- Graduate from your home campus with industry-recognized certifications or dual credits through a local community college.

Go to HoustonISD.org/Jordan, call 713-636-6900 or visit your counselor today!
At Barbara Jordan Career Center, students will be ready for careers after high school or be prepared for additional education in the following fields:

### AUTOMOTIVE TECHNOLOGY
- Learn how to diagnose, maintain, and repair basic and advanced automotive systems.
- Earn an ASE student-level certification.
- Practice advanced automotive technology that is currently used in the field.

### GOVERNMENT AND DIPLOMACY
- Take field trips to departments in the City of Houston.
- Attend presentations by embassy or foreign service officials.
- Participate in a partnership with Texas Southern University and the Barbara Jordan/Mickey Leland School of Public Affairs to explore careers in government and public service.

### CHILD DEVELOPMENT
- Learn how to plan an educational and developmental program for young children by working in our state-of-the-art facility.
- Learn about nutrition and safety for young children as you explore careers related to child care and development.
- Earn a certificate in Child Development.

### CONSTRUCTION TECHNOLOGY
- Gain experience by working in the lab and with professionals at worksites on various skills, such as brick masonry, earning an industry-recognized certification through NCCER.
- Get hands-on experience using a construction management computer simulator.
- Learn how to use and operate Computer-Aided-Design (CAD) software to enhance technical skills.

### HEALTH SCIENCE
- Gain exposure to the health care system by learning the history of medicine, safety practices used by medical professionals, communication skills, ethics, and leadership skills.
- Get classroom, laboratory, online, and internship experiences to work in various health care settings.
- Provided the opportunity to earn one or more industry-recognized certifications, such as EKG Technician or Patient Care Technician.

### MARKETING
- Travel and compete in various DECA events.
- Participate in field trips, such as Rockets Day, Dynamo Day, and Houston Astros Day, to learn about sports marketing.
- Meet and interact with local entrepreneurs to gain insight about today’s market and demands.

### PROCESS TECHNOLOGY
- Learn about safety, health, and environmental standards used in oil and gas production plants.
- Learn how to operate process control equipment such as analyzers, flow indicators, pressure alarms, and pressure control valves.
- Earn credits toward a certification in Process Technology at HCC.

### COOKING ARTS
- Learn skills and techniques to prepare for a career in cooking, baking, catering or restaurant management.
- Earn a ServSafe certificate, a national food safety and sanitation certification, to stay a step ahead of other potential job seekers.
- Eat what you cook.

### COSMETOLOGY
- Gain real-world experience by providing the community with student salon services.
- Earn the opportunity to test for an operator license upon graduation through the Texas Board of Cosmetology.
- Participate in competitions to enhance hands-on and technical skills, such as Skills USA.

### PROCESS TECHNOLOGY
- Learn about safety, health, and environmental standards used in oil and gas production plants.
- Learn how to operate process control equipment such as analyzers, flow indicators, pressure alarms, and pressure control valves.
- Earn credits toward a certification in Process Technology at HCC.

### WELDING
- Perform a combination of simulation, real-life, and hands-on welding.
- Participate in field experiences to enhance classroom learning and to seek internships or possible job opportunities.
- Earn an industry-recognized certification through NCCER.
