   c. The principal and other PAT members mentioned that some parents did not like the one on one format after the presentation and would have preferred to be able to ask questions during the presentation.
   d. The PAT also wanted to point out that some of the One World workers were rude to student volunteers and raised their voices to the students.
   e. The PAT noted that they have received positive feedback on the layout and building design and that "everyone loves the design".

2. Review of Drawings Updated:
   a. RdlR mentioned that SD was completed and would be submitted to HISD within one week once they received a cost estimate.
