- **Additional Concerns/Comments:**
A committee member asked what Principal Casler's vision of the SDMC looks like. His vision is to present what is going on with the school and an open forum to communicate with the school team.
In the prior board meeting the preliminary funding recommendations were created. They are being put on hold until we have the final 2018-19 budget.
A STEM planning committee has been formed this year and looking at best practices for continuing our STEM based projects.
