AGENDA:
• The purpose of this meeting is to receive an update on the building construction, community meeting results and LEED credit for school as a teaching tool.
• Discussion of the Community Meeting. Review current status of the work in progress.
• What to expect at the next PAT meeting
DISCUSSION:

1. LEED Certification, School as a Teaching Tool
   Mr. Koon no longer teaches at North Forest HS. Kwame proposed to use the proposal from Worthing HS. Dr. Fernandez agreed. Since the teacher teaching this course has left HISD and the same course is taught at Worthing the same information can be used.

   July 13, 2015 3:00 p.m.
   August 10, 2015 3:00 p.m.

Discussion of community Meeting
   Kwame reported low turnout at the meeting and said that HISD might want another community meeting in the Fall.
   
   Only two questions were asked. The first was whether North Forest would have a culinary program. The answer to this is no.
   
   The second question was if students could take college credit courses at North Forest. The answer is currently no but that may change. The school is looking into the possibility of having this as an option.
   
   There were no other questions and the person asking the questions did not identify themselves.

Review of the current project work in progress
   B3Ci shared that soil stabilization is underway and building pad will follow soon

ACTION ITEMS:
