MEMORANDUM July 16, 2018

TO: Board Members

FROM: Grenita Lathan
Interim Superintendent of Schools

SUBJECT: **DISTRICT AND SCHOOL RESULTS FROM THE SPRING 2018 STAAR ASSESSMENTS FOR GRADES 3 THROUGH 8**

CONTACT: Carla Stevens, (713) 556-6700

In spring 2015, over 90,000 HISD students in grades 3 through 8 took the State of Texas Assessments of Academic Readiness, or STAAR, assessments in reading, mathematics, writing, science and social studies. At grades 3-8, all students are tested in mathematics and reading. Students are also tested in writing at grades 4 and 7, science at grades 5 and 8, and social studies at grade 8.

This report provides the results for the spring 2018 assessments of STAAR, STAAR Spanish, and STAAR Alternate 2 for Students with Disabilities.

STAAR Exam Versions

There are two versions of the STAAR exams offered to students in grades 3–8:

- **STAAR** is available to all students in grades 3–8 who do not qualify for the STAAR Alternate 2 assessment. A Spanish version is available for grades 3–5.
    - The STAAR test now includes accessibility features and designated supports for students. Subsequently, the STAAR L (Linguistically Accommodated) and A (Accommodated) test versions are no longer administered.
    - To comply with HB 743, TEA shortened each STAAR test in grades 3–8 by 5 to 14 questions. The reductions did not change the tested curriculum, scale scores, or performance standards.
- **STAAR Alternate 2 (STAAR Alt. 2)** is an assessment for students in grades 3–8 with significant cognitive disabilities receiving special education services.

To provide more accurate year-to-year comparisons, previous STAAR administration results have been updated to include STAAR L and A test versions.

Key Findings:

- The percentage of HISD students scoring at or above the Approaches Grade Level Standard increased from 2017 to 2018 in Reading, Mathematics, Science, and Social Studies and decreased in Writing (STAAR English only).
- HISD performance at or above the Approaches Grade Level Standard is lower than that of the state across all subjects and grade levels (STAAR English only).
- HISD showed increases in twelve of seventeen grade/subject assessments while the state showed improvements in eleven grade/subject assessments at or above the Approaches Grade Level Standard (STAAR English only).

- The percentage of HISD students scoring at or above the Approaches, Meets, and Masters Grade Level Standards increased from 2017 to 2018 in Reading, Mathematics, and Social Studies. Science showed increases at or above the Approaches and Masters Grade Level Standards while staying flat at the Meets Grade Level Standard. Writing performance decreased at the Approaches Grade Level Standard, remained flat at the Masters Grade Level Standard, and increased at the Meets Grade Level Standard (STAAR English and Spanish combined).
- The district had higher percentages of Asian and White students scoring at or above the Approaches Grade Level Standard than African-American or Hispanic students across all grade levels and subjects. The gaps have closed slightly in Reading and Mathematics and increased in Writing (STAAR English and Spanish combined).
- The percentage of economically disadvantaged students in grades 3–8 combined scoring at or above the Approaches and Meets Grade Level Standards increased in Reading, Mathematics, and Social Studies between 2017 and 2018 (STAAR English and Spanish combined).

Administrative Response to the 2018 STAAR results for grades 3–8:

Elementary Curriculum and Development
In response to the grades 3–5 STAAR results, Elementary Curriculum and Development commits to the following:

- Analyzing elementary campus best practices and efforts that resulted in elementary campuses making double digit gains in reading and mathematics.
- Elementary Teacher Development Specialists will continue to provide intense job embedded coaching and interventions on Achieve 180 and prioritized elementary campuses in each geographic area.
- Elementary Curriculum and Development summer professional development and curriculum enhancements will target the following:
    - Vocabulary and oral language skills will be emphasized as a prerequisite for reading comprehension.
    - Sheltered instruction strategies will be embedded in training modules in an effort to build capacity of teachers in reaching their second language learners.
    - Active and supported listening, speaking, reading, writing, and critical thinking will be blended as interdependent components of literacy.
    - Amount of time reading authentic literature will increase by encouraging students to read books they can and want to read. Students become more proficient readers by reading.
    - A clear instructional focus based on assessment will be apparent during small group reading instruction.
    - Develop additional professional development for Informational Texts (including science and social studies content). This continues to be an area of growth for teachers and students in the district.
    - Embedding literacy and sheltered instruction strategies in math classrooms will lead to an increase in comprehension, critical thinking, and authentic learning opportunities.
    - Emphasize checks for understanding and hands-on learning for elementary math small-group instruction.

