

District Advisory Committee (DAC) 2017

The District Advisory Committee (DAC) is comprised of members who are classroom teachers and other district professionals. The classroom teachers include representatives from Elementary, Middle and High Schools. The ratio is 2/3 classroom teachers and 1/3 other professionals, plus one special education representative. School Board members also appoint representatives to the DAC. These representatives will include parents and/or community representatives. The members of the 2017 District Advisory Committee are listed below.
