a writing section was included.

The average scale scores for critical reading, mathematics, and writing are reported for each school for the graduating class for each of the years reported. Also reported are the percentage of seniors who took the SAT and the percentage of those taking the SAT with a combined critical reading/math scale score equal to or above the criterion of 1100.

An asterisk (*) located in the SAT subsection of the Student Achievement section indicates that fewer than five students at a school were tested.

SCHOOLS ADMINISTRATIVE STUDENT INFORMATION (SASI) SYSTEM:

SASI was replaced as the primary student information system during the 2005–2006 year with the Chancery Student Management System.

SPECIAL EDUCATION [STUDENT PROFILE]:

Percentage of students at the school who are identified as eligible for special education services.

SPECIAL EDUCATION PROGRAMS [SCHOOL BASED PROGRAMS]:

Students with identified disabilities or impairments are provided instructional and related services according to individual programs developed by the Admission Review and Dismissal (ARD) Committee. Students meeting the eligibility criteria for one or more of the following categories are served by the district: deaf-blind, emotionally disturbed, hearing impaired, learning disabled, mentally impaired, physically impaired (orthopedic and other health impaired), speech impaired, visually impaired, autism, developmental delay, traumatic brain injury, and non-categorical early childhood.

Special Education Programs

Behavior Class	Regional Deaf Program
Behavior Support	Resource
Community Based Vocational Education	Resource/Content Mastery
Co-Teacher	Resource/Co-Teacher
Co-Teacher, PPCD	Self-Contained
Content Mastery	Speech
Content Mastery/Co-Teacher	Speech Therapy
Itinerant Teacher Services	Structured Learning Classroom
LARC	Structured Teaching Classroom (PPCD)
Life Skills	Visually Impaired Academic
Mainstream Instruction	Visually Impaired PPCD
Multiple Impairments	Vocational Adjustment
Pre-school Program for Children with Disabilities (PPCD)	Coordinator

STAFF [TEACHER PROFILE]:

Number of positions funded at each school for the following categories:

- Assistant Principals
- Counselors
- Educational Aides: Includes educational and interpreter aides.
- Other Professional Staff: Includes Librarian, Physical Therapist, Social Worker, Speech Therapist, Athletic Trainer, School Professional Support, Educational Diagnostician, Career and Technology Education Coordinator, and School Nurse

STANFORD ACHIEVEMENT TEST (STANFORD)

[STUDENT ACHIEVEMENT]:

Since 1996, HISD has used the Stanford Achievement Test Series to evaluate the progress of student achievement and to make comparisons to a national reference group using current and empirically derived normative information. The spring 2010 administration of the Stanford

10 represents the seventh administration of the Stanford Academic Test Series, Tenth Edition. The first administration was conducted in the spring of 2004. It was employed using the same methodology used to administer the Stanford 9 from the spring of 1999 to the spring of 2003. It should be noted that in 2009, Pearson, Inc. updated the Stanford Achievement Test Series, Tenth Edition (Stanford 10) to the 2007 norms. The previous Stanford 10 results used 2002 norms. This update caused a shift in the NPR and NCE scores, which is typical when a test changes norms. All data, and subsequent comparisons, utilize the 2007 norms created by Pearson so that a more approximate analysis can be made.

As a norm-referenced measure, the Stanford 10 provides a means of determining the relative standing of HISD students' academic performance when compared to the performance of students from a nationally representative sample. The Stanford 10 was designed to assess student achievement in reading, mathematics, language, environment/science, social science, spelling, study skills, thinking skills, and listening. Only reading, mathematics, language, environment/science, and social science NCEs are reported. The districtwide administration of the Stanford 10 occurred from January 20–28, 2010.

The normal curve equivalents (NCE) by grade and subject are presented in this report for non-Special Education students tested on the Stanford. It is used to compare student performance from year to year and across grade levels. Since NCEs are based on an equal-interval scale, they can be added, subtracted, and averaged. NCEs range from a low of 1 to a high of 99, with 50 denoting average performance for the grade.

Stanford Magnet Program results pertained to all students participating in a Magnet Program operated in the District during the 2008–2009 school year. Specifically, the results from students enrolled in one of following types of Magnet Programs used in the district, School Within a School (SWAS), School wide programs (SWP), Schoolwide Vanguard Programs (SWVP), and Separate and Unique Schools (SUS), were reported. At the district level through 2006–2007, only

SWAS were reported. Beginning with 2007–2008 combined SWAS and SWVP results were reported. The SWAS Magnet Programs served a selected group of students from the campus. The SWP, SWVP, and SUS Magnet Programs served all of the students at the campus where the Magnet Program was implemented. Due to the reorganization of the Magnet Schools, Stanford 10 results beginning with 2007–2008 cannot always be compared to previous years' results, particularly SWP and SWVP schools. Additionally, 2009 Stanford 10 results for Magnet Schools were based on the 2007 norms and previous years' results used 2002 norms.