- Provide August preservice training with a heavy emphasis on researched based best practices to support effective writing instruction.
- Provide new teacher curriculum, instruction, and assessment trainings to effectively implement HISD curriculum, initiatives, and research-based best practices as part of the New Teacher Academy and summer elementary curriculum campus.
- Facilitate additional ongoing literacy training for the elementary principals and other campus leaders to deepen small group guided reading instruction along with increased expectations and strategies to effectively implement, support, and monitor effective writing instruction.
- Continue to align, calibrate, and partner with School Offices and other Academics Departments to disaggregate data to identify campuses that are successfully closing achievement gaps among various demographic groups. Best practices will be documented and shared.

Secondary Curriculum and Development
While some gains were noted on this year's results, 7th grade writing was clearly represented as an area of high need for improvement.

Writing will continue to be a priority area of focus for the 2018–2019 school year. Increased opportunities for teacher development will be provided and customized based on geographic area and campus need. Additionally, increased resources will be provided to campuses in order to support the development of teachers as writers, and to support calibration efforts around writing samples. Specifically, this includes the new "Writing Toolkits" which provide teachers and leaders with student samples, anchor papers, rubrics, and calibration resources for all four core content areas.

District-wide writing samples will be gathered (in samples) twice during the 2018–2019 school year in order to inform professional learning and further resource development. Early release professional learning days will offer development opportunities to plan for high-level instruction, literacy integration across the core contents, and data-driven instruction in order to increase student achievement and build literacy.

Schools Office
- The Schools Offices are presently dissecting data to identify campus exemplars who exhibit excellence in academic performance. Best practices will be identified and shared with campuses throughout the 2018-2019 school year.
- The Schools Offices will continue to perform ongoing progress monitoring in collaboration with school leadership teams through analysis of formative assessment data and goal progress reviews throughout the 2018-2019 school year.
- In collaboration with school leadership teams, the School Office teams will assist feeder patterns in systematically reviewing their accountability and formative assessment data for the 2017-2018 school year to identify trends and key areas for development throughout feeder patterns. Targeted support and development will be provided based on identified areas of weakness and need.
- The Schools Offices will continue to partner with the Interventions Department to provide professional development and support on effective tiered intervention, Intervention Assistance Team (IAT) facilitation, referral process, as well as successful navigation of the Response to Intervention (RTI) framework.

- Schools Offices will place increased emphasis on effective utilization of Renaissance 360, Imagine Learning, and Read to Achieve. Professional development sessions and additional layers of support will be provided as needed to support campus implementation.
- The Schools Offices will continue to facilitate feeder pattern conversations between elementary and middle schools to mitigate the academic performance declines in scores at the 6th grade level. In addition, the Schools Office will partner with the Social and Emotional Learning Department to identify keys areas of support to provide to 5th grade students and elementary campuses, as well as 6th grade students and middle school campuses, to ensure that the particular socioemotional developmental needs of students are better met preceding and directly following students' transitions from elementary to middle school.
- The Schools Offices will continue to support struggling campuses through the Achieve 180 program. Wednesday professional development is being designed to share what is needed at just the right times. Community of Practice walks will help identify areas of struggle and provide the supports needed to address these areas. Collaboration with various departments will provide the appropriate supports for each campus need.
- The Schools Offices, during monthly principal's meetings, provided structured professional development to principals around intervention, master schedule, coaching effective teachers, etc.
- During the Professional Learning Series (PLS), leaders and staff were given an opportunity to reflect on and share the practices that were instrumental in the success of each campus. Through the filters of literacy, data systems, and social emotional learning, administrators began the process of sifting through their school systems to identify areas to strengthen in each category for the 2018-2019 school year. Logic models were used as a visual approach to present and share understanding of the programs, available resources, activities, and the changes or results leaders hope to achieve.
- Lead4ward training will be expanded and used by more campuses and departments to successfully implement the tools that have been created to strengthen student achievement and closing the opportunity gap between demographic subgroups.
- The Schools Offices will work closely with Student Assessment and data coaches to ensure consistency of facilitation of campus level data Professional Learning Communities (PLCs) and staff development.

