SUBJECT: **2011–2012 STAAR GRADES 3–8 RESULTS: PHASE-IN STANDARDS**

The spring 2012 State of Texas Assessments of Academic Readiness (STAAR) results have arrived indicating passing scores based on standards released recently by the Texas Education Agency. At grades 3–8, students are tested in mathematics and reading. Students are also tested in writing at grades 4 and 7, science at grades 5 and 8, and social studies at grade 8. Since this is the first year that the STAAR was administered, previous years' results are not available for comparison. Results for 2011–2012 for all students who took the STAAR English and Spanish, STAAR L (Linguistically Accommodated), STAAR Modified, and STAAR Alternate results will be provided in the complete report which will be published in February.

**Figure 1** shows the percent of students who met the initial phase-in standard for Level II (Satisfactory) by grade level and subject for spring 2012. This figure includes results from the STAAR combined English and Spanish test versions.

**Table 1** compares the passing rates between the State and HISD for the **English** version of the 2011–2012 STAAR for grades 3–8.

**Appendix A** shows the number tested, the average scale scores, the percent of students who met Level II (Satisfactory) and Level III (Advanced) by grade level and subject for each elementary and secondary campus. The appendix includes results from combined English and Spanish STAAR. Campuses are sorted alphabetically by school level (elementary or secondary), and Apollo 20 campuses are highlighted in green. A detailed report will be available within 20 working days. Should you have further questions, please contact my office or Carla Stevens in the Department of Research and Accountability at 713-556-6700.