An asterisk (*) located in the Stanford Achievement Test subsection of the Student Achievement section indicates that fewer than five students were tested.

TEACHERS BY PROGRAM [TEACHER PROFILE]:

Number of teachers are categorized by position funding source. Funding sources include regular education, bilingual/ESL, compensatory education, special education, gifted/talented education, career and technology education, and other. Percentages are expressed as a percent of total number of teachers.

TEXAS ASSESSMENT OF KNOWLEDGE AND SKILLS (TAKS) [STUDENT ACHIEVEMENT]:

The Texas Assessment of Knowledge and Skills (TAKS) is the criterion-referenced assessment program based on the state's essential elements with subtests in reading/English language arts, writing, mathematics, science, and social studies which replaced the Texas Assessment of Academic Skills (TAAS) test in 2002–2003. Results for all students required to take the test are presented beginning with the 2004–2005 school year. All students are required to take the TAKS test with two exceptions including students required to take the TAAS test to meet their graduation requirements and those who are exempt from it and are tested on an alternative instrument as dictated by their Individual Education Plan (IEP). The reading subtest is administered to grades 3–9 and the mathematics subtest to grades 3–11 in English.

The Spanish reading and mathematics subtests are administered to grades 3–6. The English language arts subtest is administered to grades 10 and 11 (Exit). The writing subtest is administered to grades 4 and 7 in English and to grade 4 in Spanish; science is administered to grades 5, 10, and 11 (Exit) in English, and grade 5 in Spanish; and social studies is administered in English to grades 8, 10, and 11 (Exit). Grade 8 science was added in 2005–2006.

All tests are administered at the same time each school year in the spring with the exception of the third grade reading and fifth and eighth grade reading and mathematics subtests which were administered twice in the spring and at the end of Summer School through 2008–2009. In 2009–2010 only fifth and eighth grade reading and mathematics were administered twice in the spring and at the end of Summer School. First administration results are presented for these subtests. The state phased in higher passing standards at grades 3–10 each year on the new test up to the panel recommended standard in 2004–2005. The eleventh grade passing standard began at 2 SEM in 2002–2003, was raised to 1 SEM in 2004–2005, and was set at the panel recommended standard in 2005–2006. The passing standard for the 2005–2006 grade 8 science test was 2 SEM the first year it was administered. It was phased in to the panel recommended standard during the next two years.

The TAKS Magnet Program results pertain to all students participating in a Magnet Program operated in the District during the 2008–2009 school year. Specifically, the results from students enrolled in one of following types of Magnet Programs used in the district, School Within a School (SWAS), School wide programs (SWP), Schoolwide Vanguard Programs (SWVP), and Separate and Unique Schools (SUS), were reported. At the district level through 2006–2007, only SWAS were reported. Beginning with 2007–2008, combined SWAS and SWVP results were reported. The SWAS Magnet Programs served a selected group of students from the campus. The SWP, SWVP, and SUS Magnet Programs served all of the students at the campus where the Magnet Program was implemented. Due to the reorganization of

the Magnet Schools, TAKS results beginning with 2007–2008 cannot always be compared to previous years' results, particularly SWP and SWVP schools.

An asterisk (*) located in the TAKS subsection of the Student Achievement section indicates that fewer than five students were tested.

TEXAS SCHOLARS [STUDENT OUTCOMES]:

Number of students meeting the diploma requirements for the state-wide program designed to encourage students to enroll in more demanding classes that prepare them for acceptance in accredited colleges. To meet the requirements of this program, students must complete prescribed sets of courses, assignments, and other criteria specified for the recommended or distinguished achievement high school degree programs.

TITLE I [STUDENT PROFILE]:

Percentage of students receiving instructional and/or support services through the federally-funded Title I program. Supplemental instruction includes reading, language arts, mathematics, and bilingual/ESL.

VANGUARD MAGNET [SCHOOL BASED PROGRAMS]:

The Vanguard program is a Magnet program designed to serve gifted and talented students. As a Magnet program, Vanguard must adhere to Magnet procedures with respect to the admissions process. The Vanguard (G/T) Magnet program provides a curriculum that has been modified in depth, complexity, and pacing from the general school program to meet the specific needs of the gifted/talented. Students are provided an array of learning opportunities that emphasize content in the four core academic areas. All Vanguard programs follow state and district policies with regard to assessment and identification of G/T students.

The programs are operated as a School-Within-A-School program at the majority of locations.

VANGUARD NEIGHBORHOOD K-12 (VN)

[SCHOOL BASED PROGRAMS]:

The Vanguard Neighborhood G/T program serves gifted and talented elementary, middle and high school students in their neighborhood schools. The programs provide a learning continuum that reinforces the strengths, needs, and interests of G/T students. The Vanguard (G/T) Neighborhood program provides a curriculum that has been modified in depth, complexity, and pacing from the general school program to meet the specific needs of the gifted/talented. Students are provided an array of learning opportunities that emphasize content in the four core academic areas. All Vanguard programs follow state and district policies with regard to assessment and identification of G/T students.