Office of Special Education Services (OSES)

For 2017-2018, OSES reorganized into the areas of instruction, compliance, and behavior to provide targeted supports to campuses. OSES leadership participated in Instructional Rounds with Area Superintendents and School Support Officers (SSOs), which was beneficial in supporting outcomes for students with disabilities. OSES worked closely with Student Assessment to train staff and monitor the administration of STAAR Alternate 2. Efforts were focused on providing support for students through reading and math interventions. The OSES worked with the Schools Offices more closely to ensure all students received quality instruction. To address equity in the provision of Special Education services across areas and campuses, the OSES leadership team collaborated with the Schools Offices to relocate some self-contained Special Education services.

For 2018-2019, the OSES is committed to providing targeted and timely supports to campuses in the areas of academics, behavior, and compliance. Through the development of the OSES Three-Year Strategic Plan, a robust professional development plan has been created to not only expand the knowledge of special education teachers, but also strengthen the advocacy skills of

parents, while partnering with general education teachers and campus leaders. Training will focus on the collaboration needed between special and general education teachers to ensure students are accessing the general education curriculum, with all supports needed, to the maximum extent appropriate. Another focus is building upon the model class framework developed for Structured Learning Classes (SLCs) this past school year. Professional development that focuses on strategies for working with students with autism will be available for staff campus-wide. Universal Design for Learning will also continue to be a focus districtwide.

To increase the effectiveness of the Full and Individual Evaluation (FIE), the evaluation staff is committed to providing a comprehensive report to provide Admissions, Review, and Dismissal (ARD) committees with clear recommendations to inform instruction. Professional development will be delivered by evaluation personnel paired with program specialists to train Special Education teachers to interpret data provided in the FIE for the purpose of informing Individual Education Plan (IEP) goals and targeting instruction by deficit areas. The teams will also partner to provide professional development related to the new STAAR Alternate 2 guidelines. OSES leadership will provide oversight to ensure the new regulations are routinely discussed at ARD/IEP meetings and documented appropriately. Additionally, the OSES leadership team will monitor universal screener participation for students with disabilities and track results at tested intervals.

To build on the current academic growth, administrators will receive Professional Development on Improving Outcomes for Struggling Students in Elementary ELAR and Math and The Power of Two: Implementing Best Practices in Co-teaching Facilitation, specifically. Campus leadership teams will receive guidance on the look-fors in self-contained classes to appraise teachers and ensure quality instruction. The newly formed parent advisory group will help inform the work of the department as we look to increase the usage of digital resources at home.

To increase teacher quality and effectiveness, OSES is partnering with teacher recruitment to help inform hiring decisions for Special Educators at the campus level. The Certification Office is also working with senior managers to confirm that all teachers are properly credentialed for their current assignments.

While students with disabilities have shown growth in some areas, there remains a lot of work to do. Through partnerships with other departments and increased parent advocacy and support, students with disabilities will continue to see gains.

Office of Special Populations
Interventions Office: 2017-2018

The Interventions Office provided campuses with support from an IAT Manager that worked closely and consistently with campuses to ensure that tiered instruction occurred, and that Interventions Assistance Teams were meeting regularly to review students' data and develop plans for students exhibiting gaps in their learning. The Interventions Office also provided guidance on analyzing and interpreting Universal Screener results and Instructional Planning reports to build interventions plans specific to student needs. Progress monitoring tools, guidance and protocols were also provided to ensure that students in need of intervention

consistently made progress throughout the year. The percentage of students achieving Approaches Grade Level Standard increased for almost all content areas and grade levels. Some of the contributing factors include:

- IAT site visits at least once every six weeks which included intervention walks to give feedback about implementing targeted interventions in addition to meeting with campus leaders and providing guidance around IAT.
- Exemplars and templates for scheduling interventions and small group rotations.
- Intervention resources for reading and math via the Interventions HUB course.
- Explicit guidance for specific reports to leverage to identify Tier 2 & 3 such as the Renaissance growth report, instructional learning report, diagnostic report, and goal setting in Renaissance.

Interventions Office: 2018-2019

We will include the following in our department's support for the next school year:

- Partnering with other branches under Special Populations to address student groups with greatest need: economically disadvantaged, English Language Learners (ELLs), and students with disabilities.
- Assist with the implementation of data protocols and tracking that include disaggregation by subgroup for each assessment or diagnostic tool.
- Continue to coordinate with Student Assessment to message data best practices and the use of Renaissance and On Track.
- Leadership teams receive scheduling guidance during the summer months to begin the year with interventions before school starts.
- Create a network among campuses to share successful IAT and RTI best practices.
- Streamline our documentation to minimize administrative work to focus on instruction.
- A targeted reading intervention program for secondary campuses "Read to Achieve."
- An acceleration and intervention program for overaged middle school students.

Advanced Academics:

While Gifted and Talented (GT) students far exceed the general population at the Approaches Grade Level Standard, the percentage of GT students performing at the Meets and Masters grade level is significantly lower than the percentages for Approaches grade level.

For the 2018–2019 school year, the Advanced Academics department will add the following support:

- Data tracking tools specific to monitoring mastery for GT students.
- Training by content for all teachers to provide strategies and tools for enhancing critical thinking.
- Partnership with the curriculum departments to provide training around the use of thinking maps to enhance critical thinking skills.
- A walkthrough checklist for administrators that includes clear guidance for observing instruction for GT students.

Should you have further questions, please contact Carla Stevens in the Department of Research and Accountability at (713) 556-6700.

District and School Results from the State of Texas Assessments of Academic Readiness (STAAR) Grades 3–8, Spring 2018

In spring 2018, over 90,000 HISD students in grades 3 through 8 took the State of Texas Assessments of Academic Readiness, or STAAR, assessments in reading, mathematics, writing, science and social studies. STAAR is the state testing program that was implemented in the 2011–2012 school year. The Texas Education Agency (TEA), in collaboration with the Texas Higher Education Coordinating Board (THECB) and Texas educators, developed the STAAR program in response to requirements set forth by the 80th and 81st Texas legislatures. STAAR is an assessment program designed to measure the extent to which students have learned and are able to apply the knowledge and skills defined in the state-mandated curriculum standards, the Texas Essential Knowledge and Skills (TEKS).

At grades 3–8, all students are tested in mathematics and reading. Students are also tested in writing at grades 4 and 7, science at grades 5 and 8, and social studies at grade 8.

STAAR Exam Versions

There are two versions of the STAAR exams offered to students in grades 3–8:

- **STAAR** is available to all students in grades 3–8 who do not qualify for the STAAR Alternate 2 assessment. A Spanish version is available for grades 3–5.
    - The STAAR test now includes accessibility features and designated supports for students. Subsequently, the STAAR L (Linguistically Accommodated) and A (Accommodated) test versions are no longer administered.
    - To comply with HB 743, TEA shortened each STAAR test in grades 3–8 by 5 to 14 questions. The reductions did not change the tested curriculum, scale scores, or performance standards.
- **STAAR Alternate 2 (STAAR Alt. 2)** is an assessment for students in grades 3–8 with significant cognitive disabilities receiving special education services.

To provide more accurate year-to-year comparisons, previous STAAR administration results have been updated to include STAAR L and A test versions.

STAAR Administrations

The STAAR assessment calendar is shown below and it displays the various districtwide tests administered during the spring of 2018 for students enrolled in grades 3–8. All STAAR tests have a four-hour time limit; however, students who meet eligibility criteria may have accommodations for extra time or an extra day.

2016-2017 STAAR ASSESSMENT CALENDAR
Grades 3-8, Spring 2018

Test Date(s)	STAAR Subject	Grade Levels
April 10, 2018	Writing Mathematics	Grades 4 and 7 Grades 5 and 8
April 11, 2018	Reading	Grades 5 and 8
May 14, 2018	Mathematics	Grades 3, 4, 6, and 7
May 15, 2018	Reading	Grades 3, 4, 6 and 7
May 16, 2018	Science	Grades 5 and 8
May 17, 2018	Social Studies	Grade 8

Figures and Tables:

- **Tables 1–3** provide two-year comparisons between HISD and state results for STAAR English and two-year comparisons for HISD for STAAR English and Spanish combined.
- **Tables 4a and 4b** present two-year gap analyses between student groups by economic status.
- A detailed look at the number of special education students by test version is presented in **Table 5**.
- **Figures 1–18** provide STAAR performance comparisons by grade, subject, race/ethnicity, student group (students with disabilities, English language learners, gifted and talented, economically disadvantaged), and test version (STAAR English, Spanish, and Alternate 2).
- **Figures 19–21** present STAAR progress measure performance of students in reading and mathematics on the English and Spanish assessments.
- **Figures 22–24** present STAAR progress measure performance of students whose prior year performance on the same subject and previous grade level did not meet the Approaches Grade Level Standard.
- **Figure 25** provides percentile performance based on the performance of all Texas students who took the test last year.
- **Appendices A-F** provide campus listings of results with multiple comparisons based on test versions and student groups.
- Back pages of the report provide two years of available data by campus.

Key Findings for STAAR English:

- The percentage of HISD students scoring at or above the Approaches Grade Level Standard increased from 2017 to 2018 in Reading, Mathematics, Science, and Social Studies and decreased in Writing. **(Tables 1–3)**
- HISD performance at or above the Approaches Grade Level Standard is lower than that of the state across all subjects and grade levels.
- HISD showed increases in twelve of seventeen grade/subject assessments while the state showed improvements in eleven grade/subject assessments at or above the Approaches Grade Level Standard. (Tables 1–3)
- The 2018 district STAAR first administration Reading results at or above the Approaches Grade Level Standard increased (63% to 66%) when compared to 2017. Grades 3, 4, 5, 6, and 8 results increased for the same period (five, one, six, three, and two percentage points, respectively). Grade 7 results showed no change for the same period. (Table 1)
- The 2018 district STAAR first administration Mathematics results at or above the Approaches Grade Level Standard increased (69% to 72%) when compared to 2017. Grades 3, 4, 5, 6, and 8 results increased for the same period (two, five, three, two, and five percentage points, respectively), while Grade 7 results remained flat. (Table 2)
- There was a five percentage point decrease (61% to 56%) in district writing performance at or above the Approaches Grade Level Standard between 2017 and 2018. Grades 4 and 7 decreased four and six percentage points respectively. (Table 3)
- District science performance at or above the Approaches Grade Level Standard stayed consistent at 67%. (Table 3)
- Grade 8 social studies performance at or above the Approaches Grade Level Standard increased one percentage point between 2017 and 2018 (53% to 54%). (Table 3)

Key Findings for STAAR English and Spanish Combined:

- The percentage of HISD students scoring at or above the Approaches, Meets, and Masters Grade Level Standards increased from 2017 to 2018 in Reading, Mathematics, and Social Studies. Science showed increases at or above the Approaches and Masters Grade Level Standards while staying flat at the Meets Grade Level Standard. Writing performance decreased at the Approaches Grade Level

Standard, remained flat at the Masters Grade Level Standard, and increased at the Meets Grade Level Standard. **(Figure 1)**

- The district had higher percentages of Asian and White students scoring at or above the Approaches Grade Level Standard than African-American or Hispanic students across all grade levels and subjects. The gaps have closed slightly in Reading and Mathematics and increased in Writing. **(Tables 4a and 4b and Figures 6 and 7)**
- The percentage of English Language Learners (ELLs) in grades 3–8 combined scoring at or above the Approaches and Meets Grade Level Standards increased or stayed the same in Reading, Mathematics, Science, and Social Studies but decreased at the Approaches Grade Level Standard in Writing between 2017 and 2018. **(Figure 10)**
- The percentage of economically disadvantaged students in grades 3–8 combined scoring at or above the Approaches and Meets Grade Level Standards increased in Reading, Mathematics, and Social Studies between 2017 and 2018. **(Figure 15)**
- The percentage of students in grades 4–8 combined achieving Expected or Accelerated Progress increased in Reading (57% to 63%) and stayed the same in Mathematics (62%) from 2017 to 2018. **(Figure 19)**

HISD - All Students

Source: TEA-ETS STAAR Student Data File, April 2017; 1st Administration Only
Notes: Excludes STAAR Alt 2 Tests. Percentile Performance is based on the performance of all Texas students who took the test last year.
For grades and subjects with multiple administrations, 1st administration results are used.
Excludes STAAR Alt. 2 Test.
