It is the policy of the Houston Independent School District not to discriminate on the basis of age, color, handicap or disability, ancestry, national origin, marital status, race, religion, sex, veteran status, political affiliation, sexual orientation, gender identity and/or gender expression in its educational or employment programs and activities.
EXECUTIVE SUMMARY

Welcome to the revised and expanded Houston Independent School District (HISD) Family and Community Engagement (FACE) 2016 Community Resource Guide. Its primary intended audiences are administrators and teachers in the HISD and the parents, guardians, families, and communities they serve.

Structure and Organization

In its third edition, the 2016 Community Resource Guide now includes 41 topics and 735 profiles. The profiles encompass 350 unique organizations. A profile is the total description of an entry. An entry is an organization and its total profile under a given topic. A topic is the total collection of profiles for a specific area of interest. The Guide consistently uses 15 headings as prompts for information. A heading is a specific question of interest and it is repeated across all entries and within all topics.

Methods Used

In identifying possible topics and profiles for this new, revised edition of the Guide, HISD FACE staff members:

1. Used service providers’ websites as the primary information resource.
2. Consulted Guidestar and organizations’ IRS Form 990s for contact and communication information.
3. Sent emails with questions to selected organizations for which there were gaps in information.
4. Made phone calls to selected organizations for which there were also gaps in information.
5. Reviewed successive drafts to assess quality, completeness, and ease of use.
6. Included a Product Evaluation Form for feedback from schools, families, and other users.

Origins and Attributes

Under the leadership of Assistant Superintendent, Dr. Jorge Arredondo, an eight-person team contributed to developing the 2016 Community Resource Guide: Dr. Elizabeth Cocina, Carmen Acevedo, Victoria Graham, Gabriella Hernandez, Walter Simpson, Rony Canales, Valeria Schillaci, and Jeffrey Smith. The Guide traces its lineage to such trailblazers as Harris County’s Community Youth Services Program and the United Way of Greater Houston, but it also differs from them in significant ways: (1) The Guide’s area of focus is on HISD and Houston, not on a broader geography; (2) information summary tables precede the profiles for each topic; (3) through the headings used in its service provider profiles, the Guide presents answers for a consistently defined set of questions; (4) wherever possible, it includes contact names, local bus and METRO rail transit routes, and the languages in which information and/or services are available; (5) the Guide identifies four ways to get information about community resources: phone, fax, email, and website; (6) the Guide also indicates whether services are available onsite at public schools and it briefly describes available services; and (7) the Guide is available in single-topic and comprehensive print versions and as a searchable online database.

Disclaimer

This revised Guide is intended to be a quick reference resource for HISD schools and families. Inclusion in it does not denote endorsement or recommendation. Please send information about new resources, as well as any updates, corrections, and comments to jsmith55@houstonisd.org.

Evaluation Form

A two-page Product Evaluation Form appears at the end of this Guide. We would welcome your feedback!
